

GIVE THE GOOD WIFE HER FAIR SHARE OF THE CROP.

When thinking of the new farm equipment and the improved new machinery you expect to buy from the proceeds of this year's crops, don't forget the women's department. Surprise the wife or other women folks by suggesting a new Monarch Range and a McDougall Kitchen Cabinet. They have shared in the work for the crops. Why not let them share in the profits?

MONARCHS and McDUGALLS

Both these modern conveniences are lifetime articles. They save time, save steps, save work, save worry and listen, Mr. Man!—the cabinet saves supplies and the range saves fuel—soon actually paying for themselves. After that the saving is "Velvet."

While you are thinking about it, drop in and look them over—you'll understand some of the reasons for the things we claim.

NEW PIANOS and PLAYERS

We have just received another large shipment of the latest, up-to-date pianos and players. Come in and see them, and also see how much you can save by buying your instrument instead of having it "sold" to you.

Mr. and Mrs. J. A. Lieuallen were in Weston this week while returning to Pendleton from Walla Walla, where the death of Mrs. Lieuallen's mother recently occurred.

Insofar as Weston was concerned, the Pendleton Normal boosters came and saw yesterday, but most decidedly did not conquer. They found it expedient to spend their time chiefly at local pool tables.

Arthur I. Moulton, prominent Portland attorney, will speak at Weston opera house tomorrow (Saturday) evening in support of Charles E. Hughes. Mr. Moulton lived in Weston when a boy.

R. T. Brown, republican candidate, campaigned for the county clerkship in Weston Tuesday. Mr. Brown followed the method of house to house canvassing which he found to be so effective in the primaries.

"The Perils of a Great City" troupe have decided to go barn-storming for the benefit of the Weston Concert Band, and will appear tomorrow evening at Helix. They are billed for Pilot Rock Friday and for Umapine Saturday of next week.

Roy W. Ritner, republican candidate for the legislature, was in town Tuesday. Roy is quite likely to receive a pretty good boost from Weston voters on the strength of his legislative record and his fair and impartial attitude in the normal school fight.

Joe Lieuallen and daughter Catherine left yesterday for Hepper to attend the wedding of Mrs. Letha Wood and Mr. Ben Bushnell. The bride is a daughter of Mr. Lieuallen. Incidentally, he will do some campaigning against the Pendleton Normal bill.

Mr. Bennett Williams of Portland, in company with Miss Vernice Gregory and Mrs. L. J. McAtee and three children of Pendleton, spent last week end with Mrs. McAtee's mother, Mrs. Olive Nevin. Mr. Williams left for Portland Tuesday in his Hudson Six.

A social gathering in observance of Halowe'en was held Tuesday evening by the United Brethren Sunday school class of Miss Ethel Waddingham and Mr. J. H. Williams. Decorations of the class room at the church were in keeping with the occasion, and a most enjoyable time was had.

George D. Peebler, prominent farmer, democratic candidate for coroner and president of the Umatilla County Pioneers association, is greatly elated over striking water at his Stage gulch ranch. At a depth of 406 feet he has 200 feet of water. Twenty years ago Mr. Peebler vainly sank a well 300 feet in depth.

Wednesday evening the city council appointed judges and clerks for the annual municipal election November 29, when a mayor, three councilmen, recorder and treasurer are to be chosen. A tax ordinance levying sixteen mills was passed. This is the same as last year, save that one mill is added to the street levy.

The Laurel class of the Methodist Sunday school met recently at the home of Miss Ruby Price for the purpose of organizing. Officers elected were: Ruby Price, president; Ruth Read, vice president; Ethel Smith, secretary; Cora Beamer, treasurer. After the business meeting a social evening was enjoyed by all. Light refreshments were served.

Taking advantage of the recent welcome rains, farmers of the Weston country have been busy seeding during the week. Sim J. Cullley made easy work of the process by trailing four drills behind his caterpillar. J. M. Banister is about the only local farmer who has not yet begun to plant, as he prefers to wait until the weeds get a better start and will thus be more readily exterminated. He thinks next week will be time enough to put his seeders in commission.

FORD

The Universal Car

The new Ford cars are up-to-the-minute in appearance, with large radiator and enclosed fan, hood with full streamline effect, crown fenders front and rear, black finish with nickel trimmings—a snappy looking car—and with all the dependable, enduring and economical qualities that have made the Ford "The Universal Car." One fact is worth more than a ton of guesses. Ford cars are selling from five to ten over any and all other cars, simply because they give more satisfactory service, last longer and are easier to operate and cost less to maintain—and there's no guessing about the reliability of Ford service. Touring Car \$414.85. Roadster \$399.85.
