PARTY.—Ella Probstel gave a birthday party to her young school-mates and friends last Monday evening. "They brought many presents."

PERSONAL.—Geo. J. H. Turner was in the city this week attending to legal business.—Mr. Cavanagh of Walla Walla was here looking after business.

TRY IT.—Murray's Lung & Liver Balm cures colds and complaints of the liver. An effective and popular remedy. Try it.

Fred Pauly keeps the best kind of tobacco and cigars, as "Henry's Own," "Wood and Nickel Tag," "Lorillards" and "Venerables" red tag.

GREAT REDUCTION.—Owing to the lateness of the season, and a large stock on hand, I will sell heating stoves at greatly reduced prices. J. E. JONES.

RING.—The bell for All Saints' Church has arrived, and is an excellent one. Manufactured by Menely & Co., Troy, N. Y. It provides a great pleasure and convenience to the people.

WALLA WALLA NOTES.

Court is over, and the legal fraternity have gone back to their dens for a season.

Poor Lamar retires from public gaze for fifteen years; another victim of the love of drinks.

Thomas will atone for his violation of the law on the gallows. His wife will have another trial at Colfax.

The fire department of this place is well organized and efficient. They displayed this last Monday night. A fire broke out in a Chinese building, in the midst of a number of other frame buildings, and but for the promptness and energy of the fire department a general and destructive conflagration would undoubtedly have been the result. As it was only one building was destroyed.

On Tuesday morning "the snow came down like a blanket" and visions of sleighing reigned supreme. But then it turned warm in a short time and the "beautiful" snow ran into slush.

Business seems to be very lively. Money flows freely.

The whiskey business here is immense. The licen-accruing from it more than keep the city government running. Still a special tax becomes a necessity owing to the extensive improvements being prosecuted and had in contemplation. No town on the coast gives greater evidence of material prosperity than this same Walla Walla.

MAC.

Coin, Gentlemen, Coin!

We need it in our business. Those indebted to us by note or account are respectfully, but earnestly requested to call and pay up at once.

McCOLL & MILLER.

ANNOUNCED.—The Ladies' Guild has adjourned until after the holidays, to hold their next meeting at Mrs. Probstel's the first Thursday in January, 1881. This organization has been a success, and accomplished a good deal for the Church.

NOTICE.

All parties indebted to the undersigned for medical services are requested to settle by cash or note by December 20th 1880, as I must have money to meet obligations.

W. T. WILLIAMSON.

Agricultural Implements.

I have now in stock a full line of agricultural implements of the best manufacture which I am selling at Portland prices. Please call and examine.

J. E. JONES.

ESCAPE.—Tuesday night the St. John Hotel had a narrow escape. After all had retired, by some means unknown a fire started under the sitting-room counter, burned some paper and other matter, and, though in close proximity to combustible material, went out without interference. A portion of the dry floor was charred. Another warning to our citizens to organize a fire company. "Lock the door before the steed is stolen."

SIDEWALKS.—The railing on the sidewalk adjoining Baptist church and school house is a necessity supplied. That on the south side of Franklin street needs attention. The gap in front of the residence of Dr. Williamson should be enclosed for dark nights. Those holes on the west side of Water street are dangerous at night. A lady had a violent fall from stepping into one. If the walk on Main street was leveled it would be a great improvement.

ELECTED.—At a regular meeting of Milton Lodge No. 61, I. O. O. F., the following officers were elected to serve during 1881:

N. G. John, Duxant; F. G. J. H. Wright; R. S. J. B. Williamson; T. J. H. McCoy; Philip Hoon, John Duxant and William Tallert, Trustees.

POTATOES.—Always keep your weather-eyes open as you go trudging through this world. Potatoes are a very particular thing. But when they unexpectedly lunge into the presence of a lady en deshabille, a scene, yes, a tragedy, may be played. The man and the potatoes may be frantically divorced, and the front yard turned into a revolving gymnasium. Among back plays, leather may come up, and the earth appear to stand on its head. Always poke potatoes through a crack in the house, and then listen if it's the right place. Then gloomy visions of verdant officials, emine-bordered cloaks of Justice, and neighboring legal talent. Then \$5 to pour oil on a wounded law. But what became of the potatoes?

The Bonanza Mines.

It is an open secret that unless new discoveries of ore are made in these mines that their working will have to be abandoned, and then the question arises whether more money has been put in. But no such question of comparative benefits can arise in connection with the Oregon Kidney Tea, for every dollar put into that has produced a thousand dollars worth of good to the victims of backache and kidney troubles, as their unanimous testimony will show. Sold in all stores.

STEAM SHOVEL.—The O. R. & N. Co. recently purchased an enormous steam shovel at San Francisco and have set it at work along their line between this city and Celilo, filling in all the trestles along their line, thus making solid embankments that can never break down nor wear out. It is quite probable that when all the rest of the work is done, the line between here and Celilo will be strengthened a trifle and some of its corkercrew kinks taken out of it. It cost enough to be a good road in the first place.—Inland Empire.

WALLA WALLA.—Owing to "pressure in our columns we cannot notice our patrons under "new to-day," until next week.

SLEIGHING.—The sleighing is now splendid, and the average school boy is happy. Good time for sleighing parties. The surprise party last night at Mrs. Jno. Moorehouse's took place after we went to press, but from the parties concerned, it must have been a success.

MARRIED.

At the residence of the bride's father, Dec. 1st 1880, by Rev. S. L. Burrill, Mr. Jasper O'Hara to Miss Lena M. Kendall.

At the residence of F. B. Price, at Weston, Sunday Nov. 28th, 1880, by Rev. J. B. Chamberlain, Mr. W. E. Ray and Miss Mary A. Sylvester.

At the same time and place, by Rev. J. B. Chamberlain, Samuel Sylvester and Sarah Ann Harrison.

Everybody happy.

An Astonishing Fact.

A large portion of the American people are to-day suffering from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a simple bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all druggists on the Western Continent.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and anti-bilious medicine, is not known and appreciated. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

For sale by Druggists and Dealers, to whom apply for Hostetter's Almanac for 1881.

The harvest is past and the summer is ended, and my bills must be paid. All persons knowing themselves indebted to the Centerville Hardware Store will please come forward and settle before the 20th of December and save cost. And don't you forget it.

KASSON SMITH.
