CHOICE OF OREGON IS MADE BY WILSON

Carranza's Mainstay Thought on Verge of Deserting Chief.

WASHINGTON EXPECTS COUNTER-REVOLT

Villa and Zapata Expected to Join Forces—Recognition by U. S. Would Probably Follow.

Washington, D. C. — General Alvarado Carranza for President of Mexico. This is the object of the Wilson administration's latest Mexican policy, according to the admission Monday of a member of the cabinet, who has been chiefly responsible for the President's plan to pacify Mexico since the resignation of W. J. Bryan.

Oregon, now the most conspicuous general of the Carranza forces, is bursting with ambition to attain the presidency of the Mexican republic and recognition by the United States and other powers. He is on the verge of a break with First Chief Carranza and the inauguration of a counter revolution in which he would probably be joined by Villa and Zapata.

Oregon is looked on with high favor by the Wilson administration, which hopes to avoid the necessity of recognizing Carranza as head of the de facto government. The administration believes that Oregon is the only leader strong enough to set up a government and maintain it.

Confidential reports that Oregon probably will desert Carranza and carry the greater part of the first chief's army with him reached Washington a few days ago. The administration was also informed that Carranza's apparent success in extending his military authority is almost entirely to the work of Oregon.

As a result of this intelligence, the administration decided to proceed slowly and await developments. Secretary of State Lansing has transmitted the reports of Oregon's plans to the Pan-American conference in New York. The envoys of the Latin-American republics agreed with Mr. Lansing that it would be wise to postpone action pending the disclosure of Oregon's intentions.

For that reason the conference announced the meeting three weeks hence, at which it will endeavor to decide which faction is worthy of recognition. If Oregon deserts Carranza and develops a strong following he will be recognized by the administration as the de facto president of Mexico, according to the present plans.

After the adjournment of the conference, Oregon was informed by his friends in New York that the situation favored his contemplated move.

Case of Necessity.

William F. McCombs, the well-known Democratic politician, relates the following:

"Little Tommy had a very pretty sister. Pretty sister had a very devoted admirer. One evening when the devoted admirer was sitting in the parlor waiting for sister to appear he was approached by little Tommy. 'Say, Mr. Smith,' rather pointedly queried the youngster, 'do you love sister Jenny?'"

"Why, Tommy?" was the amazed response of the blushing Mr. Smith.

"Why do you ask me a question like that?"

"Because," was the quick rejoinder of the youngster, "she said last night she would give five dollars to know, and I need the money."—Philadelphia Telegraph.

Excusable Inadvertence.

Machinery seems almost endowed with intelligence."

"That's right," replied Farmer Corntassel. "Sometimes I catch myself using the same language to our automobile that I use to the mule."—Washington Star.

Placed.

"So you're looking for a job in the chorus, eh?"

"Yes, sir."

"How is your voice?"

"Well, I'm a little hoarse now, but—"

"All right. I'll put you in the pony ballet."

A Fair Guess.

"Who was it prophesied that the war would be all over by the first of August?"

"I don't know, but if he meant all over Europe, he wasn't so far wrong."

A Venetian Trait.

"Our town is considered the Venice of Sagebrush county."

"A town on a prairie? Why, you have to haul your drinking water to this alkali burg."

"That may be true."

"Then here does your resemblance to Venice come in?"

"We have a large floating population."—Louisville Courier-Journal.

BIG SYNDICATE WILL FLOAT ALLIES' LOAN, IS REPORT

New York.—The proposed mammoth credit loan to Great Britain and France, it was reported, is to be underwritten by a large syndicate of American financiers and bankers who are to receive a commission for their services. The securities offered, it was said, will be British and French 5 per cent government bonds, and the price to the investor is to be par.

The amount of the loan, it was reported, is as yet undetermined, but will be between \$600,000,000 and \$800,000,000.

The underwriting syndicate, it was reported, will be the largest of its kind ever established in the United States, and probably will be open to nearly all national banks, trust companies and state banks that may care to participate.

New Canal Record Made.

Washington, D. C.—New traffic records were set in the Panama canal during July, 170 ocean-going vessels making the passage of the waterway. That was 65 per cent greater than the average traffic of preceding months. Reports that much of the trade originated in inland cities was interpreted by officials as showing that the cost of transportation by ocean and through the waterway was so low as to enable steamships to absorb in their rates all or part of the rail charges to and from the seaboard.

German Attack Repulsed.

Paris — An attack launched by the Germans in the region of Pysse, southwest of Peronne, after they had exploded a powerful mine, was repulsed, the French war department announced in Sunday's official statement, several Germans being taken prisoners. There was marked activity by the artillery, with considerable infantry firing, along a large part of the rest of the battle front.

The destruction of a German anti-aircraft battery east of St. Mihiel is reported.

British General Killed.

New York — News of the death of Brigadier General F. A. Kenna, of the British army, in an assault on the Turkish defenses at the Dardanelles was received here in a cable message from Lord Decies in London to the secretary of the National Horse Show association. General Kenna was one of the best known officers of the army, owing to his interest in sports and his prominence in horse-racing, horse shows, polo and fox hunting.

FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Kasota, Minn. — "I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person, and I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do."—Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

First Car Grapes Arrives

Tacoma.—The season's first carload of Concord grapes from North Yakima arrived here Friday. They met an immediate demand at 22c a basket. The quality was said to be excellent, and locals will have a heavy season this year. The flavor of North Yakima Concord grapes is considered ideal for jellies or for table use. The last car of Alberta peaches scheduled for Tacoma has arrived. The price was 8c and 40c. California Tokay grapes of the "flaming" variety, are in demand.

Hop Contracts Are Taken in.

Portland.—Hop dealers are occupied now in taking in their contracts, which in a number of cases are short. A few shipments have been made. Orders from the East are lacking and there is as yet no export demand, consequently opening prices have not been established. Estimates of the Oregon crop are again being revised downward. One of the best posted dealers gave it that the yield would not reach 90,000 bales. A German hop paper of August 19, says the crops in Germany and Austria will be only one-third.

WHY FAMOUS PASTRY COOKS USE K C BAKING POWDER

The patrons of our first class hotels and restaurants are exacting—they demand the best. Women go where the pastry and cakes are noted for their excellence. Men are attracted by hot bread and biscuits—when fresh and moist and light.

The pastry cook with a reputation uses K C Baking Powder because he knows that results are certain; every time everything is as good as his best.

Then, too, with K C Baking Powder he can mix the various kinds of batter before the rush of the meal begins and bake as needed so that every order goes to the table fresh and hot, yet the last he bakes are just as good as the first.

The reasons behind these reasons is that K C is really a blend of two baking powders. One commences to give off leavening gas as soon as moistened. The other requires both moisture and heat to make it active. Dough or batter will remain in a partially leavened condition for hours, and when put in the oven, will come up as light as if mixed a moment before.

For cookies, pancakes, doughnuts and the like, which cannot all be baked at once, K C is indispensable. For all baking the double raise makes doubly certain.

Follow the example of the professional cook and your baking will be equal to his.
