

One-Third Your Life is Spent in Bed

Why should not your bed be comfortable when so much depends on proper rest—refreshing, revitalizing slumber? Not because of the cost, for a good bed outfit will last ever so much longer than an equal amount invested in food or in raiment. Nor need the first cost necessarily be high, though in bedding as in most things the best is the cheapest in the long run.

Here are the celebrated ABC Beds, with the 25-year guaranteed malleable lugs, at from \$3.75 up. Here are the genuine Felt Mattresses in neat art ticks with roll edges at \$7.90 and upwards.

Here are guaranteed, non-sag, all-steel springs from \$3.75 upwards. The famous Way Sagless Springs, \$9.00. ABC Coil Springs, very special quality at \$6.75 to \$12.50.

Metal Bungalow Beds with spring, folds similar to a cot, especially desirable for sleeping porch, camp, bunk houses, etc.; 3-4 and full sizes at \$3.00 and \$9.00.

Crib and mattresses for baby too—nearly a score of styles and sizes, at all prices from \$4.75 to \$12.00 in all sizes.

Come, and see these lines if possible. You'll find that most of these items will save you money. If unable to come, phone or write for descriptions and prices.

BREVITIES

House for rent. Mrs. Betty Powers.
Singer sewing machine at \$7.00. E. E. Zehn.

Pirestone, Diamond and Miller tires. Watts & Rogers.

My Weston real estate is for sale or rent. A. Phillips.

I am here to stay, and will run my auto stage each day at train prices. J. O. Wood.

Mrs. Jim J. Culley and daughter Maxine have returned to the ranch from Walla Walla.

The U. H. ladies will give a home cooking sale at the Weston Mercantile Co.'s store tomorrow afternoon.

Strayed from my pasture, one two-year-old pale red bull. If seen, please notify L. C. Hopkins, Weston, Or.

Ladies' and gents' suits pressed, 50c; cleaned and pressed, \$1.00. Pressing on corner opp. City feed mill. (Adv.)

I am here to stay, and will run my auto stage each day on schedule time. Hide with me at train prices. J. O. Wood.

"The Locusts." State Normal Grounds. Home cooking, clean beds. Kindly notify for Sunday dinners. Mrs. Laura Shanks.

Mrs. Lillian Fredericks gave an interesting talk in High School yesterday forenoon to Miss Johnson's History class on Naples and Pompeii, both of which she has visited.

Supplementing an investment of several hundreds of dollars in improvements in the Stahl building in Weston, occupied by Earl Kirkpatrick, A. Schwartz is having an aseptic tank constructed. Jack Calder has direction of the work.

The city council met in special session Friday evening to consider a petition signed by a considerable number of citizens, asking that Zehn & Duncan be allowed to keep open their billiard and pool hall on Sundays. The petition was tabled.

In the per capita apportionment of school funds recently made, Weston receives \$2072, and ranks next in the county to Pendleton and Milton. Each district is entitled to \$7 for every child of school age enumerated and \$5 for each teacher who attended an institute 16 hours.

Development of the Paradise Irrigation project in the western part of the county has been held up by the action of seven farmers with land holdings in the project. They have used to restrain the directors from floating bonds, issuing warrants or creating any further indebtedness. The sum of \$22,500.00 is involved, that amount of indebtedness having been contemplated to complete the project.

The tennis court built at considerable expense by the Ladies' Club is now ready for use and is freely placed at the public's disposal. The tennis committee announces a match at doubles for next Wednesday afternoon at five o'clock. Clark Wood and E. O. Deloss versus Frank Price and E. M. Smith, for a purse of \$10 (Silver) winner take all. No apprehension is felt that this match will set fire to the net. The following Friday afternoon a tennis racket will be given the Weston High School team that wins three sets out of five. A series of prizes and contests will be announced later.

The High School gave a splendid entertainment last Friday evening, which was greeted with every evidence of approval and delight by a large audience. The opinion was freely expressed at its conclusion that it was the best school entertainment ever given in this city. The folk dances, the violin recital by Mr. Alfred Bergeron, the farce and the phonograph concert were all of surpassing interest. Quaintly and prettily gowned and going through the steps handed down from generation to generation in the old countries, the high school girls were graceful and pleasing in every movement and did credit to their drillmaster, Miss Lucile Cogswell. Mr. Bergeron demonstrated a wizard touch with the violin bow, and the clever farce by John Kendrick Bangs was smoothly and understandingly presented. The cast consisted of Lowell Duncan, Carl Brandt, Gladys Smith and Ferol McBride and won unstinted tribute of laughter. The young players were directed by Superintendent Robinson.

The Ladies' Guild was delightfully entertained on Easter Monday by Mrs. Harry Beattie and Mrs. Frank Skinner at the home of Mrs. Skinner. A large number of members and the following guests were present: Mrs. W. B. Price, Mrs. J. H. Price and Miss Sylvia Beattie. A profusion of wild flowers had been tastefully used in garniture enhancing the attractive appearance of the room, and the luncheon was elaborate and inviting. The hostesses were assisted in serving by Mrs. Frank Graham, Mrs. R. G. Salling, Miss Sylvia Beattie and the little daughters of Mrs. Salling and Mrs. Skinner. The guild's annual election of officers resulted as follows: Mrs. L. S. Wood, president; Mrs. L. E. O'Hara, vice president; Mrs. A. James, secretary; Mrs. E. M. Warren, treasurer.

Sim J. Culley's newly-purchased "caterpillar" is in successful operation on the DeGraw farm near Weston, and when spring plowing is finished here will be moved to his holdings in southern Idaho. It pulls three three-bottom gangs, and turns a twelve-foot strip on each round. Hey Winn's new "caterpillar" is also plowing in the neighborhood. Townsman who went out to see them both report that they can never be utilized for fish bait, nor will they ever develop into butterflies, but that they have mule power backed off the boards.

H. L. Hedrick has received from Portland a large packet of old coins left by his mother, Mrs. Anna A. Hedrick, at her death two years ago. They are chiefly of Persian, Turkish and East Indian origin, and many of them were minted hundreds of years ago. Mrs. Hedrick was prominent as a missionary and lecturer, and was familiar with seven languages. She had traveled extensively in Persia, Egypt and the Holy Land. For the seven years from 1888 to 1895 she served as an Episcopal missionary in India.

Ben and Charles DuPuis motored to Weston Sunday and saw the Mountaineers trim the Bucks. Ben has lately acquired a quarter section of good wheat land near Helix in exchange for his Vansycle homestead and \$4000 to boot, his homestead going in at a valuation of \$11,000. Ben seems to have had "a good hunch" when he hid himself away into the Oregon hills a few years ago and roughed it in pioneer fashion. He is now driving a new Page car, by the way.

The Weston Concert Band is now rehearsing three nights a week to prepare suitable music for the pioneer reunion, and is making rapid progress. The players in the reed section go to four rehearsals, as once each week they take special lessons on clarinet and saxophone. The local band men are certainly displaying the interest and perseverance essential to the success of their organization.

Miss Clara C. Young has closed an eight months' term of school in district No. 65 north of Weston, and leaves today for Smith River, California, where she has been engaged to teach all summer. Miss Young will return in the fall, having signed a contract to teach in district No. 72, near the state line.

J. H. Williams, assistant manager of the Weston Mercantile Co., has purchased the Lansdale property on East Main street. He is grading the yard and remodeling the house along bungalow lines. The place will be occupied by his family upon their arrival in June from Portland, where the children are in school.

In commemoration of the tercentenary of Shakespeare, and as its annual Spring event, the Woman's Park Club of Walla Walla will this year in its sixth annual May festival present two Shakespeare programs, May 4 and 5, in the Keylor Grand theater. The proceeds will go to the park fund.

A. L. Swaggart was in town Monday after stock hogs and fat hogs, and reports a disappointing scarcity of porkers hereabouts. He is in the market at any time.

Leon Cohen, Clark Nelson and Roy Rittner were among the confirmed Pendleton fans who came up for last Sunday's baseball engagement.

Mrs. J. W. Jones of Missoula, Montana, was a last week end visitor with her parents, Mr. and Mrs. W. H. Beattie.

Dressmaking and sewing. Mrs. Florence Skinner, Broad street.

Good milch cow for sale. Inquire at this office.

MISS GRACE GILLIAM WILL SAVE COUNTY DEPUTY HIRE

Miss Grace Gilliam of Pilot Rock, republican candidate for county treasurer, unequivocally states that she will conduct the office without a deputy, if nominated and elected, and also that she will give it her personal attention at all times. When the collecting of taxes was given to the county treasurer about three years ago the office was allowed one chief deputy and other assistants. When the last legislature returned the tax collecting to the sheriff's office the chief deputy remained in the treasurer's office, the work of which had theretofore been hardly sufficient to keep one man busy. Miss Gilliam in her platform makes the positive assertion that she will do away with this deputy, thereby saving \$200 a year to the taxpayers. Miss Gilliam is well qualified for the office she seeks and is well known all over the county. She asks the support of the voters at the primaries on a promise to conduct the office in a strictly businesslike manner, at the least expense and with the greatest amount of service and consideration which the taxpayers are entitled to.—(Adv.)

This weather should make
you glad you are alive

We Are

You may plan fish for breakfast soon, for our force in town got busy toward a fish ladder near Umapine. There was something doing last Wednesday that steelheads may reach us.

We tackled that for fish and now we have TACKLE for fish.

You should see Culley's "Cat" hauling three big Dutchmen—across his fields.

Wm. MacKenzie has Diamond Tires that have carried him 7000 miles and are still good. We have the Diamond and others.

Deere and Dutchman plows.
McCormick and Deere binders.
Weber and Winona wagons.
J. I. Case engines and threshers.

WATTS & ROGERS

LOCAL FISHING NOW ASSURED

[Wednesday, Wardens George Tonkin and Jack Vincent visited the Pine creek falls in company with E. C. Rogers and J. M. Price. The obstruction was removed by temporarily diverting the stream into another channel, where it will remain until the completion of a fish ladder ordered built by Mr. Tonkin. Two bad falls on Dry creek will also receive attention.]

For so, these many years East End anglers have been trying to get an obstruction removed in the Hudson Bay country and thus restore their pristine glory as trout streams to Pine creek and Dry creek.

A baker's dozen or more of deputies have had a crack at inspecting this obstruction at different times. They have gone down and looked it over, looked wise, talked wiser—and have never done anything since.

Every year the trout and salmon have been balked by a big flume with a long overhang built over a high natural fall. In one day this season a Hudson Bay fisherman is said to have taken six salmon from the big pool, twenty feet in depth, which has formed beneath the fall.

One day last week J. M. Price and Robert Proudfit—who would very much like to go fishing in Pine creek were there any fish to catch—motored down to this fall and took several photographs of it. These will be sent to the state game and fish commission and to its county member, Marion Jack, together with largely signed petitions, and it is hoped by this means to get official action and relief. The petitions read in part as follows:

"We the undersigned hereby respectfully submit by letter, affidavits and pictures the conditions regarding a certain waterfall in Pine creek south of the old Goodman place and about four miles northwest of Vincent."

"The fall is about 12 feet and at the end of a wooden flume that extends on up the creek, carrying the whole stream, and which was apparently built to protect intake of irrigating ditches and to prevent the creek from washing back at the point of the falls."

"We deem it impossible for fish to ascend the stream at this point, and we hereby pray that you will give this appeal careful attention and investigation."
