

UNLESS YOU KNOW THE NEW WHITE ROTARY, SEE IT

Unless you know the New White Rotary it is impossible for you to realize or even approximate how much superior it is to all others, and especially to realize how incomparably superior it is to all ordinary or vibrating shuttle machines. Did you ever see a user of a New White Rotary who would consider any other machine at any price? There's a reason, a lot of reasons, but none of them are so convincing as the machine itself. The ease of regulation and manipulation; the quick, quiet, easy performance—the splendid work any one can do without expert knowledge—is more convincing than all the high sounding claims put out for inferior and in some cases actually very common machines.

Give us a chance to demonstrate the truth of these statements. We sell this machine as we do other goods—satisfaction or your money back—so you take no chances.

About prices: The factory has twice advanced the price since our last catalog was received. When present stock is exhausted we too shall have to advance. For the present the following prices are in effect—brand new machines in original factory crates:

Six drawer Oak stand, Automatic Drop Head.....	\$37.50
Four drawer, Sit Strate, Automatic Drop Head.....	\$37.50
Mission Design, Automatic Drop Head.....	\$45.00
Cabinet, Golden Oak, Automatic Drop Head.....	\$50.00
Portable Electric, 7-speed motor.....	\$40.00

All are complete with fine set attachments. Let nothing induce you to buy any other make.

"Ish" Watts of Athena is reported to be going hunting today in the wilds of Kameia with his new high-power Newton rifle. Fred Boyd, Gem Duncan and Bill Dobson are going along with their little old thirty-thirties to be ready for emergencies if the Newton doesn't shoot straight.

Miss Odessa Kirkpatrick has purchased the confectionery store of her brother, E. E. Kirkpatrick, and will take possession November 1st. After a few weeks Earle will leave for a visit with friends at Anatone, Wash., where he was formerly in business. Miss Kirkpatrick will be succeeded as local telephone operator by her present assistant, Miss Ruby Irice.

At a meeting Tuesday at the U. B. Church the following officers were elected by the local union of the W. U. T. U.: Mrs. E. A. Dudley, president; Mrs. Ethel Snider, vice president; Mrs. Clarissa Price, recording secretary; Mrs. Letha King, corresponding secretary; Mrs. S. L. Kennard, treasurer. A good report of the state convention was given by the delegates who attended and the year's work was interestingly discussed. The union will meet again November 14 at the home of Mrs. Kennard, where a social afternoon will be spent and refreshments served.

Judge Thomas H. Brents, one of Walla Walla's honored pioneers and widely known throughout the Northwest, died Monday morning at his home in that city after a lingering illness. Judge Brents was born in Illinois in 1840, and twelve years later accompanied his parents with an ox team train across the plains. He had since been a cowpuncher, pony express rider, lawyer, congressman and jurist. Of the 62 years he spent in the Northwest, 56 were devoted to the study, practice and administration of law.

Saturday, October 21, was observed by the Saturday Afternoon Club as Reception Day for the teachers of the public schools. Mrs. Joseph Wurzer acting as hostess. The short musical program included a song by Mrs. E. M. Smith and piano duets by Miss Ruth Read and Miss Gladys Smith. Refreshments were served by the membership committee, Mesdames K. W. Brown, S. A. Barnes, C. H. Smith, Frank Graham, A. J. McIntyre. The guests were Misses Kintoul, Cogswell, Noren, Kilmer, Workman and Dryden of the Weston school faculty, and Mrs. Ray of Portland, house guest of Mrs. L. R. Van Winkle.

Milton Eagle—Mel Turner, who accompanied J. W. Davis on his trip to Nevada, had the misfortune to let the "White Bug" get away from him in Freewater Wednesday morning. He cranked it and evidently left it in low. The bug, after climbing the supports of a roof in front of a barber shop, and walking through a window next door found an immovable object in the form of an electric light pole; and after climbing half way up the pole and playing peek-a-boo with the wires it ceased its fruitless efforts having disfigured its left front wing. No other serious damage was done.

Gross receipts from the play Wednesday evening were \$124.80, and the liberal support thus given has done much to encourage the Weston Concert Band. The singing between acts by Mr. Jack Root of Pilot Rock, who has a voice of rich and pleasing quality, was greatly enjoyed by the audience, and he has the ward's grateful thanks for his assistance. Mr. Root was accompanied by Weston by Mr. L. K. Harlan, editor of the Pilot Rock Record, who complimented the play highly. Its success was due in large measure to the thorough and capable work of Mrs. J. H. Williams as director. The cast contemplates presenting it Saturday evening of next week at Umatine.

FORD

The Universal Car

The new Ford cars are "up-to-the-minute," in appearance, with large radiator and enclosed fan, hood with full streamline effect, crown fenders front and rear, black finish with nickel trimmings—a snappy looking car—and with all the dependable, enduring and economical qualities that have made the Ford "The Universal Car." One fact is worth more than a ton of guesses. Ford cars are selling from five to ten over any and all other cars, simply because they give more satisfactory service, last longer and are easier to operate and cost less to maintain—and there's no guessing about the reliability of Ford service. Touring Car \$414.85. Roadster \$399.85.
