

You Owe Your Child a Musical Education

This is not such a difficult problem when you consider the Davis-Kaser way of buying a piano on payments to suit your own convenience. AS AN INTENDED PIANO PURCHASER, you will appreciate the special advantages offered by the Davis-Kaser Co.

Our "GUARANTEE WITHOUT ARGUMENT" is made a part of your piano purchase, so you may feel the utmost confidence in the value obtained. Absolute truth is demanded from our salesman, and we know it is given.

Mr. Lawrence, Manager of our Piano Department, has had a broad experience in the piano business, and his expert knowledge of piano making, acoustics, and the different grades and makes of the pianos on the market, combined with his unflinching courtesy and that of his assistants, makes this a safe place to buy the kind of a piano or piano-player you want.

Furthermore, we dare to put our price tags, with the price marked in plain figures on each piano; and our slogan, "ONE PRICE TO ALL," applies to our pianos, as well as everything in our big store.

Our prices range from \$150.00 and up, and our prices are RIGHT, because we have no high rent to pay for a separate store for our pianos, and when our piano salesmen are not selling pianos they are selling furniture, ranges or something else, so we do not have to pay them for idle time. From this you can understand why we can sell better pianos at lower prices.

Drop us a postal card and ask us to send you a piano salesman—you will be under no obligation to buy.

BIGGEST AIR ATTACK IS MADE ON LONDON

Ten Killed and 38 Wounded in Latest Airplane Raid Over England.

London.—The strongest air attack yet attempted on London and the coast towns by the Germans was carried out Monday night by four groups of hostile airplanes. Some of the machines got through to London and bombarded the southwestern district. Ten persons were killed and 38 injured.

A terrific barrage was sent up from the defense guns and the roar of battle lasted intermittently for two hours and a half.

The Germans bombed coast towns as they passed over and proceeded toward London. Two of the groups succeeded in getting a number of machines through the sky barrage. Numerous bombs were dropped on the southwestern district, which is thickly populated with the homes of the upper and middle classes. The fire from the defending guns was longer and louder than ever before. A rain of shrapnel fell in all sections of the town and the streets were virtually deserted.

After eight years of litigation in the Portland land office and the general land office at Washington, D. C., Loyal Chandler, of Siletz, was notified that he could make final proof on 160 acres in the Siletz valley. About 16 years ago Dr. Morse, of Salem, made final proof on 160 acres of valuable timber land in the valley and received a final certificate, but before the land had gone to patent it was contested by Chandler, who has lived on the land ever since as a squatter, although complying with the laws with reference to homesteads. The land to which Chandler will acquire title is said to contain at least 16,000,000 feet of timber.

SENATOR LA FOLLETTE

Senator La Follette of Wisconsin, whose expulsion was demanded in resolutions adopted by the Minnesota public safety commission.

A survey of the unallotted lands on the Umatilla Indian reservation will be started soon by C. E. Redfield, surveyor in the Indian service, in order that those tribal lands may be allotted to the sons and daughters of present allottees in conformance with a recent decision of the department. The survey will require a year, but the apportionment of allotments has already begun. As soon as an Indian makes a selection he is allowed to go on the land unless there is a content. This is being done in order to bring as much land as possible under cultivation. A survey of the unallotted lands on the Umatilla Indian reservation will be started soon by C. E.
