

HUMAN VOICE RE-CREATED

by Edison's Wonderful Invention

The wonderful fidelity with which Edison's New Diamond Disc Phonograph re-creates the human voice was splendidly demonstrated by Miss Elizabeth Spencer at the Keylor Grand Theatre last Monday evening, when she sang in comparison with some of her own records—a tonal test that would have revealed the slightest discrepancy. Over one thousand people, including our most competent musical critics, marveled at the perfection attained.

Call and hear some of Miss Spencer's records when you can. Write for information concerning this wonderful musical instrument if unable to call.

Another Edison Improvement

The Edison Ambrola Cylinder Phonograph is now also made with a Diamond Point Reproducer, and we have taken this agency also. A good stock of records is now on hand, both in Disc and Indestructible Ambrola Cylinder Records.

The great photo-drama of Creation presented by the International Bible Students Association is to be seen again at Weston, beginning next Saturday, March 18, and continuing five days. There will be two programs daily, 2 p. m. and 7 p. m. Local Baptists have engaged the opera house, secured a competent motion picture operator and will bear all the local expense of the production in order that Weston people may again have the privilege, entirely free, of witnessing the wonderful portrayal of sacred history. The Creation photo-drama was first presented at Weston in October, 1914, to crowded houses, and many of those who saw it then will undoubtedly be among the first to find seats at the opera house for this second appearance. Aside from its instructive value, it ranks among the finest achievements in filmdom.

Last Monday evening the Weston Concert band met in general rehearsal for the first time, all the members being present. Judging from its first attempt the band will make good, and Director Lundell is well pleased over its prospects. The gymnasium in the library building has been secured as a permanent meeting place, and Monday and Friday of each week have been fixed as the regular rehearsal nights. The band will have a full saxophone section—the most complete of any organization in Eastern Oregon—and this will add greatly to the music which it can play. It consists of five new Boucher saxophones of the value of \$500, and this section will also be used as a specialty in conjunction with the band. The band's total instrumentation is more than thirty.

John (Rusty) Shiek, the brick-topped Athena twirler who found much favor with McCredie's scouts while pitching Athena to a Umatilla county championship, was in town Saturday. Shiek is acquiring a new quality, that of modesty, which should serve him well when he breaks into the fringes of the big bush. He goes to Spokane soon at McCredie's orders, and if he makes good there will qualify for the Portland Heavers. He pitched one season for Weston. These fans will follow his career with interest, and no matter what happens will be ready with an "I told you so."

While Levi O'Harra was driving into town Wednesday morning down the Main street hill his tongue dropped (the wagon tongue, of course) and frightened his team into a mad gallop. Careering through Main street, the horses brought up solidly against a tree in front of the Palace pool hall, fell down themselves and threw Levi into the concrete sidewalk. While badly bumped he found that no bones were broken and also that the horses, a valuable span, had escaped injury. All who saw the accident agree in saying that it had a remarkably fortunate termination.

Walla Walla farmers are so keen to begin seeding that an extra Northern Pacific train had to be put on to carry them to their ranches. Eighty-two tickets were sold at Walla Walla Monday to Eureka Flat points, and scores of other farmers went out in automobiles. Starting so late, the farmers will work large crews on extra time to get the seed in the ground.

It is understood that construction will begin in about ten days upon Weston's new concrete garage which Lowell Rogers is arranging to build on the Epworth grounds. A one-story structure is planned, with a front of 50 feet and a depth of 70 feet. When completed the garage will be occupied by Homer L. Hedrick under a long term lease.

L. I. O'Harra and Watta & Rogers, Weston merchants, have brought suit in the court of Justice Parkes at Pendleton against Dr. M. S. Kern, for the collection, respectively, of \$15 and \$74.44. These amounts are alleged to be due for merchandise furnished the defendant during his ownership of a farm on the Weston uplands.

For Sale—One of the very best quarter sections in the upland region 5 1/4 miles east of Weston; 134 acres in cultivation, balance mostly timber; family orchard and berries of different kinds; good buildings; lots of water. Price \$12,000. \$2,000 down any time on balance. If sold within 60 days. Chas. M. Schneider.

John Down, 104 years old, a resident of Yamhill county, and said by the Oregonian to be the oldest man in the state, is visiting his son in Portland. When he arrived at the Union depot he carried a long rifle, and said it would be handy to fight Mexicans with. He was a soldier in 1840, and wants to enlist again.

Edwin Mable, manager at Pendleton for the Pacific Telephone company, was a Weston visitor Wednesday. Mr. Mable and the local manager, Mr. DeMoss, were observed in close consultation, but Mable they were only talking about the weather, and how DeMoss will soon grow green and beautiful.

E. G. Brehm was in town Saturday from his Albee ranch, after a rough trip on the horseback from the south end of the county. He brought out two spans of work horses, which he sold in Pendleton without dismounting. Mr. Brehm says that a foot or more of snow remains in the Albee valley.

Sylvan Kennard and John Banister Jr. have returned home from business college at Spokane. They were gleefully welcomed, although their departure from Spokane does not seem to have occasioned any public demonstration of regret in that unappreciative metropolis.

As required by ordinance, dog tax must be paid on or before April 1, 1916, at the rate of \$1.00 for male and \$2.50 for female dogs. All untaxed dogs within the city limits will be killed from and after that date. F. L. Wilson, chief of police.

George Brutscher drove in Wednesday from his farm in the Reed and Hawley uplands, and reports that snow up there is still axle deep in spots. The Pine creek road, he says, is in dangerous condition, with deep chuck holes beneath the ice.

Mr. and Mrs. W. H. Fietcher left Wednesday for Walla Walla, after a pleasant visit with old-time friends and relatives in this community. Remaining there a few days, they will leave on their return home to Brant, Alberta.

J. L. Ewald, auctioneer, Stock, farm and land sales in Washington, Oregon or Idaho. Write for terms. 1007 W. Main street, telephone 3083, Walla Walla, Wash. (Adv.)

The Hiawatha Rebekahs of Weston have invited the Pauline Rebekahs of Pendleton to meet with them March 25. Five candidates will be initiated and a banquet served.

HELD UP AGAIN!

\$300 bond demanded

WE PUT IT UP so that you might get Fishing and Game Licenses on the Spot, Time and Place where you get your fever and equipment.

It would be so nauseating and sea sickening to have Fishitis while looking at those choice fish poles, select lines, patent flies, famous spoons and nobby bobbers—and all of no avail for want of a license to use them.

SO NOW we've got the whole thing. Come and see the nicest line of Fishing Tackle ever on sale in this town. Bob has a kleptomaniac mind when ordering and selecting stock and you'll believe it when you see this display. The fish smell it and are headed for Weston right now—(up Pine creek.)

WATTS & ROGERS
