Steel vs. Iron.

For some purpose iron is to be preferred to steel and vice versa. To easily distinguish one from the other, make a bright spot on the metal with a file or sand paper and apply a single drop of nitric acid. Allow it to remain for one or two minutes and wash or wipe off. If the spot has a pale ashy appearance it is wrought iron; if it is a brownish black, it is steel; if a deep black, it is cast iron.

Most Skin Trouble Readily Overcome

The Active Principle of a Famous Remedy Works Wonders.

Many people have marveled the way S. S. S. overcomes skin troubles. The explanation is the fact that S. S. S. works in the blood and the blood is really a most intricate and extraordinary mass of arteries and veins.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood streams just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment. And the medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of minerals or drugs is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the Medical Department, The Swift Specific Co., 529 Swift Bldg., Atlanta, Ga.

Do not allow some zealous clerk's eloquence over something "just as good" as S. S. S. to fool you with the same old mineral drugs. Beware of all substitutes. Insist upon S. S. S.

Pipefish Has "Pocket."

The pipefish, as it is called, from the length of its jaws, has a pocket on the under side of its body nearly half its length. It is found in the male species only, and is the only part of its body which is unprotected by large flat plates, which take the place of scales in its protective armor. In this pocket the young fish are carried very similar to the way the kangaroo carries its young.

STOP COUGHING

Mr. Andor Kiss, No. 318 Clinton Place, Kansas City, Mo., writes: "I cannot thank you enough for being cured. For seven long years I doctored steadily for my catarrh and cough, which cost me hundreds of dollars. But my catarrh grew worse all the time. Even though I was under the treatment of some of the most famous doctors, I still had a terrible cough and thought sometimes that I would choke. I could get no air. I then bought a bottle of Peruna, and that evening and all night my wife gave it to me according to the directions, and I felt better the following day already. Three days later I felt much improved, and today, after the use of the fourth bottle, I feel entirely cured. I can conscientiously recommend this grand medicine to every citizen."

A Good Cough Tablet.

There are people who object to taking fluid medicines. For such people the Peruna Tablets are especially valuable. They are convenient to carry in the pocket.

Taking No Chances.

At a Scotch watering place one summer, Macpherson was found stretched in a contented mood on the sands, puffing his old pipe. "Come on, Mac," said his companion, who had just come from town, "let's go for a sail." "Na, na," replied Macpherson, slowly shaking his head, "I has had a guid dinner at the cost 'o three and saxpence, an' I'm takin' no risks.'

Lesson From the Lily.

How easily we lose poise, swept by the current of life! Our root is not deep enough. Consider the lily resting on the face of the waters, its roots far below. Duty Ever Present.

A sense of duty pursues us ever. It is omnipresent, like the Deity. If we take to ourselves the wings of the morning and dwell in the uttermost parts of the sea, duty performed or duty violated is still with us, for our happiness or our misery.—Daniel Webster.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

NEW ARMOR PLATE

The New Process, it is Claimed, Will Make Large Guns Useless.

Another of the series of experiments to determine the resisting power of a certain class of armor was recently conducted with extremely satisfactory results. Fortifications built of this metal might be made indestructible and it would be useless to bombard them.

It is also useless to try to make a success in life if handicapped by poor health. You lack the strength and stamina necessary to win.

In the majority of cases of poor health, stomach trouble is the real cause; but this can be corrected by careful diet and the assistance of Hostetter's Stomach Bitters. It tones, strengthens and helps the digestive functions and when the food is properly digested, strength and renewed vigor is sent coursing through the entire system.

The proper time for action is when you notice the first symptoms of weakness, such as loss of appetite, headache, bloating, heart-burn, sour stomach, indigestion or constipation and by resorting to Hostetter's Stomach Bitters you can help Nature conquer them. Delay only aggravates matters and prolongs your suffering.

Take a bottle home with you today but see that the stamp over the neck is unbroken.

TAKE THIS MAN'S ADVICE

TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

MEXICO RECEIVES STRONG NOTE FROM UNITED STATES

Washington, D. C. — General Carranza has been informed in a note from the United States government that unless there is an improvement in conditions with respect to foreigners and their interests in Mexican territory under his control, such steps as may be necessary will be taken by the American government to obtain the the desired protection.

The note is the strongest and most emphatic document that has been sent by the Washington government to Mexico since the correspondence with Huerta a year ago. Carranza is warned that the United States has viewed with deep concern the growing complaints by foreigners generally against his administration of affairs and now, in effect, demands an early change.

The contents of the communication was revealed to several of the ambassadors and ministers here, who expressed satisfaction at its urgent language. Some regarded it as an entire change of policy toward Mexico on the part of the United States.

Some movements of American warships have been ordered, the effect of which will be a naval demonstration such as, it is hoped by some officials, will convince General Carranza of the determination of the American government to obtain a change in conditions in Mexico City.

Secretary Daniels conferred with President Wilson over the propects of sending additional warships to Vera Cruz. Only one vessel, the battleship Delaware, has been at Vera Cruz for several weeks, but five warships will be in that vicinity in a few days. It has been planned to send the Delaware to Guantanamo soon to join the Atlantic fleet in its spring maneuvers.

As a result of the latest developments the Delaware will remain at Vera Cruz indefinitely; the cruiser Tacoma left Port au Prince, Hayti, under orders to proceed at once to Vera Cruz; the gunboat Petrel already is enroute from Mobile, Ala., and the cruiser Des Moines is bound from Progresso to Vera Cruz, while the gunboat Sacramento is at Tampico.

Other available light-draft vessels —more valuable than battleships in tropical waters — are the gunboats Wheeling and Nashville, being held in readiness with the armored cruiser Washington, in Haitien and Dominican waters, while the entire Atlantic fleet of 21 first-class battleships is at Guatanamo, within two and a half day's sail of Vera Cruz.

Mr. Daniels gave this summary of the position of the warships, but declined to discuss future movements.

That conditions again have reached an acute crisis was admitted at all the government departments.

British Collier Sunk by Torpedo on English Coast

London — The admiralty announces that the British collier Bengrove was sunk Sunday, probably by a torpedo, off Ilfracombe, which lies ten miles northeast of Barnstaple, county Devon, England.

Ilfracombe — The British steamer Bengrove was seen in distress and sounding her siren five miles off this shore at 1:30 o'clock Sunday afternoon. Forty minutes later the ship's bow rose from the water and she sank by the stern. Thousands of people stood on the shore and watched her go down.

Two steamers were in the vicinity, one of which, the Paignton, of Liverpool, rescued the crew of 32, and local lifeboats brought them ashore amid the cheers of the populace.

Big Air Fleet Makes Swoop on German Base

London—The admiralty has issued the following statement:

"Wing Commander Longmore reports that an air attack on Ostend was carried out Tuesday afternoon by six aeroplanes of the naval wing. Of these, two had to return owing to their petrol freezing. The remainder reached Ostend and dropped 11 bombs on the submarine repair base and four bombs on the Kursaal, the headquarters of the military.

"All the machines and pilots returned. It is probable that considerable damage was done. No submarines were seen in the basin. The attack was carried out in a fresh north-northwest wind."

Prince's Message Found.

Paris—The Revue Blue prints the diary of a German sergeant-major, who had charge of the telegraph service in the Verdun district, in which the following telegram, sent by the German crown prince to his wife September 3, was preserved:

"After a hard fight we have forced the passage of the Meuse, always finding the enemy fortified in new positions. This means terrible losses, but we advance. Papa, last night at Marville was very sad. Von Wedel has been killed."

Disease Sweeps Prison.

Geneva, via Paris — Advices from Serbia set forth that typhoid fever prevaills among the Austrian prisoners to the number of 70,000, who are in the hands of the Serbians. The Swiss government has been notified by the Serbian military authorities that a Swiss doctor by the name of Lachleder, who has been serving with the Serbian medical corps, was dead of the disease. The Serbians are asking for more doctors.

Smallpox is also said to be raging among these Austrian prisoners.

Bernhardt Able to Sit Up.

Bordeaux — The bulletin just issued by Dr. Denuce, who is attending Sarah Bernhardt at the hospital here to which she is a patient, following the recent amputation of her right leg, says: "Madame Bernhardt is able to sit up. Her condition is excellent."

A POTATO ROMANCE

"If I were a farmer boy, or a boy without capital, and wanted an early competency, I'd start right out growing Potatoes," said Henry Schroeder, the Potato king of the Red River Valley, whose story in the John A. Salzer Seed Co.'s Catalogue reads stranger than a romance.

That advice of Mr. Schroeder's, the self-made Potato king, comes from a warm heart, a level head, an active hand, and above all, a successful Potato grower!

Do You Know, Mr. Farmer,

there is more money in five acres of Potatoes year in and year out than in anything you can grow on your farm, and the growing of Potatoes now, with present machinery, etc., is easy. It's regular Fourth of July fun!

VITAL FORCE

Disease germs are on every hand. They are in the very air we breathe. A system "run down" is a prey for them. One must have vital force to withstand them. Vital force depends on digestion—on whether or not food nourishes—on the quality of blood coursing through the body.

DR. PIERCE'S Golden Medical Discovery

Strengthens the weak stomach. Gives good digestion. Enlivens the sluggish liver. Feeds the starved nerves. Again full health and strength return. A general upbuilding enables the heart to pump like an engine running in oil. The vital force is once more established to full power.

Don't despair of "being your old self again." Give this vegetable remedy a trial—Today—Now. You will soon feel "like new again." Dreams.

It is a common saying that one dreams of that which one has been thinking most about. This is the exception and not the rule. The dream may be of something that one thought of at some time, but possibly not for years, that would not be recalled in waking hours, which had lain dormant in the mind, to be prosaically rehearsed through some operation of physical functions, such as impeded respiration, feverish conditions, some posture of the body, a late supper, possibly ended with a dessert of mince pie, stomachic distress, clogging of the circulation or some bodily pain.

The Honor of the Boy Scout.

The most important scout virtue is that of honor indeed, that is the basis of all scout virtues and is closely allied to that of self-respect. When a scout promises to do a thing on his honor, he is bound to do it. The honor of a scout will not permit of anything but the highest and the best and the manliest. The honor of a scout is a sacred thing, and cannot be lightly set aside or trampled on.—From the Boy Scout Handbook.

One of the most valuable and effective methods of relaxation, recently tried for both children and mother, has been "the silent hour" immediately after luncheon.
