LOCAL LEADERS.

SUBSCRIBE for the Church and Home.

SUMMER.—The warm weather brings canvas shoes and croquet to the surface.

Gen. J. B. Weaver, of Iowa, is the Presidential nominee of the National Greenback Convention.

Gov. Seymour, of New York, asserts emphatically that he is not a candidate for the Presidency.

MILLINERY.—Ladies would do well to examine the stock of millinery goods at Miller & Schenckley's.

TIES.—Jas. Young is employing all the teams he can get to deliver ties at Blue Mountain Station.

The Indiana State Democratic Convention have instructed their delegates to Cincinnati in favor of Hendricks.

Good.—Squire Eastland, candidate for County Judge on the Division ticket, received 143 votes out of 191 cast in his own precinct. Quite a compliment to him.

It is rumored that Grant has already commenced the campaign of 1884. The first move is to beat Garfield. This is probably the only part of the programme that will be carried out.

In our county we have the anomalous condition of affairs that elected a Democratic Assessor on the Republican ticket, and a Republican County Judge on the Democratic ticket. Verily, things are mixed.

WHATSOEVER may be said against Mr. Arthur, the Republican nominee for Vice-President, it must be admitted that he possesses the Christian virtues of resignation, and that in the face of very grave charges.

BUSINESS.—Weston is having a lively run of business, wagons innumerable being on our streets, travelers passing through to the great territory in Eastern Washington, while many of them cast their lot among us. New buildings are springing up in every direction.

RUMORS.—The air is full of rumors of crookedness in the count of the votes at Pendleton. There is something suspicious in the manner of the departure of Mr. Jennings who has been deputy clerk for a long time. Explanations and excuses are in order.

IMPORTANT.—When you visit Walla Walla be sure and call at the San Francisco Restaurant on the north side of Main street. Messrs. Brush & Cranston, the proprietors, spread the best table in the city. Don't fail to give them a trial. Everything about the place is neat, clean and attractive.

MARBLE WORKS.—D. J. Coleman, Walla Walla, is proprietor of the Marble Works, and prepared to furnish Head Stones, Monuments and everything else in his line, at reasonable rates. B. F. Mansfield is agent for Centerville and Weston, and is authorized to take orders and give receipts.

THE BEST WAY TO KILL SQUIRRELS.—Provide yourself with a package of Holmes' Squirrel Poison and have all the boys and girls go after 'em. It will clean them out sure. Put up in large packages and is the cheapest and best in the market. Made and for sale by H. E. Holmes, Druggist, Walla Walla, or to be had from your nearest Druggist.

W. G. JAMESON.—Watch-maker and jeweler, corner Main and 2d St. Walla Walla solicits your patronage.—Having 17 years practical experience and keeping competent workmen in his employ, is prepared to do all watch-repairing, jewelry work, seal cutting etc., promptly and at reasonable prices. Watches, Clocks, Spectacles always in stock and sold cheaper than any other store in Walla Walla.

ANOTHER HORRIBLE MURDER!

This time at Milton—A Young Man Named Frank Preston is Killed in a Saloon Brawl.

Last Saturday a young man named Frank Preston met his death at Milton during a disgraceful saloon row. It seems that for sometime there has been an ill feeling existing between the two saloon keepers of that place. On the night in question, Herman Krueger, of the Milton saloon, accompanied by Frank Preston and L. W. Walsh, went to the Gem saloon, which is kept by I. Louis, commonly called Louie. In a short time these two saloon-keepers began to quarrel; words soon led to blows, and Louie hit Krueger on the head with an ice-pick. Preston and Nash then forced Krueger out of the saloon into the street, if the fracas had ended here, there would have been no bloodshed; but Krueger insisted on returning, and on entering the door, pistols were drawn by both saloon keepers. Louie firing four shots and Krueger two. Neither of them were seriously injured, but Preston was found dead on the street shortly afterward, shot through the breast in the region of the heart. That he was killed by either of these two men, there can be no possible doubt. And yet, at a preliminary hearing, they were both released. Not being conversant with the merits of the case, as our report is second-hand, we have nothing to say in regard to the action which set both men free. But it is certain that a man has been killed, and it is equally certain that somebody killed him. Murders of the most horrible type have been committed frequently of late in Eastern Oregon and Washington, and it is very evident that the might of justice must be invoked to pronounce a penalty so firm and so certain as will deter persons from such awful deeds without much dread of punishment. Life is the most precious boon obtained from God and protected by man, and a thrill of horror passes through the country as again and again the red hand of murder is dipped in the blood of a fellow-creature.

We understand the people of Milton are circulating a petition with a view to closing the saloons of that place. They argue that but for those two saloons this crime would not have been committed. While this may look like "locking the stable door after the steed is stolen," it does not impair the truth of the other aphorism, "Never too late to mend."

But we must enter a protest against the idea advanced by some that Lynch law is the only remedy. By the skill of a few intelligent men, such a calamity was avoided recently in another part of the county, and it is to be hoped that such a condition of things will never exist as will necessitate such a course, as it certainly does not at present.

August Flower.

The immense sale and great popularity of Green's August Flower in all towns and villages in the civilized world has caused many imitators to adopt similar names, expecting to reap a harvest for themselves at the expense of the afflicted. This medicine was introduced in 1863, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness, Sick Stomach, Sick Headache, Indigestion, Palpitation of the heart, vertigo, etc., etc., it never has failed to our knowledge. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

GREEN'S ATLAS AND DIARY ALMANAC, the most expensive free Almanac ever published, sent free on receipt of two cent stamp.

G. G. GREEN,
Woodbury, N. J., U. S. A.

BUILDING.

Mr. Mechling is erecting a fine dwelling house just north of the Baptist Church. It will be offered for sale upon its completion. He has recognized the demand for house-room in our city, and with a proper spirit of enterprise, is going forward to meet it. It is a reasonable presumption that Weston has had her population held back at least 50 per cent. for want of buildings. Some of our capitalists might take the hint.

CHURCH AND HOME.

This is the title of a monthly journal soon to be issued at this place. It is to be devoted exclusively to the advancement of the cause of Christianity. From the well-known ability of its editor, Rev. E. W. Morrison, we predict for it a brilliant career, and welcome it cordially. Its low price, \$1.00 per year, places it within the reach of all. We heartily wish the enterprise good success.

FRAME.

Jas. Bamford has just completed a beautiful two-story frame dwelling, which he is finishing up in quite a stylish manner. S. A. John is erecting a three-story hotel, with an ample observatory on top, and all the modern improvements. John is one of our solid men. Berkeley is erecting a large frame on Broad Street, in substantial style.

PRICES' PATENT.

L. J. Price has invented a simple yet convenient contrivance in connection with his wagon which soon pays for itself in the saving of Castor oil. Patent not applied for.

ARRIVED.

Fly paper, insect powder, genuine fruit wax, axle grease, and a great variety of medicines and notions at the City Drug-Store. Everything at bedrock prices.

Teacher's Examination.

There will be a public examination of applicants for teachers' certificates held in the court-house in Pendleton, on Monday, June 28, 1880, beginning at 9 o'clock A. M., sharp.

J. C. ARNOLD,
4-w School Superintendent.

Remember.

Patent medicines will not be sold for the prices marked on them, excepting for cash down. An extra charge will invariably be made when sold on time.

THE OREGON KIDNEY TEA.

Read the following testimonials, not from persons 3,000 miles away, whom no one knows, but from well-known and trust-worthy citizens of Oregon, whose names, written with their own hands, can be seen at our office.

UMATILLA, Oregon, January 20, 1880.
Having received great benefit by the use of the OREGON KIDNEY TEA, I take great pleasure in recommending it to those suffering from kidney trouble or backache, as a speedy and sure cure. J. A. PERKINS.

PORTLAND, Oregon, March 25, 1880.
Having tried the effects of the concentrated extract of OREGON KIDNEY TEA, we cheerfully bear witness to its beneficial agency in affections of the digestive organs. It is simple, safe and sure; is easily taken, and restores healthy vitality to the organs it is intended to operate upon; with assured success.

S. J. MCCORMICK,
Editor Catholic Sentinel.

BRICK.—The two brickyards are flourishing in the city. Nelson is filling up for another burning, and our enterprising townsman, D. Dealy, is about ready to burn his new kiln just above the grist-mill. The new brick will be in demand owing to the number of buildings to be constructed.

"Bar."—Tim Russell, of the Weston livery stable, killed a bear Thursday. After the first shot, Bruin turned and chased the hunter for about fifty yards, but another shot closed the scene. It was of the cinnamon species, and was killed on Pine Creek, about a half mile below Weston.

JONES.—J. E. Jones, our hardware man, has gone to Portland to attend the Masonic Grand Lodge, and will also complete the purchase of material for his new brick building on Main street. J. T. Redman is also attending the Grand Lodge.

HON. J. P. Schooling, member of the Legislature from Linn county, is making a short stay in Weston. He reports Linn as laboring under temporary political disorganization.

EAGLE.—What are our citizens going to do about the 4th of July? Here we have a lively, incorporated city with no celebration of any kind in 1879. How will it be for 1880? Let us have a picnic or something.

ORGAN.—The C. P. church of this city has secured another organ, so that the musical portion of the service will be conducted as formerly. The choir of this church has been sustaining a good reputation.

ANOTHER.—Mr. Bradley is building an excellent brick dwelling in McMorris' Addition to Weston.

We overlooked crediting the Walla Walla Statesman with the article on the Waitsburg murder, last week.

GUILD.—The Ladies Guild of All Saints church will meet next Thursday afternoon at the residence of Mrs. Probstel.

ISAAC WALTON.—The anglers of the "finny tribes" are enjoying huge sport up Pine Creek. Strings from 30 to 100 are frequently seen in our streets.
