-This week Mr. E. A. Post, Oregon Agent of the Hayward Hand Grenade was in the city and gave a public test of these fire extinguishers. A structure resembling the wall of a dwelling was built on Main street. This was flanked with shavings and kindling wood and the whole pretty well saturated with coal oil. When ignited the flames rose high in the air and presented a dangerous appearance. Three or four of the

-The Walla Walla club has challenged the Blue Mountains of Weston to a game of base ball to be played on or before the 3d of July "for \$200 a side and the championship of the Inland Empire." The challenge will prebably be accepted, provided the game is played at Weston, the challenged party usually having the choice of ground. We hope the game can be satisfactorily arranged, as it ought to prove quite an interesting one. Among the probable players from Walla Walla we notice the tormer captain of the Mill Creekers. The money required has already been placed in the hands of the secretary of the Blue Mountain club. It will be remembered that the Blue Mountain club challenged the Walla Walla Whitecaps some weeks ago, but they did not

see fit to accept the same. Since the above was written a second letter from the Walla Wallas has been received, stating that any agreement made in accordance with League rules will be satisfactory. As this gives the challenged party the choice of ground, there will be no difficulty about arranging minor details.
