

**Texas Farmer Now Gains Five Pounds a Week on TANLAC**

Scarcely a day passes that scores of letters are not received from grateful users of Tanlac and their statements are indeed remarkable. Among the number recently received is the following letter from William Breed of Longview, Texas, which is published, word for word, just as it was written:

Longview, Texas, Jan. 13, 1917.

To Whom It May Concern:—

On November 25 I bought one bottle of Tanlac and commenced taking same according to directions. I weighed only one hundred and thirty pounds. In ten days I gained seven pounds and I am gaining at the rate of five pounds a week and weigh one hundred and fifty-five pounds at the present time. Tanlac beats any medicine I have ever taken to build up a run down system. I would not take \$100 for what it has done for me. It is the best medicine that I have ever taken for catarrh of the head and I have tried several different kinds of catarrh medicines. My catarrh is nearly gone, also my stomach trouble, from which I have been suffering for more than twenty years, has almost disappeared and I give all praise to your great medicine. When I commenced taking Tanlac I could not do a day's work, but now I believe I can do as much hard work as any man. Yours truly,  
WILLIAM BREED.
