CARRANZA DEMANDS RECIPROCAL RIGHTS

Privilege of Crossing Border Sought by Mexico.

Formal Manifesto to People
Mexicans Told He Will Fight Before He Will Surrender Dignity and Honor of Mexican Nation.

Mexico City—General Carranza Sunday
night issued a manifesto to the
nation declaring that under no circum-
stances would the Mexican government
grant to the United States a right to
violate her sovereignty by sending an
armed force in pursuit of Villa with-
out the consent and reciprocal privi-
lege being first obtained and admitted.

"I am sure that I interpret in this
matter the national sentiment and that
the Mexican people will comply in a
dignified manner with their duty, be
the sacrifice what they may, to main-
tain their rights and sovereignty, if
unfortunately this drag us into war
which we will not be responsible for
the disastrous consequences. Up-
on the heads of the traitorous Mexi-
cans who, within and without this
country, have labored to produce this
result will fall the inexorable justice
of the people.

"The cause of the assault which
Francisco Villa and the bandits who
accompanied him made on the town of
Columbus, in American territory,
burning houses and killing some of
the inhabitants, soldiers, as well as
citizens, the international situation in
these moments is very delicate, as the
North American people have incited
their people against Mexico and the
government of that country has disre-
garded the situation in the American
congress, members of which have ad-
vised intervention.

"The constitutional government
which I have the honor to represent is
also occupied diligently in an effort to
solve this delicate situation, trying at
all costs to maintain the dignity and
sovereignty of Mexico, and we yet
hope that this honorable incident may
be decently arranged and that there
will be no reason for conflict.

"I have addressed the government
of the United States, through the
foreign office, stating that the invasion
of Villa has historical precedents, as
in the years 1889 and 1896, two par-
ties of Indians, coming from the United
States, invaded Sonora and Chi-
huahua, committing crimes and depreda-
tions on the lives and properties of
Mexicans.

"It was agreed then between the
governments of the two countries to
permit the respective passage of
armed forces, resulting in the extermi-
nation of the Indians. I have asked
the American government to pursue a
like course, in order to solve future
difficulties, should they arise, noting
that Villa and his companions are a
group of bandits whose acts the Mexi-
can government or people would not
be responsible for, and that his ir-
reproachable conduct is due to instiga-
tion of the reactionary element that,
lacking in patriotism and convinced of
its defeat, is trying by all means to
bring on armed intervention.

"I have not yet received the answer
of the American government, and from
the reports of my chiefs along the
frontier learn that the American
forces are mobilizing to pursue and
capture and deliver him to the Mexi-
can authorities; that the expedition is
in the nature of a punitive campaign
against the sovereignty of Mexico will
be respected.

"The constitutional government has
given instructions to its confidential
agent at Washington immediately to
make representations that under no
circumstances, with any motive, be
the reasons or explanations of the
United States what they may, will it
justify the armed invasion of Mexican
territory without reciprocal rights be-
ing granted to the Mexicans and that
not for an instant will the invasion of
Mexican territory or an outrage to its
dignity be tolerated."

Munition Train Chased.
El Paso, Tex.—A party of 50 sol-
diers from Fort Bliss began the pursuit
of a number of Mexicans Saturday,
who, with a wagon train of small arms
and ammunition, were said to have
taken a westerly course along the Rio
Grande, on the American side. Six
Mexicans, suspected of being Villa
spies, were arrested by the El Paso
police. Among the number was Gen-
eral Manuel Banda, formerly Villa
commander of the Juarez garrison, and
Colonel Pablo Luna, formerly a mem-
ber of Villa's personal bodyguard.

Government Clerks Win.
Washington, D. C.—Representative
Borland's amendment to the executive,
legislative and judicial appropriation
bill, which would require the thousands
of clerks in the executive departments
of the government here to work eight
hours a day instead of seven was
stricken from the measure in the house
on a point of order.

Wool Buyers Are Not So Keen.
Portland—The slumpy tone of the
English wool market since the March
auction sales began at London has
taken some of the enthusiasm out of
buyers in the West. In Utah, where
operations were most active, some of
the largest buyers withdrew pending
the outcome. In Oregon, the buyers
are still in the field, but are not accom-
plishing much. The only contracting
reported, since the deals recently an-
nounced in Baker county, was in cen-
tral Oregon, where two fine clips were
bought on the sheep's back at 29 cents.

Egg Market Is Ruling Steady.
The Portland egg market was firm
with moderate receipts. The bulk of
business was reported at 18c cents,
with small lots bringing 19 cents.
Candled eggs jobbed at 20 cents.

Poultry Is Scarce and as the demand
is good, prices are on a firm basis. The
street is oversupplied with real and
the price dropped with sales at 11
cents. No changes were reported in
the butter market.

The Real Thing.
"Your letters seem fervent enough,
but can I trust their apparent fervor?"
"You can. They have been tested
in court. I got 'em out of a breach-of-
promise suit, and the plaintiff got
damaged, too."—Louisville Courier
Journal.

THAT COLD YOU HAVE

may bring sickness, doctors bills and
loss of work; you know that serious
sickness usually starts with a cold, and
a cold only exists where weakness
exists. Remember that.

Overcome the weakness and nature
cures the cold—that is the law of
reason. Carefully avoid drugged pills,
syrups or stimulants; they are only
props and braces and whips.

It is the pure medicinal nourishment
in Scott's Emulsion that quickly en-
riches the blood, strengthens the lungs
and helps heal the air passages.

And mark this well—Scott's Emul-
sion generates body heat as protection
against winter sickness. Get Scott's
at your drug store to-day. It always
strengthens and builds up.

NEVER TOUCHED MULES.
But the Automobile They Clashed
With Was Wrecked.

An auto driven by J. L. Long and
a span of mules met in a head-on col-
lision at night on the state highway
at Live Oak, California.

The mules were knocked down, but
before they could be released from the
entanglement Long was killed in the
left side and sent into the ditch.

The auto's steering apparatus was
smashed, the windshield shattered, and
a hole punched in the tonneau, and a
slice cut out of a tire.

Care of Hatching Eggs.
Eggs to be used for hatching should
be gathered at least once a day. Twice
daily or oftener is better if there is
danger of freezing or severe chilling.

At a dinner the other night a speak-
er referred to the witty remarks occa-
sionally made by the feeble-minded,
and told this story as an example:

"I suppose," remarked the stranger,
"that you are familiar with the coun-
try around here."

"Oh, yes," was the prompt rejoinder
of the feeble-minded one, "I know all
about it."

"How was that, Jimmie?"
"Was a big war against all the way
down to me, and if I only could have
smelt it I should have gone clear up."—
Philadelphia Record.

Over the Line.
"Oh, dear! Oh, dear!"
"What's the matter?"
"John lost his voice on the wireless
telephone and we don't know where
to look for it."—Pena State Press.

Two Peace Cities.
"Speaking of the Hague, it's a pity
that we haven't some special place for
promoting peace in this country."

SENATORS URGE IMMEDIATE ACTION ON NATIONAL PREPAREDNESS PLANS

Washington, D. C.—Danger of
grave complications growing out of
the sending of American troops into
Mexico to hunt down Villa and his
bandits, was voiced in the senate
Tuesday by Senator Chamberlain,
chairman of the military committee,
and Senator Borah, Republican, in ad-
vocating laying aside temporarily all
the other legislation to dispose
promptly of preparedness measures.

Their statements precipitated a gen-
eral discussion, in which Senators
Vardaman and Simmons deprecated
suggestions that the United States was
not prepared to deal with any situa-
tion that might arise with Mexico.

While the senate debate was in
progress Speaker Clark and Majority
Leader Kitchin were reporting to their
colleagues of the house on a conference
early in the day with President Wil-
son, who urged them to speed up the

millions of dollars by showing it how
to dispose of scrap metal.

legislative program with a view to
action on all important measures in
time for adjournment in June. The
house leaders agreed that it would be
impossible to accomplish the task
ahead in so short a time, although
steps will be taken to hurry on with
the work as rapidly as possible.

Demands for immediate action on
the part of preparedness bills were
made in the senate when the matter of
taking up the public lands, waterpower
and rural credit legislation was
broached. Senator Chamberlain de-
clared he would not be surprised if, as
a result of the punitive expedition into
Mexico, General Villa were proclaimed
a national hero and 50,000 Mexican
troops rallied to his standard to resist
American troops.

Senator Borah, who has been one of
the most persistent critics of the ad-
ministration's Mexican policy up to
this time, gave complete indorsement
to the President's action, but warned
congress to prepare for war, declaring
that no man knew what consequences
might follow the invasion of Mexico,
even on a punitive expedition. He re-
ferred to the President's recent warn-
ings to congress concerning interna-
tional complications, and said congress
had not heeded the warnings, but sat
still with regard to national defense
legislation.

Manitoba Votes Dry.
Winnipeg, Man.—By a vote of
slightly more than two to one, the
province of Manitoba Monday approved
the provincial temperance act, which
closes all bars, wholesale liquor houses
and licensed clubs in the province after
May 31 next.

Stormy weather throughout Mani-
toba prevented a heavy vote, particu-
larly in the country districts. In some
districts snow was piled so high and
the roads in such condition that farm-
ers were unable to reach the polls, re-
ports said.

The temperance act passed by the
last legislature will become effective
May 31, thus closing nearly 200 bars,
42 wholesale liquor houses and seven
licensed clubs.

Wages Up Twice Since March 1.
Tacoma, Wash.—Wages of the
Northern Pacific and Milwaukee rail-
road section men have been raised
twice since March 1, it was said by
railroad officials Tuesday. The first
advance was made March 1, from
\$1.50 to \$1.65 a day, and the second
was made March 10, from \$1.65 to
\$1.75 a day. Seven hundred and fifty
men are employed in the Tacoma divi-
sion of the Northern Pacific and 750 on
the Seattle division. The Milwaukee
railroad employs regularly 500 section
men between Tacoma and Cle Elum.

Battleships Test Power.
Mobile, Ala.—An experiment, un-
ique in the country's military history,
was begun here when two American
battleships—the New York and Arkan-
sas—bombed armor test fortifica-
tions near Fort Morgan. All day
long the two superdreadnaughts hurled
big projectiles from their batteries
into the fortifications with high effi-
ciency of the War and Navy departments
looking on. The results of the test,
which ultimately are expected to have
important bearing on future fortifica-
tions legislation, were not announced.

Women May Replace Men.
London.—With a view to liberating
more men for active service in the
army, the government has revised the
list of starved occupations, employ-
ment which has hitherto exempted
workmen. It is announced details will
be published immediately.

In cases where it is found impos-
sible to remove occupations alto-
gether from the starved list men under
30 years will be replaced by women or
older men.
