A Spring Yearn.
I'm tired of canned goods and meat;
I'm all run down alas.
And now I think I'd like to eat
A little garden "mass".

In spring for green stuff people yearn
And so it comes to pass
That when the April days return
We long for garden "mass".

If you Suffer from Backache, Lumbago, Kidneys or Rheumatism, Take Hot Water and "Anuric."

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"ANURIC." Because of uric acid in over-abundance in the system, backache,

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While waxy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

MEXICAN BANDITS RAID U. S. BORDER

Three American Soldiers and 10-Year Old Boy Are Slain.

TWO CITIZENS CARRIED OFF PRISONERS

Three Settlements in Texas County Attacked at Night—Troops in Pursuit May Cross Line.

El Paso—Three American soldiers and a 10-year-old boy have lost their lives and two American citizens have been kidnapped and carried south of the international boundary to almost certain death in another raid of 200 Mexican bandits that takes rank with Francisco Villa's famous attack on Columbus, N. M. Three soldiers were wounded and two soldiers and two citizens are missing.

The bandits' foray, carrying them through the southern limits of Brewster county, in the Big Bend district of Texas, and taking in three little settlements near the border—Glenn Springs, Boquillas and Deemers—took place on Friday night and Saturday morning, but news of it did not reach here until Sunday.

Within an hour preparations had been made for adequate action. Major General Funston ordered that in all four troops of cavalry should proceed to the raided section to reinforce small detachments already on the scene from Presidio and other convenient points.

These troops got under way at once. It was said here that if the exigency of the case demands such action they will cross the border in order to run down and disperse the bandits.

In a little adobe house nine cavalrymen made their fight for life against the 70 or more Villista bandits at Glenn Springs. A hail of shot poured for more than two hours into the single window of the mud adobe, but the Americans refused to give up. The cavalrymen kept up a steady rifle fire in defiant answer. Then the Mexican leader ordered fire balls to be thrown on the roof, thickly thatched with cedarling.

The blazing weed tortured the soldiers below and burnt their heads and bodies. Then, smashing the door, the troopers broke for the open, firing as they ran. Two were shot and killed as they fled. One is missing and it is believed he is dead. Another was killed as he tried to climb through a window.

According to the story brought here, the Mexican bandits first attacked a store and one or two houses in Boquillas, where they made Deemer and Compton prisoners, and then sped 15 miles northward to make their attack on Glenn Springs, which is fringed by rugged hills. At Glenn Springs they wrecked a wax factory belonging to William Ellis, his store and residence, besides one or two other small buildings.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Take Salts at first sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidney will be sound and your kidney trouble will be a thing of the past. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.
