#### THE DIVISION LINE.

The line described in the following petition is the one adopted by the Pendleton Convention. The petition is meeting with general success;

To the Honorable Legislature of the State of Oregon: We, your petitioners, citizens and voters of Umstills County, would respectfully repre-

We, your petitioners, citizens and voters of Umatilla County, would respectfully represent:

That the area of said County is so large, comprising over 5,000 square miles, and the average distance from the County Seat is so great that burdensome expense and unnecessary inconvenience and loss of time incident to such cumbersome dimensions are therby incurred to a majority of the citizens of said County; which inconveniences may be cited: meagre facilities for travel, loss of time in going to and from the County Seat, and heavy expense and delays attendant upon judicial investigations.

We would, therefore, petition your honorable body to form a new County out of said territory, to be bounded as follows: Beginning at midchannel of the Columbia River, at a point north of the meander post on the section line between Sec. 9 and 10, T.5 N. R. 29E, then south on said section line to the Umatilla River, thence following the Umatilla River up to a point on T line between T 2 and 3 N. R. 30E, thence following said T line east to B line between 32 and 33, thence south on said Kline to the base line, thence east on base line to summit of Blue Mountains, thence following county line between Umatilla and Union, north-easterly to the State line between Oregon and Washington Territory, thence west on said line to the Columbia River, thence down the channel of said river to the point of beginning. And your petitioners would ever pray.

MISTER LEADER-Sur: On the 4th of Julie, 104 years after our grandfathers framed this government of ours, about ten o'clock. I was a settin' on a lean-back cheer, a readin of the east orogan, what was printed at Penleton. I was so sod up with the news I cood not help goin' to sleep, and I dremt me a dream. It ain't much, but you may bet I felt good, anyhow. I that I was on the top of Shiloh school house, in Districk 49, and I there beheld all the people of Mountain Precinct, all congregated in one vast assembly, and I tuk notes of all that was there. There names tuk me by surprise as I bein' a stranger to them. Jim Royse was there with his Brass-field. James Hall-ed his girl there pretty Nicely by a helpin' him drive the team, and Jackson seemed to be Freed from all his troubles in that di-

rection. Peterson's weekly was circulated among them. John felt as the the Dickens was completely Leach-ed out of him; but under the Foster-ing care of a Baker, he will come out all rite. Calvin, Henry is bestowing much Wisdom on the Parson. No-e, Hyatt could not have done better than to have been in this assembly; Hank was Ross-ed for Walla Walls or Milton on Cowse Creek, The Win that was Ray-sed from the Potlatch came to see the vast concourse of people, and the way Sol shone war fearful to behold. Absalom of old was not present, and it was found that the pines had gathered him up. Elizabeth was to reign queen of the day. The company all looked Stout without any Bony factions to molest or disturb. All seemed ta feel Bigg-am not wishing any Harm-er to any one until the Dears dorfed the Roads with ties of flowers and words of incense, and I awoke and found myself hugging some other man's wife, and my better half standing with the broomstick demanding satisfaction; and all was a dream. Wasn't I lucky, Jim?

#### THE OREGON KIDNEY TEA.

Read the following testimonials, not from persons 3,000 miles away, whom no one knows, but from well-known and trust-worthy oitizens of Oregon, whose names, written with their own hands, can be seen at our office:

SILVERTON, Or., March 19, 1880. I take pleasure in testifying to the remedial properties of the OREGON KIDNEY kidneys, during which time I have tried various remedies without obtaining relief. I bought a package of the OREGON KIDNEY TEA from J. C. Hayes, and from the first dose began to feel better, and am happy to say that after using the package, I am almost entirely cured. SAMUEL COX.

The writer of the following is a Baptist minister of many years' standing, well known as a missionary to the Indiana, and is now a teacher in the school recently established at Forrest Grove for the education of Indian

FOREST GROVE, Or., March 8, 1880. I have been troubled for many years with weakness of the kidneys, and have tried many different remedies, sought aid from different physicians, and even changed climate to obtain relief, but have met with indifferent success. Hearing through a friend of the value of the OREGON KIDNEY TEA. I obtained a box of it, and have derived thorough gentleman, as well as a lite-long greater benefit from it than anything I have yet found. J. T. HUFF.

> WESTON .- At this season of the year particularly the city is charming. The number of beautiful trees beautifies and improves our streets, and they cast a refreshing shade in hot weather. The limpid waters of Pine Creek meander through our midst, and sparkingly enhance appearances. The hum of business is heard; the carpenter's hammer rings in every direction; vehicles of every description around our streets, and prosperity beams on every hand. Everybody is, or ought to be happy, and straggelers elsewhere should "homeward wend their weary way."

ELOPED.-Last Monday a man named Nelson eloped with the wife of Wanten Permenter, who has been living up on Wild Horse. The lady left a note for husband to the effect that she was tired of living with him, and that he need make no attempts to follow her or bring her back. Mr. Nelson has been living in the vicinity of Pendleton, where he owns a good claim.

THOSE HORSES.—They came into town

last Sunday. Some said they walked in, but knowing ones winked knowingly. The livery stable man said that with a team like that a man required no room to stow away hay—the horses did it. The larger one being led out gently to the sunshine, looked pretty. Its shadow was shaded so softly; opposite the ribs and bony parts the shadow was deeper, That it possessed a good disposition was evident from the mildness of its movements. A man with weak eyes apologized to the owner for having mistaken its back for fluted pillar for John's new hotel, and only happened to discover his error by coming closer to ascertain why they had a windlass on it-mistaking its legs. A benevolent old lady near sent her boys up with a porkbarrel for the poor thing to lean on, as she said, glancing through her spectacles, that "the poor thing didn't seem to enjoy good health." An old horse trader offered two dollars for it, "one for the hide and one for taking it off:" but the owner declined the offer. He thought it was not enough. They led it back again, the animal never falling. Crowds came to admire the melancholy picture, and to try to buy them. A real kindnearted gentleman suggested that it would be only a humane act to have them lathed and

August Flower. The immense sale and great popularity of Green's August Flower in all towns and vilages in the civilized world has caused many mitators to adopt similar names, expecting to reap a harvest for themselves at the expense of the afficted. This medicine was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costivenes, Sick Stomach, Sick Headache, Indigestion, Palpitation of the heart vertigo, etc., etc., it never has failed to our knowledge. Three doses will relieve any case of Dyspapsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

ARRIVED. - The son of our respected citizen C. R. Beckett, with Tom Carle and a Warm Springs for recreation; O. Mosier has TEA. For the past two or three years I number of others, have reached Weston after taken a flight to the Wallows, and everybody have been troubled with derangement of the an overland trip from Missouri, of three months' duration. They report grain as "burned up" in Kansas and elsewhere, and are much pleased with the good prospects of grain in Umatilla county. They passed immense tu nhers emigrating to this country. But there is room for all and more.

> TOP HEAVY .- They were all riding along quietly and smoothly, when, going down a light grade, one of the number impelled by an ungovernable impulse, lunged forward heavily out of the hack, but fortunately fell on his head, and so was not hurt. "Don't give up the ship," shouted a voice, and the acrobat slid back again, having first regained

ROBBED .- The other night, rumor says, as the stage containing the express box of Wells, Fargo & Co., made the trip from Pendleton to Umatilla, it was ascertained that the contents in part, of the box, together with the way-bill, were missing. The bullion was untouched. Suspicion is rife, No attack was made on the OFFICE-At Drug Store, Centerville,

NINE PRECINCTS, -Our readers will notice that nine precincts were represented at the Pendleton Division Convention, representing seven-eighths of the whole population of Umatilla county. The result ought to be acceptable to the whole county, even if some local prejudices were not unted.

Mr. Meachen objected, and said that as the delegates were there in obedience to the wishes of the people of Pendleton, he thought it best to transact the business for which they came; that it was a great wrong to call men for such a purpose from such a great disteney for such a purpose from such a great dis-tance and then ask them to go home without doing anything.
