Mr. W. H. Chaney, R. F. D. 2, Sutherland, Pittsylvania Co., Va. writes: "For the past twelve months I have been a sufferer from catarrh of the head. Since taking four bottles of your Peruna I feel a different person altogether. The severe pains in my head have disappeared, and my entire system has been greatly strengthened. This is my first testimonial to the curative qualities of any patent medicine, but I feel it a duty to mankind to let them know of the greatest medicine on earth—Peruna—in my estimation for the above trouble."

Those who object to liquid medicines can now procure Peruna Tablets.

General Cerzanza has added to his program of reform the granting of absolute divorce. Any judge in Mexico—if he cares to take the chance of Cerzanza's resenting himself at Chapultepec—may now annul a marriage contract. The law became effective on New Year's day. Mexico has heretofore never granted more than a legal separation. The new law not only provides for divorce with the right to remarry, but makes the dissolution of the union so simple that the mere agreement of man and wife to break their marital contract is sufficient.

German Airmen Drop Bombs on Yarmouth, Eng.

Yarmouth—A hostile aircraft passed over Yarmouth at 8:30 o'clock Wednesday night and dropped several bombs. Considerable damage to property resulted and there was some loss of life. One man is reported to have had his head blown off.

One bomb fell in Norfolk Square, close to the waterfront, and another on the south quay. A third struck the York Road drill hall, fragments of the casing of the shell crashing through the glass roof of the billiard room of the headquarters of the National Reserve. A fourth missile fell near the Trinity depot.

Great excitement prevailed in the town and special constables, the police and military were called out to calm the people, who streamed out of their homes when the explosions occurred. The electric supply was immediately cut off and the town was plunged in darkness.

The whirring of the propellers of the air craft first attracted attention. Then came the explosions and the sound of breaking glass. The first bomb dropped near the recruiting ground and the others near the drill hall. In all five bombs were thrown by the aviators.

After the attack the air craft sailed in a southerly direction. One man was found outside his home on St. Peter's Plain. His head had been crushed. He was identified as Samuel Smith, a shoemaker. A woman, who has not yet been identified, also was found dead, while a soldier was discovered in Norfolk Square with a wound in his chest.

The towns of Yarmouth, Sandringham, King's Lynn and Cromer are all in the province of Norfolk, which abuts the North Sea about 150 miles northeast of London.

England Replaces Old Glory With Own Flag

Washington, D. C.—Ambassador Gerard cabled the State department the substance of a statement made to him by Captain Farley, of the American steamer Greenbrier, which arrived at Bremen a few days ago with a cotton cargo from New Orleans, after having been subjected to a series of detentions, notwithstanding assurances which had been given by Great Britain that shipments of cotton in American vessels would not be detained.

Officials did not disclose the details of Captain Farley's statement, but it is said he charged that after examining the Greenbrier's papers, a British prize crew ordered the American flag hauled down and conveyed the ship into Kirkwall, a British port. Captain Farley refused to navigate the ship while the British flag was at her mast, and asserted that through incompetent navigation by the British three booms were swept away. He was ordered to take the ship to Leith from Kirkwall, which he did after raising the American flag and later was able to proceed to Germany, after a delay of three days.

The State department, it is understood, is investigating the case through the American embassy in London.

Consul-Elect From U. S. Rejected by English City

London—John L. Cutright, newly accredited United States vice consul at Nottingham, has returned to London without taking up his duties because the mayor and other city officials had advised him that he would not be acceptable in an official capacity.

The objection to Mr. Cutright is based on articles which he wrote and which were published in a Lincoln, Neb., newspaper. It was charged that the letters expressed pro-German sentiments.

Before coming to Nottingham, Mr. Cutright served as American vice consul at Coburg, Germany. While there he wrote the letters to which the Nottingham officials took exception. Mr. Cutright is a son of John Cutright, editor of the Lincoln, Nebraska, Star and formerly was private secretary to William Jennings Bryan. The son, a graduate of the University of Nebraska, has been in the consular service only a few months.

The British foreign office has no information concerning objections on the part of Nottingham officials to the assumption by John L. Cutright of his duties at the American consulate. The American embassy would say nothing concerning the case, further than to say that if Cutright was not acceptable to the Nottingham authorities, he probably would be sent elsewhere.

Harbors Bill Passed.

Washington, D. C.—The rivers and harbors appropriation bill, carrying more than \$34,000,000, passed the house by a vote of 164 to 81. The bill now goes to the senate, where a protracted fight is expected. All efforts to block or substantially amend the bill failed. Amendment after amendment was voted down. The bill authorizes no new projects, the \$34,000,000 being apportioned to continue improvements already under way, with provision for examination and surveys in various places, including Colorado.

NORTHWEST MARKET REPORTS.

Portland—There is some improvement in the potato market this week. The shipping movement southward has started, but no great hopes are held out, as only a small part of the stock is of shipping quality. A few cars of Burbanks are going to California and for these buyers are paying \$8@9@10 at East Side points, while ordinary stock is bringing 7@8@9 in Portland. The San Francisco market is in better shape, as the Salinas are practically all gone, and this will leave an opening for a limited quantity of Oregon. The American Wonder seed movement seems to be about over.

The local jobbing trade is not brisk and the market is sufficiently supplied. Front street prices are unchanged.

There is no shipping outlet for eggs and with receipts enlarging the market is slowly reaching a lower level. Sales were made at 28@29c, case count.

Poultry receipts were liberal and the market was weak, hens selling at 13@14c. Dressed pork was very weak, with 9c as the top. Veal was barely steady.

No changes were reported in the butter or cheese markets.

White beans are steadily advancing in price. There was a good crop on the coast this season and the quality was fine, but the market is being strengthened by the upward movement of prices in the East, where large exports to Europe have caused advances.

Sheep—Wethers, \$6@6.50; ewes, \$5@5.50; lambs, \$6.25@7.50.

Tacoma—Local commission men report a splendid movement of apples and a firmness in prices. Prospects for a healthy business for the remainder of the season are bright. During the early part of the war, shipments of this fruit could not be made to foreign countries and to move the commodity it was necessary to set prices down nearly twice as low as they were last year.

The trade grasped the fruit instantly at these prices and the unusual demand from other sections of the United States and Canada soon exhausted the surplus. Dealers report that there is still five months of apple business. New varieties taken from cold storage are offered now at from 75c to \$1.25 a box.

Onions also are said to be firm and rises are looked for. Brown Oregon onions are moving out at from \$1.75 to \$2.25.

Eggs—Fresh ranch, 27@28c; local cold storage, 23 @26c; Eastern, 23@26c.

Potatoes are getting firm. Last season the spuds opened at high prices and went down toward the latter part. This year the tables are just reversed, the tubers opening at low prices and going up as the season advances. Merchants say, however, that quotations will not rise much.

Milling wheat in Tacoma made other advances, reaching the highest point yet known locally. Bluestem is offered at \$1.42; forty-fold, \$1.41; club, \$1.40; red Fife, \$1.36; red Russian, \$1.34.
