KC is pure. KC is healthful. It really does make lighter, nicer biscuits, cakes and pastry than the old fashioned single acting baking powders.

And you pay only a fair price for it. No baking powder should sell for more.

## REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before I used your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind. I had cold, nervous, weak spells, but flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fevers and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all pleasure and happiness in my home."—Mrs. JESSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

## WAR DECLARED ON AUSTRIA BY ITALY

Formal Notification Is Delivered in Vienna by Government.

ITALIAN CHASSEURS DRIVE OUT PATROL

Thirty Thousand Italian Residents Are Detained and Fate of 600 Who Left Trieste Is Unknown.

Rome, via Paris—Contemporaneously with the issuance of a general mobilization order, the Italian government Sunday night officially announced that it had declared war against Austria-Hungary.

The first skirmish of the Italo-Austrian war occurred between Italian and Austrian troops at Forcellini di Montozzo, in the pass between Point di Legno and Pejo.

An Austrian patrol crossed the frontier, but was attacked by Italian Alpine Chasseurs and driven back over the border.

Baron von Macchio, the Austro-Hungarian ambassador to Italy, received his passports at 3:30 o'clock.

The Italian ambassador at Vienna, Baron Avarna, has been recalled. The report reaching Rome that the German and Austrian governments have prevented 30,000 Italians from leaving the territory of those countries has created a profound impression here.

The Giornale d'Italia declines to believe the truth of this report, not only because this would be opposed to the rights of nations, but for the reason that the Italian government not only permitted the departure of Austrian and German from Italian soil, but protected these nations.

From the Austrian side of the frontier, news reaches Udine that the Italian residents are actually being hunted, that the fate of 600 who left Trieste, hoping to reach Italy is unknown and that the greatest anxiety for their safety is felt.

At Rovigno, in Istria, 52 Italian citizens have been arrested. These include the mayor, Signor d'Avanzo, and the secretary of the municipality. All Italian citizens residing near the fortifications of Pola have been taken into custody by the police and at Coroms, on the frontier, 1000 Italians, for the most part women and children, have been concentrated and prevented from leaving the territory.

A Verona dispatch says that Mario Weber, of Trieste, who, notwithstanding his German name, was an ardent Italian, enlisted in the French army when the war began. He was taken prisoner by the Germans and when it was learned that he had resided in Trieste he was handed over to the Austrian authorities and was hanged at Lienz.

The town of Trent, one of Austria's strongly fortified towns, has been terrified by the explosion of mines, with which the military authorities were destroying houses, bridges and everything within the fortified zone that might interfere with future artillery actions.

Eruption of Mount Lassen Terrorizes Residents of Hat Creek Valley, Cal. Redding, Cal.—Lassen Peak poured out another large eruption of ink-black smoke Sunday night, it was reported by returning automobile parties late Monday, who said that a rift in the rain clouds when they were at Viola had shown billows of smoke ascending to a considerable height.

The volcanic avalanche from the crater of the peak was diverted in its ruinous rush into old lava beds and the lower part of the fertile Hat Creek valley was temporarily saved from the threatening flood. In spite of the bill in Lassen's activity, a feeling of terror prevailed throughout the danger zone and more than 100 refugees refused to return to their homes.

Ranchers took advantage of the mountain's somnolence to return to their lands and drive their stock off to the high lands.

War Cost in Year Figured. Paris—Captain Edmond They, widely known as an economist, estimates that the total military expenditures for the first year of the war will be 50 billion francs (\$10,000,000,000) for the seven allies and 37 billion francs (\$7,400,000,000) for Germany, Austria and Turkey. This makes an average of 7,250,000,000 francs (\$1,450,000,000) a month, 242,000,000 francs (48,400,000) a day, 10,000,000 francs (\$2,000,000) an hour. He believes Great Britain, France and Russia can support the strain more easily.

Pope Justifies Position. Paris—A dispatch to the Temps from Rome says: "It is announced that Pope Benedict has prepared a document justifying the Vatican for its decision to maintain absolute neutrality, but leaving Italian Catholics free to act in the war according to their own desires, without engaging the responsibility of the Holy See. It is said that the Pope will protest formally against the expulsion of the Austrian ambassador and the German ministers accredited to the Vatican, declaring that it is contrary to the guarantees."

All Blood Disorders Quickly Driven Away Astonishing Results With the Greatest Blood Purifier Ever Discovered.

Strength, Power, Accomplishment are all Typified in S. S. S. Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience. To get right down into where the blood is vitiated requires S. S. S. the greatest blood purifier ever discovered. This remarkable remedy contains one ingredient the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food. Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the elements of the blood that this poison is rejected and eliminated from their presence. Then, too, S. S. S. has such specific stimulation of these local cells as to preserve their mutual welfare and a proper relative assistance to each other. In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health. From the fact that S. S. S. is purely botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire specific advice upon any matter concerning S. S. S. write to The Swift Specific Co., 205 Swift Bldg., Atlanta, Ga. Do not allow some scoundrel clerk to larrup the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all counterfeits.
