

January White Goods Sale

This statement will no doubt be read with interest by those who are at this time planning their spring sewing. Despite the adverse conditions we have assembled a most pleasing array of dainty white materials that will be in vogue the coming season and at prices that will be a real surprise to those who have kept posted on the cotton market and know the steady advance from time to time. In this display will be shown dainty flouncing, embroidered crepes so much in demand this season for both costumes and undergarments, linens, lawns, dimities, laces, all over laces, dainty edgings, insertions, etc. Many pretty things in skirts, corset covers, gowns, slips combination. You must see these to appreciate them. All are specially priced for this week. Anticipate your wants and save money.

Men's Furnishings Specials

The continued warm weather has made it necessary for us to make special prices on many of our winter lines in order to avoid carrying them over until next season.

COMMITTEES ARE NAMED FOR WESTON CHAUTAUQUA

The committee having in charge the local arrangements for the Ellison-White Chautauqua, booked to appear in Weston February 17, 19 and 20, met Monday evening at the office of Frank Price and organized by the appointment of the following sub committees:

Advertising—Clark Wood, G. R. Robinson, Roy Read.
 Arrangements—Frank Price, Dr. F. D. Watts, Joe Hodgson.
 Tickets—E. C. Rogers, J. H. Williams, Robert Proudft.

The Chautauqua will be held at the opera house, which was secured on very favorable terms.

Season tickets are now on sale at the stores of Watts & Rogers and the Weston Mercantile Co. They are only three dollars each, and entitle the holder to attend the full series of six sterling attractions. It was decided to set aside a limited number of reserved seats for those desiring them. These are fifty cents in addition, and may be had after Monday next at the office of Frank Price.

POSTOFFICE RECEIPTS GROW

An interesting comparison has been made between the business of the local postoffice now and that of 27 years ago. The stamp sales during the month of December, 1889, when L. S. Wood was postmaster, reached the total of \$255.91. During December of last year Postmaster Van Winkle's stamp sales were \$619.50, showing an increase of \$363.59. This showing tends to contradict a theory often heard that "the good old days" in Weston were the best days for business—since postoffice receipts may be taken as a pretty fair index. In the same month Postmaster Wood did \$1000 more money order business than Postmaster Van Winkle, but Weston did not then boast of a bank.

INDUSTRIAL SCHOOL HERE?

Salem, Or., Jan. 21.—A proposal to move the State Industrial School for Girls to one of the three idle state normal school plants and use the present girls' school equipment for the state institution for feebly-

minded met with favor at a meeting of the joint ways and means committee of the legislature last night.

To investigate the proposition as an economic measure, a committee of five was appointed. On this committee are Representatives Childs and Ashley and Senators Gill, Strayer and Farrell. The committee will investigate the idle normal school plants at Weston, Ashland and Drain. Representative Childs made the suggestion.

Senator Strayer said he had these idle buildings in mind for use in caring for the children now in state-aided institutions when the matter comes up for cutting off state support from these institutions.

FARMERS MEET TO DISCUSS ELEVATORS

Some 75 farmers from different localities were present at the bulk grain meeting in this city Saturday, and not a few ideas of much value were advanced by the several speakers to show that elevators are both economical and convenient.

The meeting was addressed by R. O. Earnhart and Mr. Howell of Pendleton; Mr. Wetzell of the Burrell Construction Co., Portland; Mr. Crawford of the Whitehouse-Crawford Lumber Co., Walla Walla; Will Steen of Dry creek and others. Sim J. Culley, president of the Weston Warehouse Co., presided.

A standing vote was taken on the proposition of building elevators to handle the grain of this district and was carried almost unanimously. On motion the chair appointed a committee of five, consisting of the directors of the Weston Warehouse Co., to secure plans and estimates. That elevators will be built at both Weston and Downing stations is regarded as almost certain. It was shown that the cost of construction could almost be met by the farmers with one year's sack bills.

Taken up—At my place, a bay horse weighing about 1100 pounds, white star in forehead, three white feet; saddle marked. F. C. Greer, Weston, Or.

Do you want a good cow? I have two good ones for sale at \$50 each. E. E. Zehm.
