Tract Containing 360,000,000 Feet at Hood River Offered

Hood River - With the probable sale by the United States Forest Service this summer of a 7340-acre area of virgin Douglas fir on the headwaters of the west fork of Hood River

According to W. T. Andrews logging engineer, and Assistant District Forester F. E. Ames, who were here recently from Portland, the total stumpage of proposed fir sales reaches approximately 360,000,000 feet

The mission of Messrs. Andrews and Ames has been to examine a tract of the local commercial club, The massive, written several weeks ago, asking for information on the proposed sale, expressed the fear that the denudation of so large an area might be a menace to the irrigation system of the valley

Mr. Ames explained that the timber would be cut after the usual manner of logging in Douglas fir regions. It will take probably from 10 to 12 years to cut the entire acreage

"We find," said Mr. Ames, "that reforestation of fir takes place most readily after burning. We anticipate from experience that we have had in other similar locations that reseeded will be ample and that within a short time the acreage will not only be covered with young fir, but also a dense undergrowth that will tend to conserve rainfall as well as the forest trees that will be taken off

Mr. Ames further showed that the area embodied in the proposed sale does not extend to the source of the west fork of Hood River, which in fact is fed by glaciers and would be affected in no way by cutting of the timber

The government officials explained that 25 per cent of the funds realized from the proposed sale will be apportioned among Hood River, Clackamas and Wasco counties, proportionate to the area of the National Forest within their bounds

Following the explanation of the forestry officials, the commercial club members assembled at the specially called meeting and voted unanimously in an enthusiastic approval of the proposed timber sale

Promoter Secures Coos Bay Options for Vast Development

Marshfield - W. J. Wilsey, who offered Coos Bay what he said was \$10,000,000 worth of industries in exchange for good will and encouragement, left Coos Bay on Thursday, after having been welcomed all over the Coos Bay district and treated cordially in offerings of property he desired to accumulate

Mr. Wilsey's promises were so extensive that some thought them over a couple of days before committing themselves to belief in his ability to carry them through, but before he left everybody seemed to be convinced

People had boasted ever since Coos Bay was a rivulet, but nothing substantial excepting sawmills were established. It was asserted at the North Bend meeting that miles of water front, areas of land for industries, timbered lands on the peninsula, watersheds, were being held by persons who never had any intention of utilizing them

Salem - H. H. Corey is promoted. H. H. H. Corey, of Baker, has been appointed as a member of the Oregon Public Service Commission by Governor Withycombe

Judge Disqualifies Self. Marshfield - Judge John S. Coker, of the Circuit court, on receiving Frank B. Cameron's plea of not guilty, informed Mr. Cameron's attorneys the case would not be heard until another judge came to the county, owing to his assumption that he was disqualified

MILL TO PRODUCE MYRTLE. Marshfield, Or. - To meet a marked demand for myrtle lumber, J. C. Shields, of Bandon, has arranged to open a milling business in Coos county

Sunflower Philosophy. Patriotism rarely consists of voting a straight ticket. There is also the sort of morality that is due to cold feet.

When a man's plain talk means unpleasant talk. A friend is a useful institution if you don't use him too much.

Sometimes a line of hot air is dignified by calling it a propaganda. It seems inevitable that one to do his duty and keep off everybody's toes.

Complications sometimes represent that part of an illness the doctors fail to understand.

It wasn't a lack of raw material which eliminated the shell game as a side line of the circus - Atchison Globe.

A Brief Courtship. The cook who had given so much satisfaction, unexpected, gave notice.

"Whatever for?" inquired her mistress. "Do you want more wages, or isn't the food good enough?"

"Ob, no, mum, it's not that, but - I'm going to be married."

"Married? Why, I didn't know you were being courted."

"Oh, it hasn't been long, mum. I've recollect me having a holiday a short time back to go to a funeral!"

"Yes, quite well." "Well, mum, it began there. I'm going to marry the woman whose husband he said that day as how I was the life of the party!"

At a certain church in the Jersey town it is the invariable custom of the clergyman to kiss the bride after the ceremony.

He said that in this church did not relish the prospect and instructed her prospective husband to tell the clergyman that she did not wish him to kiss her.

The instructions given. She then, when he appeared, "did you tell the minister that I did not wish him to kiss me?"

"And what did he say?" "He said that in that case, he would charge only half the usual fee."

Pleasing Mother. "Will you dance this dance with me?" "Mother has forbidden me to dance with you."

"So it wouldn't be any fun. When she comes back I'll give you a dance." - Louisville Courier-Journal.

AMERICANISM UNDILUTED KIND POSITION TAKEN BY HUGHES

New York - Charles E. Hughes Wednesday defined his attitude toward German-American support as one of "undiluted Americanism."

"I stated my position very clearly in my telegram to the convention. My attitude is one of undiluted Americanism and anybody that supports me is supporting an out-and-out American policy, absolutely nothing else."

The nominee's day, a busy one, was devoted almost exclusively to receiving callers. His visitors were more numerous than Monday. There were so many of them at one time that a line was formed and they filed past to shake hands and chat for a moment instead of waiting to be received alone.

Several Progressive leaders and Republican supporters of Colonel Roosevelt were among them.

Everett Colby, of New Jersey, who placed John M. Parker in nomination for the Vice Presidency at the Progressive convention, and Theodore Douglas Robinson, nephew of Colonel Roosevelt and former Progressive leader in New York, called during Mr. Hughes' absence at luncheon. They left word that they would return in a day or so to deliver in person their pledges of support.

Oscar C. Straus sent a telegram from Cleveland pledging support and followed in person later to congratulate the nominee and reiterate his pledge.

Carranza Garrison Had Planned to Mutiny and Loot American Town. Presidio, Tex. - What was declared to be a plot of soldiers of the Carranza garrison at Ojinaga, across the frontier, to mutiny, assassinate the commander and his staff and attack and loot Presidio, was revealed in Ojinaga Wednesday.

Col. Rojas, garrison commander, announced that the widow of the late Major Martinez, executed here May 23 on a charge of attempted robbery, had betrayed the plot and implicated a number of officers and soldiers. She said they planned to place the entire section under the command of "General" Villanueva, after killing the Americans here and obtaining supplies from the local stores.

Three of the officers implicated, Colonel Ortega and Captain Antonio Reyes, a former Villista, and Captain Pina, were taken from the jail, where they have been confined since they were first suspected, to be tried by court-martial.

Ortega, believing they were to be shot, stabbed himself in the stomach. He was executed with two others a few hours later. Nine soldiers are being held for trial in connection with the alleged plot.

Great Britain's Answer on Mail Seizures to Evade Issue Again

Washington, D. C. - While Great Britain has indicated to the State department that examination of detained neutral mails would be expedited as much as possible, department officials said Monday that the concession could be considered by this government as only a minor one, not affecting the question of right of seizure, over which the two governments have disagreed.

Intimations have reached the department that the British reply, now being prepared, would formally call attention to the steps taken to obviate delay in mail examination, thus disposing of many specific complaints that the allies had exceeded their rights in extending their censorship outside territorial waters and had employed "vexatious inquisitorial" methods in enforcing it.

It is understood that such a reply would be considered far short of meeting the situation.

Boys' Box Trade Thrives

Portland - Portland has some very ambitious lads, according to a report prepared by Superintendent Donaldson, of the street cleaning bureau. He reports that his bureau after the last Rock Festival parade hauled away 40 truckloads of boxes the boys had taken into the business district to sell for curb seats.

Tons of paper and other curbside materials were gathered up from the streets at the close of the Festival. The paper was taken to the incinerator, while the boxes were distributed to poor families for fuel.

British Losses Continue

London - Officers' casualty lists show that during the month ending April 8, the army lost 316 officers killed, 996 wounded and 49 missing, a total of 1271, which brings the total losses since the beginning of the war to 26,304, of which 8108 have been killed or died of wounds, 15,344 wounded and 8152 missing.

During the month the Indian contingent lost 47 killed, 72 wounded, and the Canadians 18 killed and 96 wounded. Major General Kenyon is reported wounded and seven Lieutenant Colonels were killed.

Huge Dinosaur Found

Jensen, Utah - Prof. Earl Douglas, of the Carnegie museum, Pittsburgh, has just unearthed a perfect dinosaur, more than 125 feet long, said to be the largest specimen ever found in the United States.

The neck is more than 65 feet long, and the thigh bones more than three feet in diameter. The specimen has been fully excavated and will be shipped to Pittsburgh at once. The workmen have named it "Tiny."

Boselli To Lead Cabinet

Paris - Signor Paolo Boselli, veteran Italian parliamentarian and former minister of public instruction, who has been requested by King Victor Emmanuel to form a ministry in succession to that headed by Premier Antonio Salandra, probably will take the presidency of the council without portfolio, says a dispatch. Signor Boselli is expected to surround himself with eminent men of all parties in forming the new ministry, the dispatch says.

Give The Hog a Chance. No apple grower ever goes out into the orchard and knocks apples off the tree with a club when he is marketing his crop. He knows the public won't buy bruised fruit.

But there are still some hog shippers who try to market their crops with a club and the result hits them in just the same place that it would hit the apple raiser - the pocketbook.

It is the club users, the kickers, and the men in too big a hurry that send bruised and crippled hogs to the market, and those bruised and crippled hogs are the cause of lower prices for the men who put their time and their money into them.

Hogs are slower in summer than in winter because of the heat. Patience is needed in their handling if the best prices are to be secured for them. Because the buyers insist that the animals must be in first-class condition when received.

There are a number of "don'ts" that can be observed with profit at the present time. Just a few of them follow:

Don't drive hogs too rapidly. Don't be in too big a hurry to load. Don't lose patience. Don't forget that a bruised or crippled hog hits the shipper's pocketbook.

Don't beat or shove the hogs because they do not happen to move quite fast enough to please you. Don't throw water on the back of an overheated hog. Sprinkle the floor of the car or pen instead.

Cruelty to hogs is clearly shown in the meat of the animals after they are prepared for market. Bruised backs and hams do not sell so readily as the clear meat, and future shipments from the source of the injured animals will suffer in consequence.

AN INSURANCE AGAINST SUDDEN DEATH! For Sufferers From Backache, Rheumatism and Kidney Trouble.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience - such as Dr. Pierce's of the "Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send 10c for large trial package of "Anuric." Write your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is a most powerful agent in dissolving uric acid, and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, "Anuric" clears the blood and filters out those deposits of lime-salts which cause so much pain, and prevents dropsical conditions such as swollen hands or feet and the bag-like appearance under the eyes. "Anuric" is a regular insurance and lifesaver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up in Dr. Pierce, in 50-cent packages, or send \$1.00 to Dr. Pierce for full treatment by mail.

Dr. Pierce's Pleasant Pellets for the Liver and Bowels have been favorably known for nearly 50 years.
