Oregon boys and girls doing pig club work may this year for the first time compete with breeders at the State Fair. An effort to get a ruling from the secretary allowing them to enter their animals in the pig club as well as the breeders' classes is being made by the state agent, L. J. Allen. This concession is strongly favored by the breeders, who want to see the young people given a chance to try out their work in competition with that of the skilled and experienced growers of the state.

A big bear has been coming down into the haunts of civilization on the Weston uplands and raiding apple orchards—having an evident fondness for apples. Frank Snider and Jim Jones went after him Sunday but could only find his tracks in the road—these measuring ten inches in length. George Beaton and Newt O'Harra went scouting for him Monday, with no better luck. The bear was seen a few days ago by Miss Nettie Smith while she was out hunting the cows and is described as a monster.

One of his brothers, Leo, is in France, and another, Roy, is at Fort McDowell, California. The three are sons of the late Mrs. Martha Read of this city. THREE LIVES ARE LOST IN AUTOMOBILE ACCIDENT

Mr. and Mrs. Geo. W. Hansell and Alfred R. Price, former residents of Umatilla county, met death in an automobile accident Wednesday near Rosalia, Wash. The car which they occupied ran off a bridge and turned bottom side up, after falling a distance of 12 to 15 feet. Mr. and Mrs. Hansell were killed instantly, and Mr. Price expired a half hour later after being removed to Rosalia. Mrs. Price was quite badly injured, but two other occupants of the car, grandchildren of the Hansells, were wholly unharmed. Mr. Price was at one time a prominent farmer near Weston, and 20 years ago served as state senator from Umatilla county. He had been living at Pullman, Wash., in recent years. In pioneer times Mr. Hansell was postmaster of Athena. He was a resident of Lewiston, Idaho, where he had large land interests.

Seven War Drives in One

From every city and town in Oregon delegates representing the Y. M. C. A., Knights of Columbus, Y. W. C. A., Camp Community Service, Jewish Welfare Board, Salvation Army and American Liberty Association will be in Portland Monday, September 16, to help lay plans for raising a total of \$170,000,000 next November for war relief work throughout the world.

All the interests of these allied organizations have been combined at the request of President Wilson

BOY SCOUT CONTEST VOTE

Gail Williams	5850
Jimmie Nelson	3000
Leonard Snider	2100
Arden Lucas	1000

in order that there might be but one drive for funds, thus saving considerably in man power and obviating the necessity of going two times to the people for the same purpose this year.

Oregon's quota is \$770,000. The entire fund will be distributed between the allied organizations in accordance with a plan approved at a conference in New York, participated in by five representatives of each.

John R. Mott, general secretary of the Y. M. C. A., with headquarters in New York, has been unanimously chosen director-in-chief of the allied drive by all organizations concerned.

Free Public Recital

The recital to be given at the United Brethren church Saturday evening, September 14, will be free to the public, and a large attendance is expected.

Last year the Malen Burnett School of Piano Playing presented Miss Hanna in a recital which proved to be a musical treat.

Miss Lois Cassil of the same school is a brilliant pianist, with an attractive personality. She started her musical education with Miss Burnett and with the exception of the last three years has studied with Miss Burnett. Miss Cassil comes well recommended, having during the last three years given a number of concerts in Victoria, B. C., and especially in connection with the Red Cross. She left a large class in Victoria, where she was a successful teacher.

The concert tomorrow evening begins at eight o'clock.

CITY OF MANNHEIM BOMBED

English Flyers Flew Way Through Enemy Fleet 70 Miles.

London.—A continuous battle in the air for a stretch of 70 miles was fought between a British squadron and German airplanes, while the British machines were heading for Mannheim, the great German industrial city. The raiders refused to be diverted from their goal, reached it, after fighting every mile of the way, dropped two tons of bombs on the city and then turned for home. Again for 70 miles they were pursued and constantly engaged by German fighters.

Several direct hits were scored at Mannheim, some on the famous chemical works. Many other bursts were observed to result from the bombing. The railway station at Ehrange also was bombed.

The Fourth Liberty Loan

While there is no definite information at this time as to the exact size of the Fourth Liberty Loan, John Etheridge, state director of organization, has advised W. L. Thompson, Umatilla county chairman, that upon the assumption that the national loan will be six billions, this county's quota will be \$2,141,172. Upon the same basis Oregon's quota will be \$35,494,925.

No attempt will be made to distribute the county's quota over the various districts until definite information is received. In distributing the quota of the Fourth Liberty Loan throughout Umatilla county the state headquarters will take

into consideration not only bank resources but the assessed property value and the estimated incomes of the residents of each district.

It is the intention of the Umatilla County Patriotic Service League to notify the various potential subscribers a week in advance of the opening of the campaign, at the same time requesting that they call at the bank during Honor Week and enter their subscription according to the quota assigned to them. This arrangement, it is believed, will be much more satisfactory to the subscribers and will spare the solicitors calling at each house.

The campaign opens September 25 and Honor Week will be the week preceding.

Fall Showing

Ladies' Coats, Millinery, Etc.

We do not confine this showing to ladies' goods, but every department of this store joins in this great merchandising event. For months we have been gathering material for this opening sale. Purchases were made, in fact, almost a year ago. We are not bemoaning conditions and reminding you of the high prices. We are simply congratulating ourselves that our shelves and racks are full of crisp new merchandise at lower prices than now prevail. We attribute this to foresight in buying, that we might supply your needs for less than you can purchase elsewhere.

OUR COATS are direct from the makers and are very attractive, beautiful designs direct from the style centers and bound to please.

MEN'S and BOYS' CLOTHING - DRESS GOODS

SILKS - LADIES' WAISTS - WOMEN'S and CHILDREN'S SHOES

MEN'S CLOTHING—This department is in full readiness for your selection. We are laughing over the fact that we bought last spring of heavy fall weights and as a result are in a position to save you from \$7.00 to \$10.00 per suit. This sounds big, but we will verify our statement by actual quotations. This is the satisfactory HART SCHAFFNER & MARX line and will please you in every particular. The weights are splendid heavy winter weights and our advice is, select your suit now, as we cannot duplicate one of our numbers for anywhere near the price. We also carry the famous CLOTHCRAFT line in serges, blues and grays, also fancies. A Hart Schaffner & Marx suit for \$30.00 and \$35.00; a Clothcraft for \$18.50 to \$26.50.

OVERCOATS—Our racks are full of the best styles and values, and we will take pleasure in showing you the goods and quoting the low prices.

BOYS' CLOTHING, 150 Suits—School will begin the 16th, and this will give you ample time in which to look these over, make your selection and start the boy off looking like a real man. It is our purpose to reduce this stock to the minimum, and we are offering at the old prices this attractive line selected from the best makers. Most of them are the famous "BEST EVER" suits in pretty mixtures, blue serges, corduroys, etc. It is a positive fact that when these are gone we cannot replace them at the price we are asking, and we advise you earnestly to supply your wants NOW. We shall not attempt to replace them at anywhere near the price. Priced from \$3.50 to \$10.00.

SILKS, FANCY and PLAIN—We have just received for this showing a pretty new line of fancy silks so much in demand for dainty fall dresses; also plain silks in all the staple colors. These are direct from the importers and are dreams of beauty and elegance. All on display for this sale and priced at \$1.75 to \$2.50 the yard.

WOOL DRESS GOODS—Fortunately we bought last season an abundance of the staple wool dress goods—serges, suitings, coatings, etc. We have reserved these for the fall trade that our customers may profit by our foresight, and for the season offer values that cannot be duplicated elsewhere in Eastern Oregon. In fact, we could actually sell these goods back to the wholesaler at our retail price, but the policy of this store is "Our Customers First," and this showing of rich and pretty dress goods will be a source of great satisfaction in supplying your needs. The prices are too general to quote, but we will take pleasure in showing you. Many of the goods are displayed and price-marked.

LADIES' WAISTS—An elaborate showing of Ladies' Waists in dainty designs of Georgette Crepe and Crepe de Chine—\$4.98 to \$10.00.

LADIES' SHOES—From the best markets we assembled the best shoes—dressy, stylish, pretty, durable, attractive shoes of the latest style, the new heel, in tans, browns, blacks and white, and fortunately some pretty grays that will be off the market very soon. We carry these in widths to fit you—priced less than in the city for the same article—\$5.50, \$6.00, \$6.50, \$7.00 and \$8.00.

For this sale we have placed upon a sale table about 200 pairs of splendid value—the odds and ends of last season's stock—rich, pretty kids in blacks, mostly stylish lasts—and which sold readily last season up to \$7.00—to close them out, only \$4.98.

CHILDREN'S SHOES—Our stock is simply running over with Children's Shoes. We have too many and will have some very attractive offerings in this department. Sturdy little gunmetals for school wear—pretty patents in both kid and cloth top—beautiful lace English for girls and larger girls—a pleasing array and priced, many of them, at less than the wholesale price today. We will reduce this stock if price will do it—some as low as \$1.69, many at \$2.00, scores of them at \$2.50.
