The last crop of barley on Reed and Hawley mountain was threshed Monday night with a McCormick combine. It belonged to Selmer Thompson and work was rushed in order to avoid the threatened rain which followed next day. The job was begun at seven o'clock Monday evening and finished at seven o'clock Tuesday morning, with Tom McCarty running the engine, Ray Jones and Norval Ferguson pitching and Selmer Thompson sewing sacks—a good and faithful crew. The night's run totaled 175 sacks.

While making his rounds Tuesday Mail Carrier J. E. Jones was confronted by a bobcat at a place in the road near the William Singer farm. The animal was lying on a stump and instead of running like a Hun, switched its tail, showed its teeth and growled. Considering this as downright impudence, Mr. Jones peppered the animal with a twenty-two, but it refused to budge. Pretty soon a lady cat walked out of the brush, and not liking the odds Mr. Jones went to the Singer place after a larger rifle. Returning with a Savage, he found both bobcats still in the vicinity and while Mr. Singer held the team he commenced a bombardment of the cats. He killed the male and brought the pelt, a large one, to town. Badly wounded, the female escaped.
