Mrs. Laura J. Lucas of Westport, Arkansas, is visiting at the home of her son, F. G. Lucas, and will remain during the summer.

Joe Hodgson got back this week from Montana and La Crosse, and everything began to brighten up around the neighborhood.

Zeke O'Harra was taken to Pendleton Monday by Dr. Smith and operated upon for the removal of varicose veins from his leg.

Andy T. Barnett was at Walla Walla Saturday taking the civil service examination for the position of typewriter in the government service.

Mrs. Emma Allyn returned Tuesday to her home at Lone, after a visit with the J. J. Beelers, the Geo. B. Carmichaels and other friends in this neighborhood.

Athena is to have a concrete swimming pool to be located in the city park. We would recommend that Boyd be permitted to make the first high dive, to see if he can touch bottom with his proboscis.

Walter Williams and Robert Reynolds returned Tuesday from a week of fishing on the Umatilla river. They made camp above Bingham Springs, and caught just about all the fish that they did not leave in the river.

Dr. J. A. Best, mayor of Pendleton, was in town Tuesday. The doctor lately received his commission as first lieutenant in the Medical Corps of the United States Army, and expects soon to be assigned to duty.

Mr. and Mrs. J. Wurzer returned Friday from two weeks of motoring in Central Oregon, having visited Crater Lake while on their trip. Mr. Wurzer found the crop outlook to be very poor throughout that region, with which he was not very favorably impressed.

Twenty-eight girls from Milton are reported to have made camp last week at Cold Spring in the Blues, and to have enjoyed mountain life thoroughly without any trousered pests of the opposite sex a-bothering around. One married woman accompanied them as chaperon.

The Second Idaho regiment, which is now stationed in Utah and to which a number of Weston boys belong, has been ordered to Palo Alto, Calif., where it is said that 50,000 troops will be put through a strenuous course of training. The Idaho boys expect to leave for their new camp about the 5th of August.

Sim J. Culley was seized Friday with an attack of acute appendicitis and was conveyed in an automobile late Saturday night to Walla Walla, accompanied by Dr. C. H. Smith, Marvin and Frank Price. Early Sunday morning he was operated upon by Dr. Bert Thomas and Dr. Smith. Mr. Culley is one of this community's leading and most active farmers and president of the Weston Warehouse company. Everybody is therefore glad to hear the news that he has been improving rapidly since the operation. The unanimous view is that we've just got to have Sim Culley back, that his vermiform appendix was highly inconsiderate to bother him at this particularly busy time, and that the doctors did well to lop it off without delay.

"Well, Say! I Thought You People Quit the Tire Business!"

A customer said to us a few days ago—and the remark opened our eyes.

We have never quit the tire business. We did "close out our stock," and so advertised. (We have no money in it now, but we represent some of the best tires made and we back them up because we are backed.)

No knocking of our tires goes, for if the tire does not go as guaranteed we make it go. Firestone, Republic, Diamond, Kelly Springfield and others.

The Farmers Bank of Weston

Established 1891

One hundred thousand people subscribed to England's first war loan of \$1,750,000,000.

After three years of grim war, eight million people in England subscribed to their great FIVE BILLION Victory Loan. If the people of the United States had subscribed to the Liberty Loan in the same proportion, there would have been twenty million subscribers and the amount would have been fourteen billion instead of two billion.

This is to show what can be done and what we will be expected to do.

Begin saving now for the next loan, which will probably be called for within three months.

JOHN BONEWITZ, Elder.

Real Heroism.

A story came from Switzerland some years ago of a mountain guide whose name was not preserved. He, with two others, was leading a party over one of the most precipitous passes of the higher Alps. The men, as is usual, were tied to each other by a long rope. As they scaled the wall of ice they slipped on the edge of a frightful chasm. This man was at the end of the rope. Without his weight there was a chance for the others to regain their footing; with it there was none. He cast a glance down at the dark abyss, filled with fathomless snows, then drew his knife from his belt, saying quietly to the man next him: "Tell mother how it was, Jose." He cut the rope and fell, never to be seen of mortal man again.
