"Will you support such and such a measure if returned?" shouted an elector at one of Pam's meetings. Then a scene followed. "I will," said Palmerston, at which half the audience cheered; "No," continued his lordship, amid vociferous counter cheering; "Tell you!" Then the whole crowd roared its ribs out.—London Chronicle.

# FLOOD DAMAGE IN CAROLINAS LARGE

Hundreds Homeless and Many Persons Believed Drowned.

## STREAMS ARE RISING RAPIDLY

Property Loss Is \$10,000,000—Railways and Telegraph Lines Demoralized—Five Perish.

Atlanta, Ga.—Serious floods in North Carolina, South Carolina, and Virginia Sunday caused five known deaths, rendered hundreds homeless and damaged property and crops to the extent of \$10,000,000, according to early estimates, and demoralized railway, telegraph and telephone communication. Following the hurricane that struck the South Atlantic coast Thursday, unprecedented rains have fallen, driving rivers and smaller streams from their banks and imperiling many lives. The French Broad river has broken from its course near Asheville, flooding factories and homes in the lower part of the city. At Biltmore three persons—Captain G. C. Lips, Miss Nellie Lips and Mrs. Leo Mulholland—were drowned when the Lips house was flooded. The Vanderbilt estate at Biltmore was not damaged. Two persons were drowned at Asheville while trying to get food to flood refugees in the second story of the Glenn Rock hotel.

Throughout Western Carolina the situation is reported serious. Two dams at Hendersonville collapsed, releasing great volumes of water, and fears are felt for the big dam at Lake Toxaway. The Southern Railway bridge over the Catawba river at Belmont, N. C., has been washed away, carrying 10 to 12 workmen into the river. Whether they were drowned has not been learned.

Charlotte, N. C.—Eighteen men, 14 of whom are construction officials and employees of the Southern Railway, and four linemen of the Western Union Telegraph company, were missing Sunday night and are believed to be either drowned or marooned in trees on the Catawba river about 12 miles from Charlotte. The river is rising rapidly.

## One Slain, One Wounded in Tacoma Strike Battle; Two Shot in Seattle

Tacoma, Wash.—Rangely Leinann, a strikebreaker, was shot and killed and Sam Jones, a union longshoreman, sustained a probably fatal gunshot wound in a pitched battle Sunday, when union men attacked an automobile carrying nonunion workers to the Milwaukee docks. Four men were in the automobile returning from the city to the docks when they were ambushed near the Eleventh-street bridge by about 15 strikers. The latter began hurling bricks at the occupants of the automobile and when the drivers put on more speed a shot rang out. Leinann, who had a revolver but who had not been able to use it, according to the others in the car, fell over dead. One of the other occupants, which one the police have not been able to learn, picked up the dead man's gun and returned the fire, wounding James. The automobile turned and sped for the central police station with the body of the strikebreaker, while the strikers, who had a car standing near the scene of the shooting, rushed James to a hospital.

Seattle, Wash.—Two men were shot, but not dangerously wounded, and a third was severely beaten, during a fight between 16 non-union longshoremen and strike sympathizers at the Pike Place Public Market Saturday night. Several other men received less serious injuries. F. A. Webb, a butter and egg dealer, in the market, was struck in the leg by a stray bullet. William Clarke, a union longshoreman, was shot in the leg. O. W. Bridgefarmer, a special policeman employed as a guard at Pier 6, was seriously beaten and kicked.

**Train Kills Three in Auto.**  
Tacoma, Wash.—Three persons were killed and two injured when a Chicago, Milwaukee & St. Paul passenger train crashed into an automobile on a railroad crossing near Sumner about 8:30 o'clock Sunday night. The dead are: John Cognate, Mrs. John Cognate and Ed Able. The injured are: Andrew Cognate, fractured ribs and scrawled wounds, and C. E. Carlson, superficial injuries about the head. All are from South Tacoma and were returning to the city from a day's outing when the accident occurred.

**V-Trap Set for U-Boat.**  
Norfolk, Va.—At least three British and French cruisers are off the Virginia coast waiting for the Deutschland to go out into the Atlantic on the way back to Germany, and for the Bremen, said to be en route from Kiel. One of the warships came within six miles of Cape Henry Sunday. Incoming steamers report sighting foreign warships in all directions off the Virginia coast, indicating that a V-shaped pocket is being formed in which it is hoped to catch the Deutschland.

**Flames Threaten Athens.**  
Paris.—The fire which destroyed the summer residence of King Constantine of Greece, situated at Tatoi, on the outskirts of Athens, is still raging in the forest in which the royal chateau stood. A Havas dispatch from Athens says it is feared the flames will reach the city. Among those who lost their lives in the fire were Colonel de la Parra, of the engineers; M. Chrysospathis, the head of the royal secret service and 20 soldiers.

**Too Tolerant.**  
Bishop Conrad said at a dinner in Newport News: "Some folks regard their sins in too generous and tolerant a way. They're like Cal Cal." "I said to Cal one day: 'Calhoun, my man, Gen. Douglas has positive proof that you looted his chicken house last week. I should think you'd be ashamed to take command after such a rascally deed as that.' 'Mah goo'ness, sah,' said Cal reproachfully. 'Ah wouldn't let a few measly chickens stand 'twixt me an' de Lawd's table!'"

**Secret Worth Buying.**  
Mr. Rounder (at police station)—Can I see the burglar who was arrested for breaking into my house last night? Chief (hesitatingly)—Well, I don't know. What do you want to see him about? Rounder—Oh, there's nothing secret about it. I just want to find out how he managed to get into the house without waking my wife.—Boston Transcript.

**Uch.**  
They were sitting in a secluded corner of the veranda. For a long time neither of them had spoken. Suddenly he took her little hand in his. His voice was choked with emotion as he said: "Do you think you could ever learn to love a man?" "Yes," she interrupted in a soft whisper. "Bring on your man."—New York World.

**True View.**  
The late James J. Hill, the railroad king, was a man of buoyant optimism. "Failure," he once said in an address to railway men, "failures are always pessimists. Successes, on the other hand, are optimists. Which is right?" He paused, then added: "It's easier to slip down hill than to climb up, but the view, remember, is at the top."

**Sometimes Apply It Lightly.**  
For cuts, burns, scalds, sores, and open wounds always apply Hanford's Balsam lightly, but be sure that it covers and gets to the bottom of the wound. A few light applications are generally all that is needed to heal this class of difficulties. Adv.

**I OWE MY HEALTH**  
To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROSE STROMER, Moore Avenue, Washington Park, Illinois.

**Hay Harvest Starts on Coast.**  
Marshfield, Or.—Haying season, which comes later on the Coast than elsewhere in Oregon, is in full swing and the crop is abundant. The ranchers on Coos river have been busy with their mowing machines for the past week, and the Coquille valley farmers are also harvesting their hay. Many Coos county stockraisers depend upon corn ensilage rather than hay and that crop will be gathered later in the year.

**Roseburg Shipping Shoop.**  
Roseburg, Or.—More than 1000 sheep were brought here Sunday by George Kohlman, preparatory to being shipped to the San Francisco market. As many more were shipped to California Saturday by Pelton & Selmann, local livestock buyers.

## Northwest Wheat Crop Estimated at 55,000,000 Bushels

The wheat crop of the Pacific Northwest is estimated by grainmen at from 54,000,000 to 56,000,000 bushels. The remarkable improvement made in the past few weeks justifies them in raising their estimates to these figures. At the present time the weather could not be better for filling out, and glowing reports are coming in from all sections.

As to the future prices, the situation is as uncertain as it ever was, but one thing seems sure that is that the market will be on the basis of Chicago. The tendency now is to get on a parity with the East. The late Chicago bulge put that market up about 7 cents, whereas prices here have advanced only about 3 cents. The coast market is not yet on the Chicago parity, but it is not far from it.

**Ship 12 Cars Fruit Daily.**  
Puyallup, Wash.—With more than 8000 berry pickers in the valley and the berries ripening very fast, President W. H. Paulhamus, of the Fruit Growers' association, said that the association will ship a dozen cars of berries a day for the coming week. About 2000 pickers can still be used in the valley. Mr. Paulhamus estimates. Ranchers in the vicinity of Puyallup are in greater need of pickers than are Summer ranchers, because most of the Puyallup berries are Antwerp and Marlboro, and ripen much faster than the Cuthberts.

**Umatilla Crop Promising.**  
Pendleton, Or.—With harvest in Umatilla county a week or two late, predictions are that a much larger crop will be harvested than was expected a short time ago. The cold spring was a great hindrance to growing grain, but recent rains, followed by warm days have brought out the crops wonderfully, especially in the lighter grain sections. Wheat and barley are ripening rapidly. Usually cutting begins in most of the wheat sections shortly after July 10, but it is reported little will be cut this year before August 1.

**Quinalt Pack Will Be Normal.**  
Aberdeen, Wash.—The estimated pack of Quinalt salmon during the season now drawing to a close is 16,000 cases of half-pound cans. This is about a normal pack, although last season 40,000 cases were packed, due to the largest run of salmon ever experienced on the Quinalt river. The price paid for salmon this year was more than double that paid last season. This was due to a salmon-buying war waged between the two local companies and the Everett Packing company.

**Hay Harvest Starts on Coast.**  
Marshfield, Or.—Haying season, which comes later on the Coast than elsewhere in Oregon, is in full swing and the crop is abundant. The ranchers on Coos river have been busy with their mowing machines for the past week, and the Coquille valley farmers are also harvesting their hay. ## If You Suffer from Backache, Lumbago, Kidneys or Rheumatism, Take Hot Water and "Anuric."

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"ANURIC." Because of uric acid in overabundance in the system, backache,
