As an addition to our already complete stock of tinware we have been fortunate in securing another shipment of the celebrated **Reed's Anti-Rust and Plain Tinware**. We have secured these goods in spite of a great shortage of this commodity. Reed's Tinware, both plain and anti-rust, is so well known in every locality that it is needless for us to dwell upon its merits. In this line we are now showing the following popular items:

Wash Boilers, Dairy Pails, Strainers and Laundry Dippers

It is our suggestion if you are needing anything in this line to buy early while our stock is complete. In fact, it would be well for you to anticipate your tinware wants, in view of the inevitable shortage in production.
