FRED PAULY, our enterprising confectioner, has just received another lot of fresh goods.

HOT. - Linen coats are already discarded, and shirt sleeves are the leading fashion - that is, among the men.

HARNESSES. - B. E. Hervey, of Centerville, is selling good articles in his line, and just as cheap as ever. Try him.

CAYUSE. - The principal excitement in town during the past week has been the purchasing and disposing of ponies.

ESTRAY. - When you want a good photo don't go to Jones the Hardware man, but to Dr. Jones the artist. Sabbe?

SERVICE. - Rev. A. J. Hunsaker, will hold services at the Baptist church on the first Sunday in July, morning and evening.

BEER. - The patrons of S. A. John will find him dealing out delicious steaks and roasts at King's shop on Water street.

ORGAN. - Mrs. Crawford, the pianist teacher at Weston and Centerville, is at present the efficient organist of All Saints' Church.

BAPTIST ASSOCIATION. - Passed off harmoniously, presided over by A. J. Hunsaker missionary at large for Or., W. T. and Idaho.

REFITTING. - Jones and Sturgis are now having their house rejuvenated. It is a terrible puzzle which of them - Probably Jones.

BOOKS. - The scholars of All Saints' S. S. are happy in the possession of new text books, kindly presented to them by the Ladies Guild.

IMPORTANT. - When you visit Walla Walla be sure and call at the San Francisco Restaurant on the north side of Main street. Messrs. Bruah & Cranston, the proprietors, spread the best table in the city. Don't fail to give them a trial. Everything about the place is neat, clean and attractive.

THE FOURTH.

One week from to-morrow will be the anniversary of the greatest day, the mighty pivotal period, of a great nation's freedom. Many will participate in the rejoicings of the day, and unconsciously or unconsciously, feel the delight and enjoyment of freedom. Now that slavery, the great blot of inconsistency, has been crushed by the might of an aroused nation...

With this glorious record to eulogize the plan, the millions of throats to chant the joyous songs of freedom in the capacity of "sovereign people," the whole land smiling in the amplitude of its self-supporting powers, the very breath of heaven echoing the grand harmony of glee in approving strains, what more could an intelligent and happy people desire at human hands!

Swamp Lands in Oregon. Secretary Schurz has decided the Oregon swamp land matters arising in the Oregon City land office, which were appealed last November by Gov. Thayer and argued by Capt. Mullan, State land agent for Oregon. The Secretary reverses the decisions of the several land offices, and holds that the Oregon State land grant was one in present...

A GOOD THING. - German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case...

We are glad to be able to announce, says the Albany Democrat, that the twine mill in this city is soon to be started up, this time by the owners - ten of our most prominent business men. The company selected Thos. Monteith, John A. Crawford and R. Saltmarsh to manage the business, and they have already telegraphed to the East for a manager. As soon as he arrives the mill will start, and it will have enough raw material to run on for almost a year. This manufacture of twine is one of the most important industries of our State, and we hope to see it successful.

LITTLE JOKER. - Why do the ladies call it the Little Joker? Cos, when they wash with it, the work is so easy, it makes them lark and lark and lark. You should try one.

STRAWBERRIES. - Mr. Crow, of Milton, left at our office a fine lot of strawberries last Tuesday. The boys pronounced them excellent - yum, yum.

ARRIVED. - Fly paper, insect powder, genuine fruit wax, axle grease, and a great variety of medicines and notions at the City Drug Store. Everything at bedrock prices.

Teacher's Examination. There will be a public examination of applicants for teachers' certificates held in the court-house in Pendleton, on Monday, June 28, 1880, beginning at 9 o'clock A. M., sharp.

Remember. Patent medicines will not be sold for the prices marked on them, excepting for cash down. An extra charge will invariably be made when sold on time.

COOK & IRVINE, MILLER & CO.

THE OREGON KIDNEY TEA.

Read the following testimonials, not from persons 3,000 miles away, whom no one knows, but from well-known and trust-worthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

PENDLETON, Oregon, January 12, 1880. Having used the OREGON KIDNEY TEA for one of my sons whose urinary organs were injured by taking turpentine, I cheerfully certify to its beneficial effects, and recommend the same to the public.

LOT LIVERMORE, Ag't W. F. & Co. PORTLAND, Oregon, January 32, 1880.

I hereby certify that I have used the OREGON KIDNEY TEA, and been greatly benefited by it. I heartily recommend it to the public.

CRAIGIE SHARP, Jr., Traveling Agent for Wheeler & Wilson Mfg. Co., 20 Geary St. S. F.

On Saturday last, J. B. Keeney, our County Clerk, together with A. Mallory and Jno. McDonald, two Justices, met at a board of canvassers, and opened the poll books of Pendleton according to law. On opening the poll-books of Pendleton precinct, it was discovered that they had been tampered with and 8 votes added to Mr. O. F. Thompson's vote, and the same number to Wm. Beagle's vote. The tally sheets were also changed to correspond, but the ink, being writing fluid had not yet turned black, so the trick was too transparent. It is not known who did this dirty trick, but C. E. Jenning, the Deputy Clerk, resigned his position and took his departure with his family for Portland very suddenly on Monday evening. This should be investigated and the truth known, and not only the perpetrator, but those who paid for and caused the deed to be done exposed. - Pendleton Independent.

WANTED. - At Centerville, a dog that is not afraid of a badger. One of the latter strolled along the business street the other evening, probably to stare in at the shop-window, when the giddy canine of that town having a tooth for badger, committed assault and battery on the lone stranger. Mr. Badger defended himself, and many an unearthy howl, torn ear or limping tripod was left in his wake. He even had the assurance to turn and chase the enemy back into town. The spectators, with a commendable spirit of "fair play," did not try to injure the badger, saying that if he could fight his way out, he was entitled to his liberty.

We are constantly in receipt of complaints from our subscribers who ought to receive their papers at Pendleton and Walla Walla, that there is the utmost irregularity in their delivery. There is no good reason why this should be so. The papers for those places are mailed regularly every Saturday morning in good time. The packages are carefully put up so that when any one subscriber gets his paper, the others ought to get theirs. Persons do not generally care for papers that are kept three or four days or a week. If this continues we will be obliged to investigate.

POISONING. - We are in receipt of intelligence that Mr. Sam Derrick committed suicide last Thursday by taking two ounces of laudanum. Dr. Sharpe was called, but arrived too late to render any assistance. Mr. Derrick had been complaining for a long time, his health being very poor, and his suffering intense. He had become discouraged as to his recovery, and in a fit of despondency terminated his earthly misery as above stated.

CALLED. - During the week we have received several pleasant calls from Ed. Sharon, of the Pendleton Independent. Of course Ed. was here looking after the interests of his paper - perhaps looking up subscriptions, or seeking a compositor or a partner. Anyway, he was here in the interest of the Independent.

CROPS. - The past few days have been very warm, and fears are entertained that grain which was very tender, will suffer in consequence. We hope, however, that this view of the matter is unfounded, and that the harvest will amply repay the farmer for his labor, and have something left.

IMPROVEMENTS. - The march of improvements still continues. Houses are being built; sidewalks repaired and extended; business houses are increasing in number and importance, and an air of permanent prosperity prevails.

EXODUS. - There seems to be a general uprising and outgoing of the people of Weston. It is so extensive as to look serious. We hope the Radicals are not at the bottom of this moye with some dark political import.

FINISH. - Cook & Irvine, the genial, jovial flourishers of the pestle at Centerville, have enlarged their drug store, and everything now looks neat, clean and commodious.

BATH-HOUSE. - Why does not some enterprising individual start a bath-house in town? It certainly ought to pay; and where there is as much dust as we have now, it is certainly needed.

TEMPERANCE SONGS should have as few bars as possible, and should not be marked con spirito.
