# FORD

The Universal Car

Three strong reasons urge you to buy the Ford car: First, because of its record of satisfactory service to more than fifteen hundred thousand owners; Second, because of the reliability of the Company which makes it; Third, because of its large radiator and enclosed fan, streamline hood, crown fenders front and rear, black finish, nickel trimmings, it is most attractive in appearance. To these must be added its wonderful economy in operation and maintenance—about two cents a mile; likewise the fact that by reason of its simplicity in construction anyone can operate and care for it. Touring Car \$414.85. Roadster \$399.85.

J. L. Hodgson has disposed of his lease on the Kirk estate lands near Athena to Charles Kirk, who has also bought the Hodgson outfit and will engage in farming. Mr. Kirk is selling out his hardware and implement stock at Athena.

The Farmers Bank of Weston has been given a judgment against the Blue Mountain Sawmill company on a promissory note for \$8000. An execution was entered by the court ordering for the sale of the property held to secure the indebtedness.

The Oregon Lumber Company, of which D. C. Eccles is president, has bought 15,000 acres of timber lands near Austin, Baker county, from a Spokane concern. The tract contains approximately 300,000,000 feet of yellow timber and has never been logged.

Trajan Tucker, the Reed & Hawley uplands farmer and merchant, has finished harvesting a small acreage of barley which he had on the W. S. Ferguson place. He had an excellent yield, 32 sacks to the acre, the sacks weighing 115 pounds each, and sold his barley on the place at \$31 per ton.

Mr. and Mrs. A. B. Woods motored over from Walla Walla Monday bringing Mr. Woods' parents, Mr. and Mrs. James Woods of Moro, Oregon who will visit their two sons in this vicinity. They were also accompanied by Rev. M. C. Lutz, the newly-appointed pastor of the United Brethren church at Walla Walla.

While perhaps not so fortunate as the Weston wheat district with respect to "getting the money," the Walla Walla valley nevertheless holds an indispensable place in the little world of the Inland Empire. For instance, Weston folk were regaled this week on delicious second-growth strawberries which came from the valley fruit lands.

J. T. Wood of Gem, Idaho, is visiting his brother, D. R. Wood, local business man. He motored down from Gem, and had no trouble until he struck a turn in the road just east of Weston which is the pet aversion of motorists. Here his machine went into the ditch, wrecking the two front wheels, and Charley Price had to haul it to town for general repairs. Mr. Wood will remain until after the Round Up.

R. E. Manning has completed the deal for the purchase of Lehman Springs and has already taken possession. He will begin work next Monday on the roads near the Springs and expects to spend the remainder of the fall season in preparing the road for next season's traffic to and from the Springs. During the winter he will do a great deal of repairing on the buildings and by Spring hopes to have the property in better shape than it has been for some years.

### Unique Exhibit.

Visitors at the Round-Up this year as they go up Main street from the depot will be afforded a sight not on the regular program, but which, nevertheless, will be a feature worth seeing. This is the display of Hermiton products to be located where Happy Canyon was last year and which, in former years, was the site of the county fair.

The center piece of the display will be a bungalow built entirely of hay. Baled alfalfa will be used for the walls with a thatched roof, also of alfalfa. Pillars will be built of melons, squash, pumpkins, etc. Inside the house will be grouped the other displays such as corn, vegetables of all kinds, fruits, etc. It is not the intention to take just two or three specimens of each variety, but a lot of each that visitors may know they are not showing just a few freaks. Attention will be given to perfect specimens rather than extra large.
