A Draft—You Catch Cold—Then Follows Coughs, Cold Stiff Neck Neuralgia
 Especially in the piercing pain of neuralgia or the dull throbbing headache is Sloan's Liniment wonderfully relieving. Laid lightly on the part where the pain is felt, it gives at once a feeling of comfort and ease that is most welcome to the overworked sufferer.

Hear What Others Say:
 "There are no Liniments that equal Sloan's. My husband has neuralgia very often, he rubs Sloan's on his face and that is the last of it."—Mrs. V. J. Brown, Nevada, Nev.
 "I have used Sloan's Liniment for family use for years and would not be without it. We have raised a family of ten children and have used it for croup and all lung troubles also, as so effective for wounds, of which children have in such numbers, it can't be best. My wife sprained her ankle last summer and it was in bad shape. Sloan's Liniment applied last to be as good as ever in a week. I have used it several times for sprains and dislocations."—John Neenan, H. W. N. S. Knob, Iowa.

Only Worse.
 A Philadelphia schoolteacher has lately been instructing her pupils in Grecian mythology. It is the plan to have the children wear the talos around and the next day recite them in their own language. One lad, to whom was given the assignment to render in his own language the story of the Gorgons, did so in these terms:
 "The Gorgons were three sisters that lived in the Islands of Hesperides, somewhere in the Indian ocean. They had long snakes for hair, tusks for teeth and claws for nails, and they looked like women, only more horrible."—Pittsburg Chronicle-Telegraph.

Children Have Kidney Trouble
 Three years ago my little girl, Angela, was taken sick with scarlet fever and later dropsy set in; her face and limbs swelled and her eyes puffed. A leading physician here at the time, treated her without the slightest success. A sample of your Swamp-Root having been left at the house at the time, I resolved to try it, and as it agreed with her stomach I continued using it with gratifying results. The inflammation began to subside after she had taken the first fifty-cent bottle, and after she took two large bottles she was pronounced cured by the doctor and has been in good health ever since. The doctor came to see her every day and examined her every second day until he pronounced her kidneys in perfect condition. Now then the doctor was under the impression that I was giving my girl his medicine, but as his medicine had failed to do a bit of good, and desiring not to offend him, I did not tell him I was giving her Swamp-Root and he did not know the difference. I did not use one drop of his medicine after I started my girl on Swamp-Root, and have always felt that Dr. Kilmer's Swamp-Root saved my girl's life, for which I am grateful. I cannot praise it too highly. Very truly,
 MRS. MARY BYRNE,

Britain to Divert Food.
 London — The foreign office announced definitely that if the cargo of the American steamship Wilhelmina should be diverted for the relief of the distressed in Belgium, the decision to send her cargo to a British prize court would be reconsidered. Otherwise her cargo must be submitted to the decision of the court.

Los Angeles Children Thrifty.
 Los Angeles—A canvas of the banks here shows that 40,000 children under sixteen years of age have almost \$1,000,000 in savings deposits, an average of \$25 each. One bank has 15,000 depositors between the ages of two and fourteen years. The largest account is that of a twelve-year-old boy who has \$1,572. He began seven years ago with 50 cents. A leading financier declared on this showing that Los Angeles children are the thriftest in the world, which he ascribes largely to business instruction in the schools.

Fist Flies for Lincoln.
 Portland, Or.—To defend the memory of Abraham Lincoln, Corporal M. J. Parcells, of Vancouver Barracks, pulled an I. W. W. from his soapbox, pummeled him severely and knocked down several sympathizers who started a riot. The speaker is said to have made remarks derogatory to the martyred President. The soldier, who sustained several bruises and cuts, was treated at the police hospital and released with congratulations. Two members of the crowd were arrested on a charge of disorderly conduct.

Tiniest Exhibit Arrives.
 San Francisco—The smallest and most valuable exhibit at the Panama-Pacific International Exposition will be the fraction of a grain of mesothorium, a derivative of radium, valued at nearly \$300,000 which will be placed in the German section of the Palace of Liberal Arts. The exhibit is now on its way from Hamburg in a lead box, carried by a personal representative of the discoverer, Dr. Hugo Lieber.

British Strike Averted.
 London — The threatened strike of several thousand railroad men throughout Great Britain, demanding an increase of wages, seems to have been averted. Announcement was made following a conference between railroad managers and representatives of the union that an agreement had been reached, the terms of which will be announced later.

Eight Slain in Panama Fight.
 Panama—A fight between soldiers and native policemen here resulted, according to first reports of the conflict, in the deaths of five policemen and three soldiers and the wounding of many of the combatants. A carnival was in progress and many of the soldiers were on leave to attend the festivity.

Where the Trouble Lies.

 Husband—I do, the trouble is that when I want anything done I can't get the other fellow to realize it.—Boston Transcript.
