The Sky Pilot

Owing to a fog, a steamer stopped at the mouth of a river. An old lady became very nervous and inquired of the captain the cause of the delay.

"Can't see up the river," replied the officer.

"But captain, I can see the stars overhead," she argued.

"Yes," said he gruffly, "but until the boilers heat we ain't going that way."—American Boy.

As a remedy for those recently recognized symptoms of inflammation—such as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear.

WILSON GIVES TO CORRESPONDENTS HIS ATTITUDE TOWARD EUROPEANS

Washington, D. C.—President Wilson Wednesday night made public a frank and intimate review of his three years in the White House and his impressions delivered confidentially before Washington correspondents gathered at the National Press club. He spoke of the difficulties of the Presidency and particularly of the motives which have guided his handling of the European situation.

"America," the President said, "is for peace because she loves and believes the present war has carried the nations engaged so far that they cannot be held to ordinary standards of responsibility."

He added the United States has grown to be one of the greatest nations of the world and therefore must act "more or less from the point of view of the rest of the world."

"If I cannot retain my moral influence over a man except by occasionally

DR. ALEXIS CARREL

Discovered!

The kindly old squire was giving a little treat to the village school children. After tea he stepped on to the platform and announced, with a beaming smile:

"Now I am going to perform certain actions and you must guess what proverb they represent. The boy or girl who succeeds first will receive a quarter."

That did it. Instantly every eye was fixed on him.

First of all, the old man lay down on the platform. Then one man came forward and tried in vain to lift him. Two others came to his aid, and between them they raised the squire, who was rather portly.

The actions were meant to represent the motto union is strength. When they had finished, the squire stepped forward and asked if any child had solved the puzzle.

At once a grubby hand shot up and an eager voice squeaked:

"Let sleeping dogs lie."—American Boy.

Women Suffragists End 10,000-Mile Tour at Washington, D. C.

Washington, D. C.—Envoys of the Congressional Union for Woman Suffrage brought their 10,000-mile, 35-day tour of the country to a climax Tuesday night with a final plea to about 50 representatives and senators gathered in the rotunda of the capitol for passage of the Susan B. Anthony suffrage amendment at this session of congress.

A dozen suffragists, including several representatives of states in which women are enfranchised, urged their cause and hinted broadly that this would be a good year for both Democrats and Republicans to get on the suffrage band wagon.

As many spectators as could crowd into the rotunda listened to the speeches and hundreds stood in the plaza outside to applaud the suffragists.

Ship Bill Is Taken Up.

Washington, D. C.—The administration shipping bill was taken up in the house under a special rule and fixed Friday for the vote on the measure and any amendments. Many speeches were made. Republicans generally being against the bill and Democrats for it. The rule was adopted by a vote of 191 to 141, after an hour's discussion. Majority Leader Kitchin, who had not been counted on to champion the bill, spoke vigorously for it and told the Democrats if they would stand together it would be passed.

Harbor Bill Progresses.

Washington, D. C.—Some progress was made on the river and harbor appropriation bill in the senate, after a week of filibustering by Senators Kenyon and Sherman. Senator Harding made a speech attacking the measure as extravagant. Senator Smoot will launch a fight against the action of the commerce committee in striking out a \$600,000 project for deepening the approach to the New York navy yard. This, the only new project in the bill as passed by the house, was inserted at the request of the President.

Neutral Trade Drops.

Washington, D. C.—Restrictions on commerce by the British order in council are credited here with being the cause of sharp declines in American exports to the Northern European neutrals during the last year. Figures assembled in the bureau of domestic commerce show that Norway alone of the countries in the north had increased purchases in the United States, Spain and Switzerland, however, are buying in America.

How to Heal Itching, Burning Skin Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable drugstore get a jar of resolin ointment and a cake of resolin soap. These are not at all expensive. With the resolin soap and warm water baths the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resolin ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.—Adv.

Thoughtful

They were a very saving old couple, and as a result they had a beautifully furnished house.

One day the old woman missed her husband.

"Joseph, where are you?" she called out.

"I'm resting in the parlor," came the reply.

"What on the sofa?" cried the old woman, horrified.

"No, on that grand carpet!" came in tones of anguish.

"No, I've rolled it up."—Farming Business.

Next Best Thing.

A hospital nurse was testing a volunteer on his practical knowledge of first-aid work.

"Now, what would you do in case a man collapsed?" she asked.

"Give him some brandy, miss," replied the man.

"But suppose you had no brandy?" "Sure, then," he answered cheerfully, "I'd promise him some."—Philadelphia Public Ledger.

Entirely Different.

"What's this, daughter? You let Mr. Flubdub, whom you barely know, kiss you?"

"Now mother, let's get this thing right. I didn't let him kiss me. I merely let him try."—Louisville Courier-Journal.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MARY ABRAHAM, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 609 Howe St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSOON, 1 Hayes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
