

## 1-3 of Life is Spent in Bed

Some say one-half, but whether one-third or one-half it is an important part of one's life, the periods of rest and recuperation. Steady nerves, good dispositions, a feeling of unlimited strength—in short, perfect health—all are largely the result of perfect rest, hence the importance of comfortable, restful beds.

We specialize on Beds and Mattresses. A. B. C. Metal Beds are made of smooth steel tubing, lighter yet stronger than beds made of iron pipe. They have malleable iron lugs guaranteed for 25 years. The rails are reversible and fit snugly, holding bed straight and firm. The A. B. C. gold bronze finish, under lacquer, is the most popular finish. Way Sagless and A. B. C. Coil Springs go with our best outfits, though we have many cheaper kinds.

### Ostermoor Mattress Special

We have secured a lot of genuine Ostermoor Mattresses, the regular 50-lb. \$23.00 grade full size hotel mattress, which we offer until sold at only \$18.50. Do not delay ordering if interested, as this lot cannot last long.

Mail orders and inquiries receive prompt attention.

He favors road building by means of mileage taxation.
