LOCAL LEADERS.

Have your watch repaired, by Frank Manning, Centerville.

Sim Barnes will receive wheat for Saling & Co. at Blue Mountain Station.

Frank Manning watchmaker and jeweler is at McIlone's Hotel, Centerville.

The thermometer last Monday reached 95° in shade—the hottest day of the season.

Remember the cheapest place to buy your tobacco and cigars is J. J. Banta & Co., Centerville.

Mr. Shoemaker, the pump man, was in the city this week and disposed of a few more of his excellent pumps.

Evening service at the Episcopal Church next Sunday evening. Rev. W. E. Potwine will probably officiate.

Nice clean mixed bird seed, only 15c per pound at J. J. Banta & Co., Centerville.

Dr. Williams left town yesterday for a few days' fishing and hunting along the "classic" banks of the Unatilla.

About half of our citizens have gone to the woods and rivers during the "hated term." So our streets are now as quiet as Portland.

Miss Lattie Marshall leaves Weston next Monday on a visit to relatives in Illinois. She will remain in the Sucker State about two months.

Mr. Wood has had painted a neat sign for the postoffice. The job was done by Mr. Lowndes, whose work as a painter and grainer is above the average.

There is too much diversity in the height and width of Weston sidewalks. Before too many are built a grade ought to be established and more uniformity secured.

The cases of the City of Weston vs. Henderson Clark and W. H. Getchell vs. J. B. Montgomery will be called in Justice Jones' court this afternoon at one o'clock.

Base ball has again quieted down, as most of the boys have gone into the harvest field. By September, however, they expect to revive and take part in the games at Walla Walla in connection with the Fair.

When you go to Walla Walla and want a nice meal, a comfortable room and the best of attention, go to the Delmonico Hotel. Mr. Carlyle de lights in making his guests comfortable and always succeeds.

Jake Keys emphatically denies that he is dead. Jake always was a first-class fellow to perpetrate jokes, but we believe he is in earnest about this, and certainly he is entitled to the first say in the matter.

Intending hunters of this neighborhood will please be careful not to mistake "our chief" for a bear, as he has gone to the mountains for a few weeks to rusticate. This will also allay any excitement upon discovering mammoth foot-prints out there.

The city election in Walla Walla came off last Monday. For Mayor Dr. Boyd received a majority of 178, and Mr. Robinson had a majority of 371 for Marshal. The total number of votes cast were 524. One hundred and twenty women availed themselves of the privilege of the franchise.

A lively runaway occurred on Franklin street last Monday. Mr. Margrow had backed his team up to Dusenberry's store to load his wagon with sacks, when the horses concluded it would be easier going home without the load, and off they started at break-neck speed, smashing the wagon to pieces and leaving the debris scattered in their wake for a long distance. The horses were unhurt.

As Mr. Chas. McMorris was returning from the mountains last Saturday the double-tree, attached to the back in which he was riding, broke, and, hitting against the heels of the horses, scared them badly and caused them to endeavor to run away. Mr. McMorris held firmly to the lines and was dragged from his seat, around through the brush and over the hard road, but finally conquered the excited animals, escaping with only a few slight bruises.

The following officers were installed by D. D. G. M. W. T. Williams, on Tuesday, the 7th inst., being officers elect for Weston Lodge No. 71. A. O. U. W.: P. M. W., C. B. Proebstel; M. W., H. B. Nelson; F. W. Steinkner; O. B. W. Myers; Rec., F. M. Pauly; Fin., G. W. Proebstel; Receiver, Fred Rosenzweig; G. W. T. Williams; W. W., N. Diamond; O. W., J. H. Weaver; Med. Exam., W. T. Williams. After the close of the lodge the brethren spread an elegant lunch, to which many of their lady and gentlemen friends were invited, and a pleasant, sociable evening was passed.

Last Sunday morning Mr. S. H. Bernard had an accident happening to him which came very nearly resulting fatally. He is the owner of a vicious horse that no one is able to handle, but himself. On the morning mentioned he had placed the horse in a stall with another horse and went in between them for some purpose. They began to act meanly and before Mr. Bernard could leave the stall they had thrown him down and kicked and tramped him in a fearful manner. Three of his ribs were broken and he received numerous cuts and bruises about the head, shoulders and stomach. He is still suffering great pain, but it is thought he is out of danger.

The Two Counties.

The setting aside a part of Unatilla county to form Morrow created the necessity for a financial adjustment of their respective claims, and Messrs. Rothchild of Pendleton, Fuller of Heppner and Knutze, all responsible men, were appointed to complete the onerous task.

They have completed the task, basing their labors on the status existing on February 9th of this year. The net balance due to Unatilla from Morrow is \$3,659.21. The apparent correctness of this sum may be perhaps accounted for in the fact that prior to February 5th many of the citizens of Unatilla had paid their taxes, while those of Morrow were holding over to ascertain just where it would be to their interest to pay this money. Of course outside of such considerations, the greater valuation of the public property remained in Unatilla, as cells in the jail \$4,590; that very desirable piece of property appropriately called the Poor Farm, \$3,000; Court House \$15,000; extras about \$1,000. Even of bridges the main expense is on the Unatilla River. It is a noticeable feature that Unatilla has nearly three million dollars worth of property assessed more than Morrow. Now if old Unatilla net wealth enough to exist successfully as some have argued, what will Morrow hope to do? If what is left over of Unatilla were again divided into equal parts, each part would lack less than \$31,000 of possessing double the wealth of Morrow county. Thus we find that the poorest part of the county has been cut off. We give the Commissioners' report:

To the Honorable County Courts of Unatilla and Morrow Counties:

The undersigned, a Board of Commissioners, created by House Bill No. 4, entitled an Act to create the County of Morrow and fix salaries, &c., &c., approved February 16, 1885. And under said Act we were called upon to adjust and determine the indebtedness and the value of property of Unatilla county and to be assumed by said Morrow county have performed that duty, and submit our finding herewith: Total value of all property and assets, outstanding taxes, etc., \$181,636.78; total liabilities of county, \$187,268.14; leaving an indebtedness of \$5,631.36. The proportion of this to be assumed by Morrow county, this Board finds to be \$1,149.30; unpaid taxes 1884 turned over to Morrow county, \$11,567.03; less School taxes due Morrow county out of tax levy of 1884, \$4,977.17; leaving a net balance due to Unatilla county of \$3,559.21. A detailed table will be found annexed.

The Board also find that there is a balance of county school money in the Treasury derived from fines, forfeitures, etc., to a portion of which Morrow county would be justly entitled, but the County School Superintendent and Treasurer find no authority in the laws governing disbursements of school funds authorizing them to pay such money to Morrow county. This Board finds that a just proportion due Morrow county from said school fund would be \$690.20, and would recommend that the Honorable County Court of Unatilla county instruct the Treasurer of said county to pay the amount of Morrow county, the minutes of the proceedings of this Board from day to day are also submitted herewith.

In compliance with an order of the Honorable County Court of Unatilla and Morrow counties issued at their April term of 1885, this Board believing their work would be expedited by the assistance of an expert book-keeper, engaged one from Portland who was highly recommended. Said expert on examination of the County books and records, stated that to make an exhibit to the correctness of which he could certify, would cost \$6,000 to \$8,000; this Board believing that the probable result of such an investigation and exhibit would not justify the expense, therefore discharged him to do the work ourselves.

We also submit herewith various bills amounting to \$456.15, all of which we find just and reasonable, for your approval and order of payment, each by each of your Honorable Courts to whom all of this

Respectfully submit, S. ROTHCHILD, J. H. KUTZIE, J. L. FULLER, Board of Commissioners.

Adams Correspondence.

ADAMS, July 15. To the editor of the Leader:

I am delighted to inform you that we are to have a newspaper established at this place. Within the next twenty days you will have on your exchange list the Adams "Herald," "Gazette" or "News"—I have not yet learned its name. Mr. J. T. Armstrong, formerly of the Sprague Herald, will be its editor and proprietor. We were both surprised and pleased with him, for he came not as the proverbial printer coming aid, but on the contrary, all he asked was room according to his strength, and being well supplied with this commodity, we have granted his request. He expresses himself as highly pleased with the town and its prospects.

Good fortune seems to come like mist-fortunes—not singly. Through the enterprise of our citizens we are soon to have telegraphic communication between this place and Pendleton. Just think of it—a milliner shop, saddle shop, two warehouses, telegraph office and a newspaper, all in two weeks.

The town has been full of men and teams the past week waiting for harvest to begin.

Several of our "prominent citizens" will rusticate in the mountains this week.

Some are naturally polite, some acquire politeness through intercourse with polite people, but some are obliged to have it thrust upon them with the love of a brogan. Such a case came under my observation recently.

It has been currently reported and generally believed that our old friend Jake Kees was dead. Jake was along the other day and informed me that he was intent on finding his place of interment, there to erect a monument to his manifold virtues.

Heoping that you, with the rest of "Weston and her friends," will be pleased with our prosperity and excuse any seeming extravagance in my method of telling it, I remain M. S. LEE.

Cold Spring Tidings.

LOWER COLD SPRING, July 13. To the Editor of the LEADER:

A large number of new headers have been bought by farmers in this vicinity this season. Heading is in full blast. Burdick and Jones started out on Wednesday of last week, and by Saturday evening had 125 acres in the stack.

Mr. Williams is now at Cold Spring station ready to receive and ship wheat. Owing to the low tonnage there will be an immense quantity of wheat hauled there from above. Wheat on soil ground in this vicinity will average 18 bushels to the acre. J. H. Hilton has a piece of spring grain that is estimated at 39 bushels per acre. Other sections of the county may beat us raising wheat, but when it comes to corn or watermelons we will not take a back seat. We have corn here nearly eight feet high. It makes one think of Illinois or Iowa to go through it. The bachelors are all out harvesting, and the coyotes are having their own fun with the chickens. Ed Hyberly lost about forty at one killing.

Horse racing and trading is quiet at present. Sportsmen have harnessed up their flyers and gone out harvesting in order to secure money to race on.

More Anon. FRIDAY.

Island City, July 13, 1885. The farmers have commenced haying operations and the crop will be above average. Much old hay remained on and considerable hay land was turned into pasture.

C. W. Preston has moved into his new house, and his little folks are rapidly recovering from their recent attack of sickness.

Mr. John McDonald's family and a number of other friends have been to the Wallowa Lake rusticing for about a week. They enjoyed the excursion and the grandeur of the celebrated Wallowa.

Dr. J. J. McDonald has moved to the commodious Alexander place.

Mr. Berry, salesman with Bear & Church, has just completed one of the handsomest dwellings in the county.

The citizens are having a road laid out in a direct line to the depot. Thus we grow X.

Honesty.

"Honesty is the best policy," is an old adage, one that will do to adhere to, by all classes, under all circumstances, and in all conditions of life. In my way of thinking honesty stands paramount to all other virtues. It is the very essence of morality. There is an old bit of advice that every one who has a tendency to trickery ought to cherish, it is, "To thine own self be true, and it must follow as the day, the night, thou canst not then be false to any man." Be honest, do as you agree, let neither friend nor foe persuade you from the path of rectitude and duty. A man that is not thoroughly honest in every respect, though he possess the wealth of an Astor, will soon be pointed out by his fellowman. Wealth will not cover such a vice. Man's reputation, his very honor is based on his integrity. A man whose word is not as good as his standing in society. Then, if you would possess true and firm friends, be honest, I repeat, do as you agree, stick to your bargains, no matter what or who interferes, let all your actions be based on a principle of integrity. Ever keep in mind the old Proverb, "Buy the truth and sell it not."

American Dyspeptics. Americans, more than any other nation in the world, are victims of stomach derangements. This is owing to the hurried manner in which they eat their meals and to the amount and quality of food eaten, rich food being cheaper here than in any other country of the world. There are very few Americans whose stomachs are in a perfectly healthy condition. Most remedies for derangement of the stomach are offered in the form of bitters, tonics, etc., which merely stimulate the stomach and afford a temporary relief. Dr. Haven's Dyspepsia Cure is a remedy that supplies what is wanting in the digestive juices of a deranged stomach and is the only remedy offered to the public that cures all forms of Dyspepsia, Indigestion and Flatulency. Free sample bottles at W. H. McCoy's drug store.
