

# COOK HOUSE OUTFITTING

The Kitchenware store is the best place to do your harvest or camp outfitting. Here you will find full assortments of sizes in such enameled ware lines as Royal Steel and the Peerless Vollrath in White. In Aluminum-ware you will find such high grade lines as Viko, as Aladdin ware—the National sensation—and at this time of Wearever (Wearever is being discontinued) in big assortments of items and just about all sizes. Then there are dishes, enameled and earthen, Stone Crocks, etc., and by far the biggest assortment of those thousand and one little things which are likely to be needed.

Our assortments are so large and complete that this feature justifies outfitting here, but that is only one reason. Another is our prices, for on an average our prices are lower than you will find elsewhere for equal value. Then there is the Davis-Kaser Service—the fact that every price and every article is guaranteed with our money back guarantee, that positive satisfaction goes with every purchase. It pays to outfit here. Remember us for Tents, Oil Stoves, Refrigerators, Porch Shades, Cream Freezers, and all sorts of Hot Weather goods.

While Weston did not celebrate the Fourth, the neighborhood stork did by leaving a baby daughter at the home of Mr. and Mrs. F. G. Lucas. Among their children is also a Fourth of July boy, Eugene Lucas, who was born on Independence Day eleven years ago.

Mr. and Mrs. J. H. Padberg and Mr. and Mrs. Nat Shaw of Lexington were Fourth of July visitors in Weston and Pendleton, having motored up from Morrow county. Mr. Padberg says that his ranch eight miles south of Lexington was visited last week by no less than three small waterspouts, which came on Monday, Tuesday and Saturday. Monday's was the largest, and a torrent of water flowed near his house. But little damage occurred, however, and the crop outlook has been enhanced by the abundant moisture. According to records kept by W. T. Campbell the June rainfall in the Lexington neighborhood totaled two inches, which broke all records for the month.

While A. W. Rogers was engaged in packing the piston of his gas engine at his place near Iowa he thrust his left arm through the fly wheel. That engine still had a "kick in it" was demonstrated when an interested if not an innocent bystander thumbed the sparkler. Before Mr. Rogers could withdraw his arm the leaders of three fingers had been nearly severed and a small bone broken.

Compelled to carry one arm in a sling all during the harvest season, when he will need both arms badly, Dr. Smith attended his injuries.

Mr. and Mrs. Frank Godfrey are visiting at the home of Mrs. Godfrey's parents, Mr. and Mrs. Porter Graham, at Frank is wearing a wooden foot, having lost one of his own in an accident last October at Avery, Idaho, where he was employed as a boiler maker. A switch engine struck and rolled over him as he was crossing the railroad yards with a sack of coal on his back, and his escape from death is considered miraculous. As the engine gave no warning, he has a claim for damages pending against the Milwaukee railroad.

Dr. G. S. Newsum, formerly a Weston practitioner, was here for an hour or two this week, accompanying Squire Richards of Athena. Dr. Newsum was located at Lebanon during the week, but found that the health of his son, Master Max Newsum, demanded a change of climate. He contemplates going to Wallawa county.

The Frank Grammas and Robert Fronts returned Friday from a very pleasant camping vacation at Bingham Springs. The Kodak collection "Bob" brought home would give almost anyone the outing fever. At all events The Leader man has about decided to take the river himself as the only means of getting any fish.

### UPLAND CELEBRATION IS ENJOYED BY MANY

Weston was a deserted village on the Fourth of July. Most of its people spent the great Independence holiday on the Weston uplands, where a fine celebration was enjoyed at Bryson's grove. All who attended unite in praise of this event, saying that the parade, the program, the dinner and the sports afforded a splendid day of entertainment under the mountain trees, and that the affair was highly creditable to the uplanders who arranged it. The address of the day was given by Mr. Clarence W. Avery, who spoke well and eloquently. The ball game was won by the Brush Monkeys from the Dry Creekers, score 11 to 7. The sports were numerous, varied and diverting, and not a few of the prizes fell to Herman O'Hara, an entrant from the Oregon Agricultural College.
