Many patterns, imitations of the real damask, full width, and very serviceable, in prices, per yard, from 98c to only			.49

These linens were all bought at the old price and are fully 25 per cent cheaper than linens would have to sell for bought in the present market.

REAL SHOE TALK

We are selling a high top shoe, full heavy two-sole, full stock viscolized bottom. Nothing better at the price for only \$4.69. We have a 16-inch top, the best stock obtainable; veal calf welt sole, as near water proof as leather can be made; extra heavy gusset, double-sewed with silk thread. We recommend and absolutely guarantee this shoe at this price and you will agree it is a good value at \$9.00. This shoe has a sole made of rawhide and treated with paraffine, a new

secret process, and extensively used in the Russian army. A shoe that will be 50 per cent higher the coming season. Price now \$3.50.

Children's School Shoes

We are agents for the famous District 76 School Shoes for Children. This is a shoe we know and will guarantee if properly cared for to give satisfactory wear. These shoes are made of heavy stock gun-metal, reinforced at every point. We know this shoe will wear well

and last long. It is our desire to sell you shoes that will be entirely satisfactory, and we solicit your shoe business and recommend this shoe.

Some Don'ts About Shoes

Don't place your shoes or rubbers near the fire to get them dry as the heat takes the life out of leather or rubber. Don't neglect to have your shoes repaired. To sew a small rip often doubles the wear of a shoe. Don't buy a light shoe and expect it to give heavy wear.

Of the 9139 registered voters in Umatilla county, 8116 went to the polls.

Lafe McBride has added a new rubber tired cab to his transportation equipment.

Otis Reynolds is here from his Franklin county farm for a few days' visit at the old home.

Mrs. L. R. Van Winkle left Tuesday for Portland, to visit her brother, Claud Carlisle.

A. L. Douglas and family have moved from the ranch into their town residence for the winter.

Mrs. L. S. Wood was in Pendleton Tuesday visiting her sister, Mrs. W. B. Mays, and calling on friends.

George Rind, of Wallowa county, was here during the week for a visit with his mother, brothers and sister.

F. W. Hoffman, who lately became the partner of E. E. Zehm, has moved into the Reynolds residence with his family.

Mrs. Edith Graham has gone to Seattle for a visit with her sister and will remain until after the Christmas holidays.

Mildred Harbour and Dick DeMoss were recent small patients of Dr. Smith, each being operated upon for the removal of tonsils and adenoids.

Mrs. S. A. Barnes and Mrs. W. A. Graham were visiting Monday in Athena, where they were the guests of their sister, Mrs. F. B. Boyd.

Mrs. R. G. Saling accepted a recent invitation to sing for the Thursday Afternoon club in Pendleton and her offerings were rewarded with the warmest praise. Mrs. Cozlie Pruitt was the hostess and the club meeting was held as usual in the library auditorium, where Mrs. Saling's voice was heard to the fullest advantage. She sang two numbers, "Paris" and "Good Bye, Summer," with effective violin and piano accompaniment.

The Weston Concert band's troupe of amateurs played to a \$34 house at Pilot Rock and a \$47.50 house at Umatilla, and met with a favorable reception at both places. A parent-teacher's meeting at the Rock prevented a larger attendance. It was scheduled by its Pendleton sponsors after the Weston date had been advertised and they refused to make way for "a Weston play," although they said they would gladly do so for a Pilot Rock play. Specialties by Gail Williams, a gifted 10-year-old, and music by the Weston orchestra were strong adjuncts to the play at both Pilot Rock and Umatilla, and at the former place a trio of local masculine singers helped to entertain the public. The orchestra was led by Joe Payant, who is fast developing mastery of the violin.

The Northern Pacific has placed an order with the Pendleton Wollen Mills for \$20,000 worth of Pendleton Indian blanket cloth with which to make suits for the company's marching club to wear when it participates in the winter carnival at St. Paul, January 28. This much cloth is sufficient for 2500 uniforms. It is said that the club membership jumped from 500 to 1500 when it was learned that the company had decided upon this material.

The largest shipment by parcel post that ever came into Weston was lately received by S. A. Barnes. It consisted of 24 boxes of Delicious apples--which do not bear their name--grown near Chelan, Wash., and shipped to his Weston brother by L. W. Barnes. The apples are attractive, both in appearance and flavor, and sell for \$1.50 a box at Chelan.

After a warm campaign with Ed Kiddle as his opponent, Walter M. Pierce was elected joint representative from Union and Wallowa counties by a majority of 590. These two counties will thus be represented in the lower house by one of Eastern Oregon's ablest and most progressive citizens.

Mrs. Willis Lang left Monday for Cambridge, Idaho, to take charge of her hotel property there, after a several days' visit at the home of her uncle, J. W. Chapin, near Weston. She will be joined soon by Mr. Lang, who remained at Lewiston to finish packing an apple crop.

Mrs. Walter Simpson, of Garfield, Wash., is visiting her parents, Mr. and Mrs. William McCorkell, and sister, Mrs. Albert O'Harris, near Weston.

Frank King, former Westonite, is building a \$1700 bungalow in Pendleton.

Grandma McKinnon, of La Grande, yelled a heartfelt Democratic yell when she heard of Wilson's re-election. She is 95 years old, and cast her first ballot this year.

Moses Taylor has sold 360 acres of choice land lying south of Athena to J. A. Lumsden for \$46,000. The place includes part of the old Morrisette and Jerry St. Denis reservation holdings.

Frank Winn, an old timer from Couze creek, called at the Leader office Monday and subscribed for the 29th consecutive year. We enthusiastically commend Mr. Winn's discriminating judgment in the selection of his reading matter.

The family of Mr. and Mrs. C. F. McConnell, now residing near Adams, was increased Monday by the arrival of a fine baby boy. The parents promptly named him Woodrow Wilson McConnell--much to the further pleasure of his grandpa, Mayor Banister, of Weston.

A cold snap has been snapping right merrily in and around Weston. Sunday night the mercury registered seven above zero, according to Herbert Baker, local weather man. For the same night a temperature of 14 below zero was reported from Ukiah, and twelve below from Meacham. Two degrees below is said to have been recorded at the Blue Mountain sawmill, 12 miles east of Weston. Beyond a further delay in fall seeding and a few bursted water pipes, no inconvenience was caused in this community.

Seeking Violin Pupils

Miss Allene McCully, teacher of violin in the music department of Columbia college, Milton, was in Weston Monday accompanied by the Rev. H. S. Shangle, president of the college. Miss McCully is a graduate of the musical conservatory of the Nebraska university and is a trained teacher of the violin, as well as a gifted performer. Having one day of each week at her disposal, she is seeking to organize violin classes in Weston and Athena and those desiring to receive lessons are requested to notify her or President Shangle.

Columbia college now has a strong music department, which has become one of the most attractive features of its work. Classes are taught in piano, voice and violin, and the suc-

cess of this department has become the source of much gratification to the college management.

In all departments the college has an attendance of 100 earnest and promising students. Its work is of a preparatory nature, taking its students within two years of their degree.

White Dent Corn

After a year's effort Lou S. Smith, assistant agriculturist for the O-W. R. R. & N. company, has traced the origin of the Walla Walla white dent field corn. This corn, he says, is the best seed corn he has found, and he has run across it all over the Northwest.

It was brought here by Joseph W. Harbet, who is living on a ranch four miles east of Walla Walla. It was given to Mr. Harbet when he crossed the plains by ox team in 1862. He got only one ear, but saved it and planted it on his arrival. From this has come the present Walla Walla white dent. This corn has a peculiarity. Some of the cobs are white, some pink and some parti-colored. It resists all efforts to eradicate these colors.

Pendleton--Of the banks of the state having deposits of more than a million dollars, the two Pendleton banks and the First National Bank of Baker are among the first four.
