Loren Maybee, former Weston boy, recently took the examination at Spokane as wireless operator in the navy. He was accepted, and has gone to Portland to report for duty. For a number of years Loren has made a special study of wireless telegraphy. While at Weston he maintained a private station, which he "rigged up" himself.

Walter Hercher, elected as teacher of the eighth grade in the Weston schools, arrived Saturday from his home at Dillard, Oregon, and at once went to work in the harvest field as a member of the Blomgren-Anderson crew. He is a trombone player, also, and was enlisted by the local band. Mr. Hercher taught last year at Myrtle Creek, Oregon.

While working on the flat house of the Weston Warehouse company a few days ago, J. O. Wood fell 23 feet to the ground, and reports that the force of gravity has not been exaggerated. A scantling fell with him and struck him across the nose, slightly marring his facial beauty. Otherwise he escaped damage, and has reason to regard himself as a lucky boy.

Good books and late magazines are wanted for the soldier boys of the nation, and donations will be gladly received from Weston people. They should be left at the local library prior to next Monday, August 20, when the county librarian, Miss Nason, will have a shipment ready to send. The local librarian, Mrs. Maud Stanfield, will be at the library between the hours of two and five o'clock in the afternoon to receive the donations.

## The Farmers Bank of Weston

Established 1891

One hundred thousand people subscribed to England's first war loan of \$1,750,000,000.

After three years of grim war, eight million people in England subscribed to their great FIVE BILLION Victory Loan. If the people of the United States had subscribed to the Liberty Loan in the same proportion, there would have been twenty million subscribers and the amount would have been fourteen billion instead of two billion.

This is to show what can be done and what we will be expected to do.

Begin saving now for the next loan, which will probably be called for within three months.
