"Let Us Spray"

Now's the time for this important annual duty of the tree-owner. We want to call your attention to SPRA-SULPHUR, a soluble compound which costs less and does better work than the lime-sulphur solution. It keeps indefinitely, dissolves quickly in cold water, and 100 lbs. of it equals a 600 lb. barrel of solution. In using Spra Sulphur you have no waste, no leaky barrels; you pay no freight on water and haul none to your ranch. It is a superior and efficient form of sulphur for destroying all kinds of tree pests—scale, fungus, apple scab, aphid or mildew. It is packed in airtight, friction-top tins, and you need only to keep it tightly covered until ready for use. Get it of
