Last Wednesday night about ten o'clock a cherry orchard was raided in the upper end of town and while the young raiders were gorging themselves in the trees several shots were fired in their immediate proximity. ### For Our Soldiers and Sailors

(Contributed)

The regular meeting of the W. C. T. U. will be held at the U. B. parsonage Tuesday, the 31st, at three o'clock. We hope to have many basketfuls of old cloth, which is so much needed at once, ready for the committee to tear at that time. The hemming must be done by hand to be soft for hospital use. Substitutes for handkerchiefs, napkins and tray cloths are being made as fast as possible by the members, and by the elderly ladies who sew so well by hand. Measurements and patterns will be shown at the meeting for soldiers' and sailors' comfort bags; the new surgical bandage, bed sock, shoulder wrap and housewives. Full directions are in the Modern Priscilla for July for the knitted work; but directions for all the work can be obtained from the ladies who take the White Ribbon Review or at the meeting. Now meet with us, all friends and neighbors, and let us all do our bit to take the best care possible of our soldier and sailor boys away from home or on the battle field. You are all welcome.
