Fred Kyle, formerly of Weston and now a Milton contractor, was in town the other day. He reports that he has been busy all winter and has plenty of work in sight for the spring and summer. Upon completing a six-room bungalow, to cost \$2400, for Alva Troyer at Milton, he is coming to the Weston neighborhood to build a large barn, 40x42 feet in dimensions, for George W. Winn. The estimated cost of Mr. Winn's improvement is \$2400. Fred remarks, by the way, that he narrowly escaped a fortune by failing to buy a business lot for a few hundred dollars while in an Alberta town about four years ago. The lot afterward sold for \$45,000—and Fred is thankful that he must still work for a living and has a living in sight to work for.

Lester A. Cronin, assistant postmaster at Pendleton, informs the East Oregonian that while motorcycling four miles north of Weston he ran into a pocket edition waterspout, Sunday afternoon. Water poured in streams from every draw, he says, and a young torrent ran in the road. This became a quagmire and he was compelled to abandon his machine, seeking shelter in a farmhouse for the night. He saw four autos that were also stuck in the mud. Much rain fell in Weston Sunday afternoon, and a veritable cascade poured down the hillside back of Henry Schroeder's residence, but this was locally regarded as of small consequence compared to the previous Sunday's "liqueous" insurrection.

About two weeks ago Rufe Brown was engaged in plowing his field when the plowshare struck a rock and one of the handles landed in his ribs like a Willard jab. Mr. Brown paid little attention to the injury at first, but soon found that it was paying a good deal of attention to him. Last Monday he consulted Dr. Smith, who found (of course) that a rib had been broken. Rufe is now toddling around with his slats in splints, thankful that the doctor didn't also find a spinal dislocation.

Joe Hodgson of Meadowbrook farm has voted for years, but when he motored to Pendleton with Sim Barnes the other day he found that he couldn't register under the new law. Mr. Hodgson was born in England, but heretofore his first papers were sufficient to qualify him as a voter in the land of Uncle Sam. Having formed the habit of voting, he has now applied for his final papers. Even without them, the leader is willing to indorse him as a pretty middling good citizen.

Hilawatha Rebekah Lodge of Weston entertained Pauline Rebekah Lodge of Pendleton in the local hall Tuesday evening. Fifty-five visitors came up from the county seat, and Adams and Milton were also represented. The farmers of Weston, who were able to get very little seedling done last fall, are taking advantage of the few bright spring days this week to begin this important duty. While seedling will be finished much later than usual, it is expected that the wheat will grow at an amazing rate when the sunshine collaborates with the abundant moisture. Hot winds, persistence—but we'll leave the croaking to the frogs.

## Weston in Blue Mountain League.

The Blue Mountain baseball league was reorganized at Pendleton Saturday. D. R. Wood, a prominent Weston fan, was elected president of the league, and the remaining officers were allotted to the several towns. Weston was represented at the meeting by Mr. Wood and Manager Lucas, and both are confident that the re-created league will prove successful. The circuit embraces the towns of Pilot Rock, Echo, Pendleton and Weston, thus giving the south end, the west end, the central district and the east end of Umatilla county representation. The season opens April 2, with Weston playing at the Rock.

The plan is to have a six-team league to include the towns of Athena, Helix, and Adams with Weston, Pendleton and the Rock, was abandoned because of dissatisfaction at Athena and Helix. Weston was asked to join with Athena, Helix and Adams in an East End league, but decided to cast its lot with the organization above outlined.

Seldom has the outlook for a good article of amateur ball been better in this community. Fans and players alike are enthusiastic. Manager Lucas has ample material in sight, and besides he will encourage a second team as a feeder for the firing line. It is confidently expected that a trio of veterans will be seen in Weston's outer garden, making an outfield that McCredie himself would be glad to grab.

Manager Lucas was about town for a few hours the other day, and accumulated a good-sized bunch of kale for preliminary expense money. He expects his team to finish the twelve-game season with a comfortable surplus to divide among the players.
