

M. Born & Co. Suits To Your Measure

YOUR SPRING SUIT TO YOUR MEASURE

There's a difference between the ready made suit and the tailored suit--just as there's a difference, ordinarily, between the house you rent and the home you build. When you rent you take what you can get and try to be content. When you build a home you put into it your individuality, your taste, your pride, and all become a part of it. Your neighbors and friends recognize this. Both are houses. The same with a suit. The ready made suit is just a suit; the tailored suit is the home you build, showing your taste, your pride, and giving you the satisfaction of wearing well made and becoming garments.

We have the famous M. Born & Co. agency, showing more than 400 samples made in the style you wish. The prices are but little more than of ready made suits and the garments are better. Let us show you the large samples now on display.

Watts & Rogers are planning for a tractor demonstration as soon as possible.

"Pody" Duncan was up from Prospect farm for a few days during the week.

Robert Wheeler, former Weston boy, again has a clerical position at the court house.

The Bachelor Girls were entertained Monday evening at the home of Miss Josie Lavender.

Dr. Kennard disposed of four head of work mules Tuesday to Ralph McEwen of Athena for \$750.

Frank J. Beale, now an extensive rancher of Alberta, was in town Wednesday attending the local lodge of Pythians.

Weston High was defeated by Touchet High in a double header basketball game Saturday evening in the local court.

Joe Clodius has returned from a tour of the upper country, having visited relatives at Spokane, Ritzville, Sprague and Waukegan.

J. B. Hart and family were here Friday and Saturday from their farm near Walla Walla. They were guests of the J. M. Ashworths.

Good interest and large congregations continue each evening at the M. E. Church, South, revival—which, however, will be closed temporarily during the Weston Chautauqua. Pastor Smith has the capable assistance of Mr. Roy Sims, a theological student of Columbia college, whose sermons have met with much favor.

The Saturday Afternoon Club was pleasantly entertained at the home of the president, Mrs. E. O. DeMoss, Saturday, February 10. Music was the subject of the afternoon, and each member responded to roll call by naming her favorite song and its author. The program included a paper on Music by Mrs.

Geo. B. Carmichael, songs by Mrs. E. M. Smith and Mrs. C. H. Smith, and a piano duet by Mrs. J. Wurzer and Mrs. F. Graham. A delectable two course luncheon was served by Mrs. A. J. McIntyre and Mrs. W. A. Graham, assisted by the hostess. Pink and white carnations added much to the beauty of the table.

E. W. Boyts was offered \$1.25 and \$1.50 for his potatoes last fall and his neighbors thought it rather queer that he didn't sell. He now feels like shaking hands with himself, having sold about 60 sacks at Pendleton last week for \$3 to \$3.25 per hundred weight. Two weeks ago he sold 64 sacks at Milton for \$2.50. Mr. Boyts now claims to be able to guess right on the potato market once in awhile.

Thomas J. Bulfinch, 75 years old, a brother of C. F. Bulfinch, died January 29 at Sawtelle, Calif. He was a naval veteran of the civil war, having served under Admiral Farragut at the battle of New Orleans, and his immediate superior was the late Admiral Dewey, then a lieutenant. He left a small estate, and his Weston brother has gone to Sawtelle to take this in charge.

The Weston pupils are back from school at Spokane, where they learned all about caterpillars—not the fuzzy kind, but the kind that is gradually working the honest and faithful mule out of his job. Perhaps Iley Winn or Sim Culley or Scott Banister could qualify now at a pinch as gas engineer at the Leadef shop.

Clarence Wright and family have been visiting at the home of Mrs. Wright's father, M. A. Baker, while on their way from Enterprise to Alberta to reside. Their little daughter Virginia is ill with the measles.

Owing to the high cost of gasoline, wood sawyers of Weston and Athena have entered into an agreement to raise their rates.

Because of illness, Mrs. Laura Shanks has returned from near Walla Walla to her home in this city.

Virgil, the little son of J. E. Walden, is recovering from an attack of pneumonia.

T. A. Lieuallen was up from Adams Monday for a visit with his mother.

J. T. Lieuallen was in town today from Walla Walla.

Dark Ways—Darkness.
Night is proverbially the time for criminal activity, and Spaniards say: "The false coin passes at night." Too often successful men ignore old friends, or, as the Spaniards say: "With the glories they forget the memorials." Shrewdness has worked off undesirable articles. Spahn tells that "The saddle and mane make the horse sell." Waste labor is "To carry iron to Yucaya." A man born to good fortune is "the son of a white hen."

Zoological Reflections

To the Editor:—

The dog fish shark used for laboratory purposes is of the lower order of fishes, having a skeleton of cartilage instead of bone. The fish is about three feet long and four inches through at the widest part. The only thing pleasant about it is that it has a perfume rivaling the essence of skunk or of limburger cheese. For this reason it is hard to swallow a comparison of a human to a shark—even though intended as a compliment.

The aforesaid zoology sharks (meaning students) having been compared to babies in their conduct, certain people have come to the conclusion that the bottle of milk on the school house steps is for their nourishment.

A STUDENT.

Increasing the Penalty.
"I'd have been tempted to protest against that taxicab fare." "It was cheaper to pay. The driver would have kept the counting machine running all the time we were arguing."
