Sunday last, the Weston ball team nearly lost its rather corpulent but nevertheless capable young catcher, "Fat" Wood, who was tossing balls on the street when an automobile turned the corner and struck him a glancing blow. Had he stumbled he might have been dangerously hurt, but he kept his feet and escaped with a bruised leg. The driver of the car, a stranger here, seemed to have poor control of his machine, as he afterward ran into a cart driven by Joe Blomgren and wrecked it. Joe was lifted into the air and performed a few stunts that would do credit to a circus acrobat, but found himself unhurt after he landed on the street. The regretful motorist promised full reparation for all damages. Four people were in the car, and were said to be a Walla Walla party.
At a meeting of swine breeders at North Portland arrangements were perfected for furnishing the boys and girls of all sections of the state with breeding animals with which to make a start in the raising of pork for market. The plan was inaugurated by the Union stockyards some weeks ago, but the call for sows was so great that it was found necessary to enlist the aid of professional hog breeders in order to supply the demand. The stockyards will receive orders for sows, already bred, pass them on to the breeders who have agreed to furnish stock, and on receipt of a properly indorsed note from boy or girl, the animal will be shipped direct. The notes will become due and payable at the time the pigs are mature and ready for market.
Y. F. Johnson and Gay Johnson, brothers who have been employed at the upper camp of graders on the Dry creek road, came into town the first of the week and reported that they had been discharged by Foreman Jack Crum because they left the boarding house and insisted on "baching." The brothers claim that Mr. Crum had no fault to find with their work and gave no other reason than the one vouchsafed for letting them go. They left Tuesday for Hood River, and say that they intend to present the facts to the state labor commissioner at Salem. The men employed on the road work receive \$2.25 per day from the county and pay \$5.25 per week for board to private parties.
The ladies of All Saints' Guild motored out recently to the home of Mrs. Carl McConnell, where an enjoyable time was had. Fifteen members attended and the ladies present as guests were Mrs. G. W. Maybee, Mrs. J. M. Banister, Mrs. J. W. Chapin, Mrs. W. S. Banister, Mrs. George Banister of Athena and Mrs. A. L. Schaefer of Pendleton. Mrs. Maybee and Mrs. J. M. Banister became members of the guild. An elaborate luncheon was served by the hostess. Two very pleasing solos were sung by Mrs. R. G. Salinger and a reading was given by Mrs. E. E. Geiss. The next meeting will be held June 3 at the home of Mrs. A. James.
Billy Farrell beat Frankie (Joe) Conley in the fifth round of their engagement at Pendleton Tuesday night before the largest crowd. It is said, that ever attended a boxing match in that lively sporting burg. One of Conley's seconds threw up the sponge, although it appeared to some of the spectators that Conley was not in distress but was merely stalling. Enraged by this act, Conley skipped across the ring and slapped his offending second, and was later taken in custody amidst considerable tumult. Prior to the match, Bobby Evans was introduced by the referee and challenged the winner.
Some wide-awake juvenile reporter has contributed the following sporting note to our item: "The Milton Weston game played at Weston last Saturday was a very victorious one for the young Weston boys. The score was 31 to 1 in the sixth inning, and the Weston boys never counted any more scores from the sixth on, on their side. The Westons knocked three visiting pitchers out of the box. The battery for Weston was Read and Barry, Jimmy fanning 15 men in 9 innings. The Milton battery consisted of Harder, Milby and Harder. Struck out by Milton pitchers, 5."
Joel O. Davis, who until the present year was superintendent for three years of the Weston schools, and has lately been teaching at Washtucna, has been elected to the principalship of the Prescott, Wash., schools. The many friends and well wishers of Mr. Davis in this community regard Prescott as fortunate in securing his services. Mr. Davis and family will remain in Washtucna until August. The program committee for the pioneers' reunion at Weston, June 11 and 12, has been promised some numbers by Mrs. Davis, who is a gifted humorous and dramatic reader.
The third championship ball game between the Weston Mountain and Dry Creek teams will be played on the Weston grounds next Tuesday at 2 p. m., while the local league team is keeping its Athens date. Each has won a game, and this battle will be "for blood." John English is manager for the "Brush Monkeys," while George Bude has the Dry Creek team, and it will be worth while to be on hand and watch these rival magnates glare at each other.
The Rogers place in the foothills near Weston, consisting of 370 acres of farming and pasture land, has been sold by J. W. Wolfe of Walla Walla to Joe McClellan. The consideration is said to have been in the neighborhood of \$15,000. L. V. Warner, who has been farming the place, has disposed of his interests to Mr. McClellan, and will move to Walla Walla with his family.
Glenn Morrison, son of Mr. and Mrs. R. Morrison of this city, was among the sailor boys who tried to raise the United States submarine which sank last month in Honolulu harbor. Wet but happy, four local fishermen returned Sunday evening from a day's sport on the north fork of the Walla Walla. They took about 200 trout, and felt well repaid for being caught out in a drenching rain. In the party were Geo. B. Carmichael, Roy Key, "Frenchy" Dupuis and Bob Proudfoot.

Bobby Evans bested Barney Mullin in the third round of their boxing match last night at Weston. Mullin was plainly out of condition, and only in the first round did this veteran ringster show occasional flashes of his old-time form. There were two good preliminaries.
A mare belonging to the Ross boys has a "stink in her neck" which it is puzzling them no little to eradicate. When released she was unable to move her neck, although it had not been broken and had suffered no apparent injury.
The safe in the O. W. R. & N. depot at Milton was blown with nitro-glycerine Sunday night and robbed of its contents, \$425 in money. The job was apparently done by expert cracksmen. County officers took a couple of suspects in custody at Weston Tuesday, but soon found that they were not the right men and they were released.

WESTON'S BEAUTY BABES ARE HIGHLY LAUDED
"One of the principal things to attract the attention of a stranger in Weston is the marked beauty of its children."
This remark comes from Ohmart & Abrams, photographers, who have lately fitted up a studio in the Brandt building. An artist of experience, they may be said to be speaking with authority.
The same observation has more than once been made. Weston stands with distinction as a city of fine children, many a little flock in baby buggies and tripping upon the lawns and streets of this fortunate burg. Commenting further, Ohmart & Abrams observe:
"The fact that Weston contains so many beautiful children might not impress others so much as it does the man who makes a profession of photographic art. We have been studying faces for years, and know what we are talking about when we say that Weston can boast of as handsome a lot of little people as any place we know of—and that includes some large centers. Weston has much to be proud of, and its children count for a good deal in this respect."

TO THE PUBLIC.
Are you trying to build up your home town? If you are not, why not start in today by buying your bread at the Weston Bakery or the O'Hara Store, which is handling Weston bread. We spend our money at home, and have invested our money here, and furthermore are here to stay.
Are you, reader, guilty of spending your money for bread that is made at Walla Walla? If so, you are not helping your town and you also get stale bread, as it has to be a day in order to ship and is kept two or three days more. We bake every day and our bread is fresh. Come in and inspect our bakery. Cleanliness is our motto.

MYSTERIOUS DEATH OF FORMER WESTON DRUGGIST
W. J. Morrison, formerly, until a year ago, in the drug business at Weston, died at his home in Portland last Friday night under circumstances that indicated suicide. In fact, his death was reported as a suicide by the Portland papers. The Evening Telegram of Saturday said:
"Preparing a special poison which he packed into capsules, W. J. Morrison, part owner and manager of the Rose City pharmacy, East Fifty-seventh street and Sandy boulevard, took the drug to his home, 564 East Fifty-seventh street North, last night and swallowed several of the capsules. Morrison died before aid could be summoned."
"Morrison was despondent over business conditions. Shortly after he went to bed Mrs. Morrison noticed that her husband was breathing heavily. She called him.
"Goodby," gasped Morrison, and lapsed into unconsciousness."
An autopsy was afterward held and the physicians could find no trace of poison. The suicide theory was thus exploded, and the case is puzzling the authorities. "No natural cause of death could be discovered," says the Oregonian.

New Weston Store

Do you own or have bought a HOME or FARM or business in Weston or vicinity?
Are you a renter, laborer, clerk or professional?
Then your values and your welfare depend on your home town. Boost it. Invest at home, buy at home, stay with your friends. "United We Stand, Divided We Fall."
The Business Men and the Home People are the best friends you have. They are here in times prosperous and they are here when you are in need of help. You know that our interests are mutual and you know that we are not selfish. Now make yourself at home. Show us that you are a credit to your town, as well as you want us to be.
What do you think of the fellow who exists as a miserly sponge—eager to take in everything good himself but never doing or investing to better others as well as himself?
For answer—watch his funeral cortege.
Now, Good People, take hold of this WESTON STORE proposition. Boost—don't knock. This is your store. Every industrious girl, boy, man or woman can have a personal interest. The manager will be under bonds, and if you catch him or the directors selling any goods on credit you may have your money out of the business at once. How is that for safety? Stock is negotiable. You can sell, buy or borrow money on it. This is a go right now—in three or four days—or it will be turned down flat and Weston will lose the best chance for a HUMMING SUCCESS she ever had.
Now Boost for the Weston Mercantile Company!
We have a bargain in a Bunde Gasoline Thrasher; on truck, 4 horses, moves anywhere, 40 to 60 bushels per hour, 3 to 5 men can run it; \$625.00 takes it—cash or good as cash.
Also a bargain in a slightly used Potato Planter. Cost \$75 last year. Will take cash or good as cash—any old price.
Come and see the new binders—McCormick and John Deere. Weber, Winans and John Deere Wagons.

PLANS UNDER WAY FOR WESTON STORE

Weston Mercantile Company to be Organized With \$50,000 Capital.

Prospects that Weston will soon have a large new mercantile store are regarded as very encouraging.
The enterprise is the outgrowth of a movement set on foot a few days ago and which is now actively in progress.
A corporation to be known as the Weston Mercantile Company, with capital stock of \$50,000, is proposed. Of this amount \$25,000 is to be fully paid, half in October, this year, and half by January 1, 1916, by the subscribers. The remaining \$25,000 is to be set aside as treasury stock.
The manager and largest shareholder will be J. F. Slover, a successful Milton merchant, who will come to Weston and take personal direction of the store. Mr. Slover has subscribed for \$5,000 worth of stock. Enough further subscriptions have been taken by Weston business men and farmers or are immediately "in sight" to bring the total to \$15,000, and the promoters feel confident that the remaining \$10,000 will be readily secured.
Manager Slover will give a bond of \$10,000, and for as much more as the directors may require. An absolutely cash business must be done, or any shareholder will, on demand, be entitled to the redemption of his stock at par. After paying for their stock shareholders are absolved from any further liability, under Oregon law.
Those in close touch with the business situation here are confident, as is also Mr. Slover, that the enterprise will pay at least eight percent annual dividends from the start. Practically everybody here is "boosting" for the movement. The committee in immediate charge of the subscription consists of Dr. F. D. Watts, Frank Price, J. M. Banister and E. C. Rogers.
Mr. Slover met last Monday with the local people interested, and will be here again today. He says the new store can meet catalogue house competition and still pay good profits.
