

STOCK REDUCING MONTH

The backward season has so retarded spring business as to render it necessary for us to make special inducements in order to dispose of the splendid stock that has been purchased for the spring trade.

All over this big, bright, roomy store you will find piles of seasonable merchandise especially priced for this sale—goods you will want and that will go higher in price, making it the part of economy to make your purchases early.

We have gone over our shoe stock and selected all the short ends and discontinued lines, about one thousand pairs in all, and divided them into four big lots which we offer at surprisingly low prices in view of present market conditions. These lots—values \$2.25, \$3.00, \$4.50 and \$6.50—are priced, respectively, at \$1.59-\$1.98-\$2.98-\$4.79

DO YOU KNOW that you can buy from us

- A good standard overall, indigo dye, well made, for only **\$1.00**
- Other overalls as low as **83c**
- The best boy's suit you ever saw from \$1.98 to \$5.00 and up to **\$10.00**
- A man's suit from \$8.50 to **20.00**
- A good shirt for only 49c, and the heavy standard ones for **65c**
- Three pairs canvas gloves for only **25c**
- Three pairs good Rockford sox for **25c**
- Children's hose for only **10c**
- A good shoe for only **1.79**

A bargain in shoes for each member of the family.

Do not overlook the fact that we have bargain counters in our store where remnants, discontinued and short end lines can be purchased at a substantial saving.

HATS AT ONLY \$1.79

While we carry the Tiger and Mulvey hats in the new spring blocks and wanted colors for the season, we also have to dispose of at a bargain about ten dozen good value hats, good styles, that formerly sold for \$3.00. All piled on sales tables. Look them over and select your size for only \$2.79.

SHIRTS AT ONLY 49c

Right in the face of advancing prices we offer real money saving opportunities. This line of shirts will surprise you. Good styles and patterns, well made, that are easily worth 75c. We have too many and to reduce this stock will sell these while they last at (only two to a customer) 49c.

We are doing our share to hold the present high prices down—proof a-plenty when people come from Pendleton and Walla Walla to buy groceries of us.

Preferred Stock Canned Goods—the standard of excellence.

Chase & Sanborn's Teas and Coffees—quality unquestioned.

Fresh fruits and vegetables daily.

We buy your eggs, butter, meat, lard, vegetables, chickens—in fact, almost anything.

Young Men's Suits

Ours is the famous "Belmont Clothes" for young men. Boys, if you could only see these suits and note the snappy styles you so much desire—the nobby blue serges, novelties, browns and greys; the pinch back, belt back, or conservative loose back, just as your wish dictates—good serviceable suits and the price from \$8.50 to \$15.00. Look at our windows.

Weston was complimented upon the preliminary campaign undertaken by the commercial club to interest the farmers in food preparedness.

It is reported that Frank Greer has arranged to plow 80 acres of his summer fallow for the use of Fred Kyle and son of Milton, who will plant the tract to beans. If the plan is carried out successfully, it will not only be an encouraging example of food preparedness, but will go far toward demonstrating the value of crop rotation in this vicinity. Last year forty acres of beans were raised by Ralph Salings on summer fallow ground at a good profit.

Jim, Claud and Frank Price located a coyote mine on their mother's farm near town the other day, with the expert assistance of Vernie O'Harra. When in town this week Walter Pierce was "nailed" by the speakers committee of the pioneers' reunion, headed by E. M. Smith, and persuaded to give the stated address on the second day, Saturday, June 9. It is known throughout the Weston countryside that Walter is an able and eloquent speaker—one who holds and thrills his hearers—and everybody connected with the reunion management is glad to get him. He has talked to reunion audiences before, but so long ago that hearing him again will have the charm of novelty. He has already chosen the theme of "Patriotism," than which nothing could be more effective nor appropriate at this time.

The Saturday Afternoon Club held its final meeting of the year May 5 at the home of Mrs. R. W. Brown. Each member responded to roll call by naming some good point about our town. This brought out the fact that Weston has many things to be proud of—among them its park, its band, its library and its Main street fountain, a delight to thirsty tourists, and also its numerous shade trees. The club members were told how they might make their town still more attractive in a paper on "Village Improvement" given by Mrs. E. C. Rogers. Refreshments were served by Mrs. E. O. DeMoss and Mrs. W. E. Woods, assisted by the hostess.

PLANS TO COMBAT U-BOATS PERFECTED

New York.—William L. Saunders, chairman of the Naval Consulting Board, announced here that the board had forwarded to the government at Washington a plan for aggressive operation against submarines which, in the opinion of the members of the board, would soon put an end to the submarine menace.

He added that a companion plan for the destruction of German establishments on land in which the board had confidence had also been sent to Washington.

Without committing himself, he intimated that an attack might be made on the Kiel canal. Mr. Saunders said that the measures were not matters of speculation, but had been tested and proved.
