### Quick Relief When Utterly Worn Out

Getting the Blood in Order Is Required By Most People.

If you think you have gone to smash and sit only for the discard, try S. S. S. for a few minutes. It is proved only in the blood, it will surprise you to know what can be done for health once the blood is released of the excess of body wastes that keep it from exercising its full measure of bodily repair.

If you feel played out, go to any drug store and ask for a bottle of S. S. S. Here is a remedy that gets at work in a twinkling; it just naturally runs right into your blood, settles there, and right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the natural effect of a natural medicine.

The ingredients in S. S. S. serve the active purpose of so stimulating the cellular tissues of the body that they pick out from the blood their own essential nutrient and thus repair work begins at once. The relief is general all over the system.

Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 530 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by means of impoverished blood.

## ANSWER FRIENDLY

### England to Reply to American Note During Present Week.

#### Italy and Allied Nations Thought to Have Agreed—Germany Alone Protests.

London—The British government's reply to the American note concerning contraband probably will be sent before the end of this week. It is thought the answer will be friendly.

An outline of the reply has been submitted to France, which is greatly interested because of the activity of the French ships in searching Mediterranean cargoes.

A statement probably will be issued shortly, showing that Italy has arrived at an understanding with England and the other allies concerning contraband satisfactory to all the countries affected.

It can be stated authoritatively that only five cargoes destined for Italy have been stopped at Gibraltar since November 15. Two of these were released within three days and the others as soon as the alleged contraband could be removed.

Since December 4 no cargoes for Italy have been intercepted by the allies.

Rubber cargoes destined for American firms and held in English ports probably will be released soon or purchased by Great Britain, which needs rubber for manufacture of tires, bed blankets and boots.

Constant negotiations are in progress between the allies and the neutral countries situated near Germany looking to a tightening of the export regulations which will prevent American shipments from reaching Germany and Austria through neighboring countries other than Italy.

A loosening of the regulations applying to American cargoes, it is said by British officials, will depend largely on the assurances received from neutral countries that they will not assist in supplying Germany, Turkey and Austria with munitions of war.

### Generals Scott and Villa to Meet on Boundary Line

Washington, D. C.—Brigadier General Scott, chief of staff of the United States, and General Villa, commander-in-chief of the forces of the Gutierrez government in Mexico, have arranged to confer on the international bridge at El Paso, with a view to arriving at an understanding that will permanently prevent further firing into American territory by Mexican factions fighting along the international lines.

General Villa is on his way north, and the conference will be held immediately upon the arrival of the Mexican chief.

General Scott has been at Naco for two weeks trying to bring about an agreement between General Maytorena, commanding the Gutierrez force attacking the Mexican town of that name, and General Hill, of the Carranza garrison. Hill agreed to withdraw to Augua Prieta, but Maytorena has postponed entering into any final agreement, awaiting, it is said, the arrival of General Cabral, who is on his way north with 8000 men to take charge of the situation.

### Land Slides May Halt Panama Canal Naval Fete

Washington, D. C.—The possibility of a postponement of the cruise of the international fleet from Hampton Roads to San Francisco through the Panama canal, in connection with the opening of the canal and the exposition, was suggested Tuesday in the course of a conference between Secretary Garrison and Colonel Goethals, governor of the canal.

Though the great earth slides at Cucaraha have apparently been conquered, according to Colonel Goethals' report, the earth movements continue in the neighborhood of Gold Hill. At that point the superincumbent masses of earth on the side of the canal, by their great pressure, are continuously forcing rock and soil in great quantities into the canal prism. The movement is sufficiently extensive to require the continuous employment of dredges to maintain the channel.

### New York Is Wealthiest.

New York—The wealthiest landowner in the limits of the municipal jurisdiction, according to a report to Controller Prendergast, is the City of New York. The assessed valuation of the city's holdings is \$1,447,547,869, of which \$1,429,491,360 is within the city limits. Compared with the figures of 1913, the value of the properties shows an increase of \$71,104,589. The increase in land values reaches the large figure of \$41,689,078, while in the value of buildings and other improvements, it totals \$29,253,632.

### Japanese Nurses Leave.

San Francisco—Seventeen Japanese nurses and three Japanese surgeons, headed by Dr. Jiro Suzuki, surgeon general of the Japanese army, arrived here on the liner Shinyo Maru and will take the first train for the East. They will re-embark for the European battlefields.

These nurses are the pick of the Japanese Red Cross, and all have been decorated for bravery and efficiency while under fire. Some are heroines both of the Boxer rebellion and the Russo-Japanese war.

### Arizona Dry Law Test On.

Tucson, Ariz.—Louis Ghera, a seeloonkeeper, arrested January 1 by prearrangement to test the Arizona Prohibition law, was found guilty in the Superior court and given a sentence of 90 days or a fine of \$100. Ghera refused to plead prior to judgment in order to give basis for habeas corpus proceedings which will be instituted for the purpose of bringing the validity of the law to a legal test.

## NORTHWEST MARKET REPORTS.

Portland—Wheat offerings by farmers have ceased. Prices have advanced so rapidly in the past week that sellers have withdrawn from the market. Extreme bids put out yesterday, denoting the urgency of the demand, failed to have effect on holders. One large firm of buyers, which has been taking in an average of 25 cars a day, has since Christmas been unable to secure more than one car a day.

At the Merchants' Exchange session yesterday bid prices were raised, but this failed to bring out more than two lots of wheat. Five thousand bushels of January club were sold at \$1.23 1/2, an advance of 1 1/2 cents over Monday, and 5000 bushels of January red Russian were sold at \$1.23, the same price as bid on the preceding day. A 5000-bushel lot of spot club was sold on the curb at \$1.23. This is the highest price so far paid for this kind of wheat in the local market, but a half cent better was paid in the country the day before.

Offers for bluestem on the Exchange were up 2 cents for early delivery, \$1.30 being bid. March bluestem was wanted at \$1.33. For spot forty-fold \$1.29 1/2 was bid, against \$1.27 on Monday. Red wheat was held at about the previous day's prices.

The closing days of this year are bringing more activity in the hop market. Growers are making no effort to sell and this is holding prices steady at the old level.

Beet sales in the United States for the month of October, 1914, were 5,856,540 barrels, as against 5,456,503 barrels for October, 1913.

Wheat—Bid: Bluestem, \$1.30; forty-fold, \$1.29 1/2; club, \$1.23 1/2; red Russian, \$1.23; red spot, \$1.23. A 5000-bushel lot of spot club was sold on the curb at \$1.23. This is the highest price so far paid for this kind of wheat in the local market, but a half cent better was paid in the country the day before.

## HAS TIME OF WORLD

### Single Dial of Chronometer Records It All.

Invention Both Mechanically Clever and Artistic Has Been Awarded a Patent by the Authorities at Washington.

A chronometer, indicating on a single dial the time at any city in the world, was recently awarded a patent, according to Popular Mechanics. The instrument consists of a globe of the earth inclosed in a glass dome, around the circumference of which is an hour and minute scale. Half of the characters are in white and the other half black, indicating day and night. The dome is so mounted that it revolves once every 24 hours, so that if it is desired to know the time

Odd Clock Which Shows the Time of Every Place in the World.

at Paris, it is only necessary to follow a longitudinal line leading from the position occupied by that city on the globe to the dial. If the figure appears in white, the hour which it represents is that of day. A second dial at the base of the sphere shows the local time, although this could be read on the universal dial.

Activities of Women. Club women of Oklahoma City have organized a company to build a cotton mill.

Montgomery, Ala., has a woman barber who makes a specialty of bobbing children's hair.

About 36,000,000 babies are born each year, or at the rate of about seventy a minute.

Two thirds of the woman workers in the Tokyo factories receive less than sixteen cents a day.

Mme. Koudachef, well known as an explorer, has been attached to the Russian scout service. She rides the same horse upon which she made her famous trip from Vladivostok to Petrograd.

Mrs. Mary Mitchell has deeded back to the government her Nebraska farm, valued at \$5,000, which she obtained through a method now recognized by her as irregular and dishonest.

Poor Comfort. Richard Croker, at a dinner at the Democratic club, in New York, said of the war:

"Everybody is telling the combatants in Europe what a regenerated world it will be after the war is over—no more armament firms, no more conscription, no more race rivalry."

"But the way they are getting killed off, the combatants must feel about all this consolation like Tim Grady."

"Tim Grady lay in his sick bed groaning and moaning."  
"Are you very bad, Tim?" asked his wife.

"No," said he. "It's the doctor I'm thinkin' of. What a bill it'll be, to be sure, to be sure."  
"Shure now, Tim," said his wife. "There's the insurance money, ain't there?"—Washington Star.

Sewing Wounded Hearts. A Russian surgeon named Zelder reports 31 patients who recovered from stab wounds of the heart in the hospital at Obuchow. Prompt and rapid operation is the probable reason for this good showing.

The patients were all put under the influence of ether very soon after the injury, part of the chest wall was removed, the heart lifted from its bed, and the stitches quickly introduced between perforations. The boy chest in wall over the heart was not put back in place, that organ being covered only by skin and muscle. This was done to give the heart room to expand and to prevent adhesions from embarrassing the heart's action. Several of the patients are at their daily work after seven years since the operation.

Blasphemy. Walter Damrosch said the other day in New York:

"Kreislair, the Austrian violinist, has been wounded in the arm, and it may be that he'll never play again. To use Kreislair as a stop for bullets seems to me a blasphemy to the English contess used toward Paderewski."

"At a great English country house a countess said to Paderewski one rainy afternoon:  
"Oh, Mr. Paderewski, you play, don't you?"  
"Yes, madam," the master replied.

"Then," said the countess, "would you mind turning my daughter's music?"—New York Tribune.

Mechanical Cotton Picker. Should a mechanical cotton picker recently invented prove practical, it will revolutionize the industry in this country. It is a huge contrivance, driven by one man, much as an automobile is operated, and claim is made that it will pick 95 per cent of the cotton without injury to the unripe bolls or the plants.

### Danger in Overcrowded Cars.

Health Commissioner Goldwater's fight for the stragglers in New York is of vital interest to those who travel about in all large cities. "The wilful crowding of cars," says the commissioner, "is a serious offense against public health and safety. It can be readily demonstrated that throat affections, tuberculosis and like diseases are transmitted from person to person under the conditions that exist in subway and other passenger cars. Heretofore the fight against overcrowding in the cars has usually been waged on the score of discomfort. If it is now to be carried on as a health campaign, to safeguard the people against infection and contagion, it will probably be effective.—Jersey City Journal.

### Hint as to Improvement.

"Father," said the small boy, "is there really a Santa Claus?"  
"Why, I believe so, my son."  
"But as a very grown older doesn't a boy's own father come to the front and choose the gifts himself?"  
"I shouldn't be surprised if that were the case."  
"Well, I hope it is. I haven't said much about it, but after thinking over the presents I've been getting for two or three Christmas past, I'd rather cut out Santa Claus and take my chances with you."—Washington Star.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Final Precaution. "You treated the accusations with silent contempt, of course?"  
"I did."  
"And then with haughty indifference?"  
"Yes."  
"Then you laughed them to scorn?"  
"Certainly not, I was just trying to be polite."  
"And finally repelled them with just indignation?"  
"Exactly."  
"Then you'd better see a good criminal lawyer next."—Philadelphia Ledger.

## Kola Tablets

Have many friends who use them as a general tonic and for kidney trouble. Price 25c per box, 5 boxes for \$1.00. For sale by Lane-Drugg Co., 34 and Yamhill Sts., Portland, Ore.

Thraldom. "Her husband never leaves the house without her knowing it."  
"How does she manage it?"  
"She buys him neckties that he can't possibly buy without her assistance."—Washington Star.

With the Aid of a Stone Wall. "I tell you the automobile puts it all over the horse."  
"You bet! For one thing, it takes several days to break a horse, while you can break an automobile in the first time you take it out."—Boston Transcript.

## HOW TO HEAL SKIN AND SCALP TROUBLES

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes, and similar itching skin troubles.

At any reliable druggist's get a jar of Resinol Ointment and a cake of Resinol Soap. With the Resinol Soap and warm water bathe the affected parts thoroughly until they are softened. Dry very gently, spread on a thin layer of the Resinol Ointment, and cover with a light bandage. This should be done twice a day. Usually the distressing itching and burning stops with the first treatment, and the skin soon becomes clear and healthy again.

Wrong Woman. Mrs. Hobbs—I saw your wife yesterday.  
Mr. Bobbs—Did you? What did she have to say?  
Mrs. Hobbs—Oh, nothing!  
Mr. Bobbs—That wasn't my wife.—Puck.

## 10 CENT "CASARETS" FOR LIVER AND BOWELS

Cure Sick Headaches, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Casarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clear, stomach sweet and head clear for months. They work while you sleep.

Comparatively Good. "So you are going to be married, Mary?"  
"Yes, ma'am, and I'll be leaving you next Tuesday."  
"Well, I hope you are getting a good husband."  
"If he ain't better than the one you've got I won't keep him long."—Detroit Free Press.

Found Wanting. "Bruder Perkins, you're fighter, I heah," said the colored minister.  
"Yass, Ah wuz."  
"Dose yo' membah whut de Good Book ses 'bout turnin' de odder cheek?"  
"Yass, pahson; but he hit me on mah nose, an' I'se only got one."—Livingston Lance.

A starving girl sold her hair to escape death from starvation. One of those hair-breath escapes, evidently.

## That Weak Back

accompanied by pain here or there—extreme nervousness—sleeplessness—may be faint spells—or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and invigorate herself for just such cases by a physician of vast experience in the diseases of women.

## DR. PIERCE'S Favorite Prescription

has successfully treated more cases in past forty years than any other known remedy. It can now be had in sugar-coated, tablet form as well as in the liquid. Sold by druggists and dealers of trial box by mail on receipt of 50 cents in stamps.

Miss Elizabeth Lovelock of Berkeley, Cal., in a recent letter to Dr. Pierce said: "I was completely broken down in health, I was white and had pains all over my body and was so nervous that I could scarcely get to bed. I got the good fortune to meet a nurse who had been cured by Dr. Pierce's Favorite Prescription. I have never had an occasion to consult a physician since—am in excellent health."

Dr. Pierce's Pleasant Pellets regulate stomach, liver and bowels—sugar-coated, tablet form.

## Shipping Fever

Influenza, Pinkeye, Epistaxis, Hysteria and throat diseases cured, and all others, no matter how exposed, relieved from these diseases with SPOHN'S LIQUID DISINFECTANT CURE. Three to six doses often cure a case. One 50-cent bottle guaranteed to do away with the least thing for blood-poisoning, acts on the blood, is sent a bottle, 50c dozen bottles. Druggists and hardware shops or manufacturers sell it. Agents SPOHN MEDICAL CO., Chemists, Goshen, Ind.

Convertible Watch. A convertible watch recently devised is provided with an ingenious set of interchangeable attachments that make the one watch equivalent to seven, so far as styles of wearing are concerned. By means of these attachments it may be worn as a bracelet watch, as a moire, silk-elastic, or leather-strap watch, as a silk or chain-swatch or as a chatelaine brooch watch.—Popular Mechanics Magazine.

Father's Heart. "You're not 'urrying to work this mornin'?"  
"I'm not that."  
"S'pose a duke like you don't mind losing an 'our'?"  
"Look 'ere, Bill, our timekeeper's daughter was married yesterday and I tell you if 'e's there to time this morn' 'e's no father's 'eart."—Tid-Bits.
