

## Davis-Kaser Service

We maintain that in order to justify its existence every institution must perform a real service to the community. Davis-Kaser's continued growth is largely attributed to the fact that we do perform such a service, and that more folks realize and appreciate that fact. We have never claimed your support simply because we are a local institution and help to build up our great country, but because, all things considered, we give you more for your money than you can get elsewhere; because our experience enables us to help you avoid costly mistakes, and because our guarantee of "Satisfaction or Your Money Back" insures you satisfaction under any circumstances.

Our Spring showing of Furniture, Rugs, Draperies, etc., is rapidly nearing completion. Among latest arrivals is a splendid line of overstuffed tapestry furniture—the rich, restful, durable kind—the kind that reflects good taste and judgment. Come and inspect our Spring Showing.

## FORD

The Universal Car -- 320,817

Have been built and actually delivered to retail buyers since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agent to retail buyers.

The unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales. We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months. Enter your order for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

PRICES—Runabout \$399.85, Touring Car \$414.85.
