An article that has stood the test of years, and is still popular and reliable must have merit. This is the case with the Buckingham and Hecht boots and shoes. Their good qualities have been proven. Remember that the genuine article is for sale by Steinaker & Co.

Articles of incorporation have been filed in the office of the secretary of state, at Salem by the Church of the United Brethren in Christ at Weston; incorporators, Wm. Helmer, A. Kinney, J. M. Hicks, L. C. Vanwickler and T. J. Gallaher; capital stock not stated.

Ayer's Ague Cure should be the companion of all who reside or travel in malarial districts. No family or traveler in such places should be without it for use as a preventive, and ready for any emergency. It is certain, harmless, and the best anti-malarial medicine.

For the first time in a number of years several of the best paid and most prosperous officials of Umatilla county have been assessed, and will contribute a mite next year to the taxes of the County. This is another "insultation" for the cranky fool at Weston to slobber about.—East Oregonian.

Kalley W. Stoutenborough, a lad of 11 years, living at Blue Mountain station, in Oregon, has developed remarkable proficiency as a telegraph operator. As a sender and receiver at the keys, he can do as satisfactory work as many experienced operators. He has learned the business in a short time, from being in the office with his father.—W. W. Journal.

The Marshall House has been leased to Mr. F. J. Carlyle, so well known to the travelling public as a genial, obliging and successful landlord. Messrs. Carlyle and Prosser are now in Portland purchasing furniture, and the hotel will be open about Sept. 1st. The Walla Walla Union says: "We congratulate the people of Weston on securing a first-class landlord for their next hotel." The LEADER is more than pleased to have it pass into such good hands.

There is no hope of reduced freights from the Farmers of the Inland Empire from the O. R. & N. Co. Perhaps the company can not afford to make any reduction. Perhaps it hadly needs the \$2,100,000 which it will realize this season from the transportation of wheat alone. The company has decided to retain the rate of \$9 per ton "for this year and so long subsequently as they deem best" which may mean until forced by competition to make a reduction. The rate charged by the Northern Pacific from Walla to Duluth is \$5 a ton. This is about eight times the distance for which the O. R. & N. Co. charge \$6. Why the Northern Pacific is able to do this is of secondary importance to the farmer. One thing now to consider is will the O. R. & N. Co. give reasonable rates on short hauls to reach the Northern Pacific.

Recorder Jones is busy assessing.

Cove cheese, the best, at Pauly's.

Business is improving all over the county.

Nice clean mixed bird seed, only 15c per pound at J. J. Banta & Co., Centerville.

Mr. L. McElroy retires from the management of the Centerville Hotel and Mr. Titworth reigns in his stead. The merit of the house will be sustained.

Remember the cheapest place to buy your tobacco and cigars is J. J. Banta & Co., Centerville.

Attention of farmers is called to the advertisement of W. Jones of Walla Walla who is paying the highest price for good barley. Note what he has to say about advances on wheat.

Prairie chickens are now on the bill of fare of some people. Al. Powell carries the palm as the crack shot this season again. It was rumored the other day that our "boss" shot one on the wing. This is probably a cruel card.

Many of the old time subscribers of the Pendleton Tribune are anxiously awaiting its annual announcement about the "melon-cholic days," &c. Hurry up, Ben, or some one may get ahead of you; or, have you a patent on that "joke"?

In the great foot race at Walla Walla last Monday between Ormsbee, of Watsburg and Frick of Omeroy, Mr. R. H. Ormsbee won with ease. The Blue Mountain base ball boys of Weston who were very much interested are as jubilant over the result as if one of themselves had been the victor.

Cold Spring near the summit of the mountains east of Weston seems now to be the favorite summer resort. Mayor White and family, Mr. L. E. Saling and family, Mrs. Worthington and child, Mrs. Bullfinch and children, and others are rustating there. The weather is cool at that altitude and the water is excellent.

The New Zealand Loan and Mercantile Agency, at San Francisco, has received from New Zealand some famous Seed Oats, samples of which may be seen at the LEADER office. Parties wishing to purchase oats for seed from this Agency should do so before the middle of October. For prices apply at LEADER office. Orders respectfully solicited.

Mr. L. W. Barnett was up from Lexington this week. He informs us that Lexington is growing rapidly and has taken the lead in the race for country seat. Several merchants of Hopper are moving their stores to the new town. Money has been subscribed and preparations are being made for the building of an academy to cost \$4,000. Crops are turning out finely, and ground yielding as high as twenty-five bushels per acre, and summer-fallow thirty-five and forty. Morrow's fence-law has killed Heppner, and her people are rapidly emigrating to the rising town of Lexington.

Last Wednesday in Gerking Flat, just as G. W. Kinney's steam thresh, started up after half an hour's rest, a fire was discovered under one of the derrick wagons. It spread with amazing rapidity. Mr. Kinney lost all the threshing outfit except the steam engine and one derrick wagon—loss not less than \$1500. Mr. James McEwan at whose place the machine was at work lost 500 sacks of wheat. It was only by the utmost exertion in plowing deep furrows in the heavy stubble that the fire was prevented from reaching the other piles of wheat. As it is Mr. McEwan's loss is great enough. The loss falls hard on these honest, industrious, hardworking men.

Uncle Johnny Hubbard had a narrow escape from death last Wednesday morning. He had gone down into Mr. Whitman's well for the purpose of cleaning it out, but observing that the well contained foul air, he signalled to be pulled up. Before reaching the top he was overcome and fell back in the well, striking on his head and cutting a deep gash. Mr. Whitman, at the risk of his own life, was let down into the well and tied a rope around Mr. Hubbard, who was immediately pulled to the surface. The air was so bad that it was with great difficulty that Mr. Whitman reached the top. "Uncle Johnny" is now laid up for repairs.

We take pleasure in calling the attention of our readers to the ad. of Schwabacker Brothers, Walla Walla, and get their prices on Machine Oils before you buy.

Hayward Hand Grenades.—The best known Fire Extinguisher in the world. Don't delay in supplying yourselves with them at once. Property and lives saved every day with them. You cannot afford to be without them. M. S. McQuarrie, Agt., Walla Walla, G. J. Becht, 124 Market St., S. F., General Agent.

To the delinquent taxpayers of said county.

I have waited because money was so scarce. Harvest has come. Farmers can get advances. Laborers can draw their wages. Why delay longer, as in many instances to wait will be to pay from two to ten times the amount you owe now.

Send in your harvest yields to the LEADER.

The loss from fallen wheat is much greater than farmers anticipated.

Monroe Kirkland's entire crop is turning out forty bushels to the acre.

Reeder & Butwick, 320 acres of wheat that averaged 31 bushels to the acre.

J. S. White, 80 acres of wheat, average 30 bushels to the acre; 60 acres of barley yielded over 2000 bushels.

James McEwan threshed 4200 bushels of wheat from 125 acres. The fire field set up about 1100 bushels after it was threshed.

Mr. J. D. Peck, of North Cold Spring has already threshed more than 800 bushels of wheat, the average being more than forty bushels to the acre.

Frank and Isaac Mansfield, 100 acres of wheat, average 30 bushels to the acre; 18 acres barley, average 55 bushels to the acre. The wheat in the heaviest places was fallen so low that the header could not cut it.

Col. G. H. Reed's Gear Spring ranch of 150 acres of wheat averaged 33 bushels to the acre; on his home farm, 116 acres of wheat yielded 3400 bushels. Some of the latter was pretty badly "lodged," causing considerable loss.

Mr. H. Key who lives few miles north of Weston has several hundred acres of wheat. Some of it, though badly lodged has yielded more than 45 bushels to the acre. The whole farm will average more than 40 bushels to the acre.

Sam Purdy had 60 acres of wheat from which he got only 25 bushels to the acre. At one time it gave great promise of an immense yield, but the rain and wind storms laid it so low that the header did not get much more than half of it. He had 25 acres of barley that averaged 39 bushels to the acre.

The Erie in Oregon.

Mark A. Miller, traveling agent for the Erie Railroad, writes from Portland, Oregon, that an attack of pleuro-pneumonia laid behind it a severe and painful cough. After trying several remedies without success, he began using Red Star Cough Cure, and upon taking one bottle found himself on the road to rapid recovery.

Notice.

All persons knowing themselves indebted to Cooper, Schmuck & Garnett, are requested to call and settle their accounts by the 12th of September, as we intend to close up our business on that day. Costs will be added to accounts not settled by the date above mentioned.

Resolutions of Respect.

At a regular meeting of Milton Lodge No. 61, I. O. O. F., held August 10th, 1885, the following preamble and resolutions were unanimously adopted.

WHEREAS, it has pleased an all-wise Providence to remove from our midst our well beloved Brother, J. H. Wright, who departed this life, July 16th, 1885.

Resolved, That while we bow submissively to this affliction of him, who in His divine wisdom governs all things, we cannot refrain from giving utterance to the grief we feel for the loss of our Brother.

Resolved, In the death of Brother J. H. Wright, this Lodge has lost a noble and worthy Brother and the community a good citizen.

Resolved, That we extend to the relatives of our deceased Brother our heartfelt sympathies for their sad bereavement and tender them all the consolation in our power to bestow.

Resolved, That the charter of the Lodge be draped in mourning for 30 days and that the secretary be instructed to spread these resolutions on the journal of the Lodge and forward a copy of the same to the relatives of our deceased Brother.

J. S. RICHY, J. B. WILLIAMSON, JONATHAN TALBERT, Committee.

An Old-Fashioned Idea.

The old-fashioned idea that one should never enter a sick room with an empty stomach is a true one. The gastric juice is not secreted in the bowels and kidneys; it is only when food is taken into the stomach and digestion commences that the gastric juice is present. All germs are killed by coming in contact with healthy gastric juice; therefore a full stomach fortifies one against contracting contagious diseases. De Haven's Dyspepsia Cure is especially adapted to act upon the digestive juices of the system and keeps them in a pure and natural condition. In this manner it ensures proper digestion and assimilation of the food. It never fails to effect a cure in the most obstinate cases of Dyspepsia, Indigestion, Flatulency and Sickheadache.
