Dr. B. G. Vinson, manager of the Prophe' Painless Dental Parlors in Pendleton, was here Wednesday on a business visit. This is a four-chair establishment, newly opened, with complete modern equipment.

Henry J. Taylor of Pendleton, president of the Umatilla County Pioneers' association, was in town yesterday and appointed a committee on the proposed memorial building at Weston. Its members are: S. A. Barnes, F. C. Greer, E. C. Rogers, J. M. Banister and L. R. Van Winkle.

C. H. Nelson will leave with his family for Long Beach, California, about the first of the month, to join Mr. and Mrs. J. A. Nelson and Mr. and Mrs. Harry Tyrrell. He expects to drive his Chalmers on the excursion. After this visit Mr. Nelson intends to return to farming—probably in Alberta.

The Wenaha Stock association, which embraces eight local associations, met Saturday at Walla Walla. The incumbent officers were re-elected as follows: J. P. Lieualen, president; Ralph Walters, vice president; Charles Winn, secretary. After finishing their business the stockmen sat down to a 73-plate spread at the Dacres.

A baby aeroplane which is apparently too young to fly is swung from the ceiling of Watts & Rogers' hardware store. It is a neat little model, the clever handiwork of Worth Watts, and is equipped with a motor and all needful appurtenances. The motor will run, but not so the machine, which is a bit too heavy for the power available.

Three German helmets, one French helmet, a French gas mask, a ration canteen, a German Mauser clip, a pair of Belgian toy shoes and books taken from German dug-outs are among the war relics displayed in a window of Goodwin's drug store. Much attention has been attracted by this exhibit, which was sent across by First Lieutenant C. H. Smith.

All patrons and friends of the Weston schools are invited to attend a Patriotic Program to be given Friday, February 21, at two o'clock in the afternoon, in the school auditorium. Mrs. Lela G. Saling has consented to sing and Sergeant Sidney A. Barnes will tell of his experiences in France. The program will also include a piano solo by Miss Ruby Price, an address by J. W. Porter and a cornet solo by Leon Lundell.

East Oregonian: That from 3000 to 5000 acres of wheat in the vicinity of Weston has been killed by freezing is the report received from that place by C. F. Kennedy, local representative of the Pacific Coast Elevator Co. The estimate comes to Mr. Kennedy from inquiries made to secure wheat for re-seeding the ground. This is the largest estimate yet received of damaged grain in the county. One field south of Pendleton has been reported where 300 acres will have to be re-seeded.

Nelson Garage in New Hands

A deal of importance in local business circles was completed this week, when the concrete garage built by C. H. Nelson was taken over by Robert Simpson and O. A. Adams of Pendleton.

The Weston Auto Co., of which Mr. Nelson was manager, is succeeded by the Liberty Auto Co., of which Mr. Adams is manager—the latter having come from Pendleton to take personal charge of the establishment. Mr. Adams has had seven years of practical experience as mechanic, and is late of the M. K. Long garage of Pendleton.

The Liberty Auto Co. announces that it will handle Ford cars and will soon have a complete line of Ford parts. It also announces that it is prepared to do any sort of repair work on any make of car.
