

## Secret of the Wholesome Bread That Mother Makes

Nothing tickles the palate and makes glad the "department of the interior" like delicious, nutritious, home-made bread. Desire for home-made bread never ceases but constantly increases. This has been brought about to a great extent by the UNINERSAL BREAD MAKER and the AMERICAN BREAD MIXER.

One hand on the "Universal" does more in three minutes than two hands on the kneading board can do in thirty minutes. The ingredients are thoroughly mixed, and the dough uniformly kneaded. These machines take the dread out of bread making, as no time is lost and no labor wasted.
