FRIDAY, OCT. 19 1917
Entered at the postoffice at Weston, Oregon as second-class mail matter.

Whatever may be Germany's troubles, she is spared the pest of an I. W. W.

Having declared that Woodrow Wilson is the world's most powerful figure, Sam Blythe may never have heard of Kernel Boyd.

"Them that has gets"—and in this particular instance they ought to get a few Liberty Bonds.

Weston has a young author who is just emerging from obscurity. He does not belong to the school of romanticism, and cleaves to fact rather than to fiction, but his contributions deserve the perusal of those who believe in community progress. We refer to Mr. Andy Barnett, and with considerable pride we present elsewhere his literary masterpieces—Ordinance No. 252 and Ordinance No. 253.

A friend suggests that we speak of the Bulldogger as "that reptilian sheet," but our sport, ed. fears that the next time he went fishing he would be bitten by a revengeful rattlesnake.

The Germans and Austrians have demonstrated a sense of the fitness of things by fighting each other at Pola.

The striking shipyard men have set their unions above the Union.

The news comes from across the line that Walla Walla is still a verdant and credulous field for urbane stock salesmen—refrigerator stock and oil stock having the lead just now. Although admitting Washington's leadership in other respects, Oregon can point to its "blue sky law" as one example of legislative superiority. Stock salesmen are about as middling seldom around here now as pork chops in Germany.

Abstract theories concerning better sidewalks on Main street have at last developed into a concrete proposition.

In war especially "nothing succeeds like success," and if he had captured Paris the German people would not now be secretly cursing the kaiser.

Champ Clark says that Liberty Bonds are better than tax receipts—which is a straw indicating the direction of the congressional wind.

IF YOU ARE AN AMERICAN, BUY A BOND

(Umatilla County Committee)
Your country is at war. Money is needed.

The government is asking the people to buy its bonds.

No patriot can refuse the appeal. The call is to rich and poor alike. A bond purchase is not charity, it is duty.

A bond purchase is not a donation, it is good business.

Every man, every woman, who can raise even \$50.00 should buy.

They are called liberty bonds because this war is fought to liberate the world from oligarchy, militarism and caste.

Every owner of a bond will possess an interest bearing certificate which will always be available as collateral security in emergency. The entire wealth of the nation will be behind it.

If you have not the ready money now, go to your banker and he will arrange to purchase the bond for you.

Umatilla county's apportionment is \$1,250,000.00. Time is important. From \$50.00 to \$50,000.00 each individual must respond, according to his ability.

Secure details from your banker. Do not delay. Take your share. Do your bit. Your sacrifice is as nothing compared with that of the men at the front.

Buy a bond today. Buy it for your country's sake. Buy it for the sake of the men on the fighting line, for the sake of the boys in the training camps, for the sake of the cause for which other Americans are offering their lives.

If you are an American, buy a bond.

Mr. and Mrs. C. H. Nelson are much encouraged today by marked improvement in the condition of their boy, Jim, who is still a patient at St. Anthony's hospital, following a serious accident and operation.

Notice of the Construction of Sidewalk

Notice is hereby given that pursuant to ordinance duly passed by the Common Council of the City of Weston, Oregon, it is proposed to construct cement sidewalks on both sides of Main Street between Washington Street and Broad Street, and the south side of Main Street between Broad Street and Armar Street, the cost and expense of constructing the same to be made a charge on and to be paid for by the lots and parts of lots and parcels of land fronting upon said portion of Main Street in proportion to the frontage of the respective lots and parcels of land. Any person desiring to remonstrate against said proposed improvement should file such remonstrance with the undersigned within ten days from the date hereof.

Dated this 17th day of October, 1917. ANDY T. BARNETT, Recorder of the City of Weston.

Upland News Notes

Hugh Dowd left Tuesday for Minnville and later goes to Portland, where he will join the Medical Corps of the United States Army.

Mr. and Mrs. Cecil Hyatt of Colfax, Wash., are visiting relatives here for a few days.

Mr. and Mrs. Thomas Boucher of Antelope are visiting at the home of their parents, Mr. and Mrs. Charles Schneider.

The little son of Mr. and Mrs. Bruce Crawford is fast improving, after a serious operation for appendicitis.

Dan Hopkins and wife of Helix motored to the Uplands Sunday and spent the day with relatives.

Miss Vera Tripton of the Weston school faculty spent the week end at the R. F. English home.

Mr. and Mrs. W. Bailey and family are preparing to leave for Iowa to make their home.

John Walden and family will move soon to Weston for the winter.

Gwen Compton has returned home from Walla Walla, where she has been for medical treatment.

Mr. and Mrs. Charles Shenwell of Walla Walla are visiting at the home of C. M. Schneider for a few days.

Ruby Barklow of Mayten, Calif., is the guest of Mr. and Mrs. E. Tucker.

Jankee who invented an umbrella made of waterproof paper was wasting his time. He should have considered the high cost of his material.

It is possible that government control of food in England has something to do with the fact that American flour is cheaper there than in this country.

An inventor has devised a scheme for opening a pocket knife easily. What we need is a scheme for remembering easily to whom we loaned it last.

Maybe the German regulations allowing double rations for six weeks to newly married couples is founded on the fact that there aren't many such couples.

Those Spanish officers who are to travel on British hospital ships to protect them from German submarines are either mighty trustful souls or mighty game sports.

Apparently the German people are willing to make themselves a living shield for the junkers against the world's ire and the junkers are far from refusing the sacrifice.

Holland seems to be complaining that the British navy violated her neutrality in attacking the German ships. Somehow, Americans are not so concerned about such things as they used to be.

That mystic connection between sub-spots, the aurora borealis and telegraph disturbances brings the fact home to the prosaic human race that there is a lot of romance in this interesting universe.

After three years of splendid service the American ambulance has passed from French control. With American soldiers at the front in France it will be the American ambulance hereafter in every sense of the word.

Before going into the smoke of battle Sammy wants his smoke of peace, and good tobacco is said to be sadly lacking in France. A little less improving advice and a few more cigarettes would be appreciated by Sammy.

Commends the Army "Y"

Ernest L. Blomgren, now a member of Company E, 116th U. S. Engineers, Camp Greene, Charlotte, N. C., speaks commendingly of the work of the Army Y. M. C. A. in a letter to E. M. Smith. He says:

"What little spare time I have had I have been looking into the Y. M. C. A., and find it so far entirely satisfactory. There is a branch for every camp or regiment, and they are conducted in such a way that you may feel your money contributed is being very well spent. Every evening there is an attraction of some sort. This week they had two nights of moving pictures; one night an ex-secretary of the treasury gave us a lecture, and another night one of the leading ministers of New York City gave us a talk so whatever they have is A No. 1. We are furnished reading material of all sorts, and also supplied with stationery. I can safely say that the Y. M. C. A. is doing a great deal in this camp."

The Weston boys feel fortunate in being transferred to the Engineers with the disruption of the Second Idaho regiment. A little later on they will be given sixteen weeks of study in an engineering school.

ORDINANCE NO. 252

Providing for the construction of cement sidewalks on both sides of Main Street between Washington Street and Broad Street, and the south side of Main Street from Broad Street to Armar Street, in the City of Weston, and directing the Recorder to post notice in three conspicuous places in the City of Weston of said proposed improvement.

Whereas, A petition was filed with the Recorder of the City of Weston on the third day of October, 1917, praying that the Common Council of the said City should order the construction of cement sidewalks on that portion of Main Street in said City hereinafter described; and

Whereas, In the opinion of said City such sidewalks should be constructed on said portion of Main Street as petitioned for; therefore—

The People of the City of Weston do Ordain as follows:

Section 1. That it is necessary to improve and it is hereby proposed to improve that part of Main Street in the City of Weston described as follows: both sides of Main Street between Washington Street and Broad Street, and the south side of Main Street between Broad Street and Armar Street—by building and constructing a cement sidewalk on Main Street between said points, the expense of construction of said sidewalk to be paid for and to be made a charge against the lots and parcels of lots fronting upon the said Main Street in proportion to the frontage of the respective lots and parcels of land, in accordance with the Charter and ordinances of the City of Weston.

Section 2. That the Recorder of the City of Weston is hereby instructed to post notices of said proposed improvement and construction of sidewalks in three conspicuous places in said City of Weston for the period of ten days, and also to have published said notice in the Weston Leader newspaper, which is printed and published in said City of Weston, once a week for the period of ten days. Said notice to contain a provision that any person who desires to file a remonstrance against said improvement should do so within ten days from the date of the posting of the same.

Section 3. Inasmuch as the sidewalk on that portion of Main Street which it is proposed to build is now in a dangerous and unsafe condition and there is a probability that persons passing along the same in its present condition may be seriously injured, and thereby the City of Weston be subjected to suits for damages and put to heavy loss, it is necessary for the peace, health and safety of said city and the inhabitants thereof that this ordinance should take effect immediately, and an emergency is declared to exist and this ordinance to be in force and effect from its passage by the Common Council and approval by the Mayor.

Passed the Common Council this 15th day of October, 1917.

Approved by the Mayor this 15th day of October, 1917.
J. M. BANISTER, Mayor.
Attest: ANDY T. BARNETT, Recorder.

Overland and Willys-Knight

AUTOMOBILES

LIGHT FOUR, 5-passenger..... \$ 860.00
BIG FOUR, 5-passenger..... 1035.00
WILLYS-KNIGHT, 7-passenger 1610.00

The Overland Light Four is light in weight and big in power. It meets every touring demand. It satisfies in performance, in appearance, in comfort—and at a price you can afford to pay.

The Overland Big Four is the world's most powerful low-priced car. It is fundamentally the same car which year after year for many years has enabled Overland to lead, by a wide margin, all cars of such comfortable size.

The Willys-Knight Sleeve-valve Motor holds every world's record for length of run, power produced, absence of wear, and lack of carbon deposits. It outlasts any and all other types of automobile motors. Four thousands of miles beyond the useful life of any other type the Willys-Knight Motor continues to deliver at its highest efficiency.

This season's Willys-Knights are the most beautiful the factory has ever built. See these cars and be convinced.
