The Leader is advised by the legislative good roads committee that it has decided to hold a state-wide good roads rally in Portland Saturday, April 28. Every organization in the state favorable to the road bond bill is invited to send representatives to this gathering. The committee has taken up with the various transportation companies the matter of securing special rates for

those attending the rally. Reports from Astoria and several points in Eastern Oregon are to the effect that the good roads enthusiasts of those sections are planning to charter a boat or special train and come to Portland in large numbers, accompanied by bands. Similar large excursions are in prospect from other points. There is every indication that the rally will prove the most notable gathering of good roads boosters ever held in the Northwest.

The mountain country adjacent to Weston will not be alone in having occasion to remember the winter of 1816-17. The Blue Mountain Eagle, published at Canyon City, has this to say: "Neal Hall was down from his Canyon creek ranch this week for a few days, and said he had been in Grant county for the past fifty-five years and that during all that time the present winter was worse than anything he had previously experienced. He had seen winters that for a brief period were more severe, but he had never before seen a winter five months long without a single break."

On Monday evening Miss Zella Gould entertained the members of the "Bachelor Girls' Club" at her home on Normal Heights. At the close of the delightful evening an appetizing two course luncheon was served by the hostess, assisted by Mrs. Marvin Adkins. Invited guests present were: Miss Ruby Price, Miss Mamie Barnes and Mrs. Marvin Adkins. Miss Ethel Waddingham has invited the club girls to be her guests next Monday evening.

Word was received yesterday from Boise, Idaho, that all the Weston boys had passed the army examination, with one exception, and he will merely have to submit to a minor operation, and will then be accepted. They have received their equipment and were assigned to quarters in Boise barracks. All are members of E company of the Idaho regiment.

J. E. McDaniel arrived home Sunday from his winter's pilgrimage to Kentucky, Louisiana, Texas, California and other commonwealths. At El Paso he crossed the border into Mexico, but did not linger long, as the atmosphere did not seem salubrious.

Armed guards have been stationed at the Pendleton waterworks reservoirs, because of evidence that the locks were tampered with.

The play of "Mr. Bob" was cleverly presented at Weston opera house Wednesday evening by Athena High School talent under the direction of Mrs. J. O. Russell. Judging by frequent enthusiastic encores the audience appreciated every moment of the play. Receipts were \$30.25. Says Mr. Russell: "The courtesy of the DeMoss Furniture Store and others in less measure assisted very materially in making the play a success."

## LATIN-AMERICAS EXPECTED TO JOIN

Rio Janeiro.—It is expected in diplomatic circles here that other South American nations will soon follow the example of Brazil in severing relations with Germany. Brazil decided to break with Germany Tuesday.

Pro-ally demonstrations are growing in volume throughout the city. The flags of the entente are visible everywhere and the streets are thronged with paraders cheering for France and England and shouting "Down with Germany."

Washington.—Advices announcing that Brazil had decided to break off diplomatic relations with Germany and that Argentina would support the United States were received here.

The action of Brazil clears up much of the doubt here as to the attitude of Latin-American countries in the war. Definite advices have been received that Chile and Mexico would remain neutral and indications increased that Guatemala and Peru would join Cuba and Panama on the side of the United States.
