According to reports from Washington the Pacific fleet and Secretary of

the Navy Daniels will visit the Columbia river harbors when the new fighting division of America's navy is sent to take up its position on the western coast.

One million dollars worth of state highway bonds were delivered by State Treasurer Hoff to a syndicate headed by Carstens & Earles of Seattle, who bid them in at the monthly meeting of the highway commission in Portland at \$94.26, the issue netting the state \$942,600 with accrued interest from June.

Hereafter convicts who violate their paroles by the commission of a crime will be returned to the state prison to serve the full maximum sentence without any hope of further consideration for parole by the governor or the state parole board.

Blame for the epidemic of small pox which has resulted in 650 cases in Portland since it began in December is fastened by Dr. George Parrish, city health officer, upon inefficiency and red tape in the Portland office of the United States shipping board.

Dr. F. W. Hollister of Portland was elected president of the Oregon State Dental association at the close of the annual convention in Portland. He has been secretary of the association for the past year and is a member of the state board of dental examiners.

Pendleton's newest financial institution is the Inland Empire bank. It started with a capital of \$250,000, which is exceeded by only two banks in the state outside of Portland. J. W. Maloney, for 35 years a resident of Umatilla county, is president of the bank.

Fred M. Hesse, of the Hesse-Martin Iron works of Portland, has been appointed by Governor Olcott a member of the state board of engineering examiners. He will take the place of J. C. Strange of Portland, who was unable to accept the appointment for business reasons.

With the shipment through Bend of a large quantity of lumber and tank materials by Jason Moore, who holds options on the nitrate deposits at Summer and Albert lakes in Lake county, it is indicated that there will be considerable development of these deposits this summer.

Oregon has nearly \$30,000,000 in highway building funds in sight for the years of 1919-20-21, according to information received by the department of industries of the Portland chamber of commerce from Roy A. Klein, secretary of the Oregon state highway commission.

All of the Oregon Congressional delegation was present at a hearing on the Hawley bill appropriating \$2,500,000 for the Roosevelt highway held by the house committee on public roads, in Washington, an appeal for the highway was also made by Louis J. Simpson of North Bend, Or.

Stolen property worth about \$1000 was recovered by the Portland police after a workman had plowed up two sacks of silverware and other articles from a cache at Sixth and Main streets. The stolen goods had been buried under the porch of an old house, which has since been torn down.

Jerome S. Mann, formerly cashier of the First National bank of Linnton, was found not guilty by a jury in the federal court at Portland of a charge of having misappropriated \$123,000 of the funds of the bank in connection with the financial manipulations of the J. Al Pattison Lumber company.

The largest vessels in the American battle fleet, soon to start to the Pacific coast, can safely and easily be brought into Portland harbor. This was established at a meeting of a special committee appointed by Mayor Baker to investigate actual channel conditions from Portland to the sea.

Upon the recommendation of Conrad Staffin, adjutant-general, Governor Olcott sent a letter to the war department at Washington, D. C., requesting that Major Percy A. Willis be appointed inspector-instructor for the Third Oregon Infantry. Major Willis served for eight years in the national guard of Oregon, previous to his entrance in the United States army.

Deputy State Sealer William A. Dalsell is in receipt of reports from various points in Central Oregon to the effect that some person, representing himself to be an employee of the department of weights and measures, is testing and repairing scales and collecting fees therefor. Mr. Dalsell calls attention to the fact that under the present state law the office does not employ any person in that capacity, but that a sealer is located in each district, whose duty it is to test and inspect all weights and measures, and that no fee whatever is collected for that service.

1—Turkish delegates to the peace conference who have been sent back to Constantinople. 2—Private Paul L. Bohn and Corporal Edward J. Gillespie with their wives about to start from New York on the second leg of their journey from "France to France." 3—American circus performance for the Yanks at Bordeaux, France, awaiting transportation home.

### SENATE FIGHT ON PEACE PACT BEGINS

Washington.—After weeks of preliminary discussion and maneuvering, the actual fight over unreserved ratification of the peace treaty with its league of nations covenant began Monday in the senate.

The senate foreign relations committee, beginning consideration of the peace treaty, reported three minor resolutions bearing on the Versailles negotiations.

The resolutions reported would call upon the president and the state department for information regarding an alleged secret treaty between Japan and Germany, regarding a protest said to have been made by General Bliss, Secretary Lansing and Henry White against the Shantung settlement; why Costa Rica "was not permitted" to sign the peace treaty.

In the senate chamber the debate for ratification was opened by Senator Swanson, democrat of Virginia.

A charge that Japan secretly secured pledges from Great Britain, France, Italy and Russia early in 1917 that in the peace settlement Shantung peninsula should, for certain considerations, be turned over to the Tokio government, was made in the senate by Senator Norris, republican, of Nebraska, who produced what he declared to be copies of diplomatic correspondence embodying the promises of Great Britain and France.

#### Gold Rush to Central Idaho.

Spokane, Wash.—A gold rush, said to almost rival the rush of 1884, is on in central Idaho. A rich gold strike has been made at the Center Star mine, near the mouth of the Crooked river on the south fork of the Clearwater.

#### Allied Warships Ordered to Fiume

Paris.—Three allied warships, one each from the American, British and French navies, have been ordered to proceed to Fiume, where there have been disorders between Italian troops and other elements in the force of occupation.

#### Butter wraps at Leader shop.

### DEATH PENALTY FOR TURKISH LEADERS

Constantinople.—Enver Pasha, Talaat Bey and Djemal Pasha, the leaders of the Turkish government during the war, were condemned to death by a Turkish court martial investigating the conduct of the Turkish government during the war period.

Enver and his two leading associates in the Young Turk government fled from Turkey several months ago and their whereabouts is uncertain.

David Bey, former minister of finance, and Alusa Metssa Kiamiss, former Sheikh-ul-Islam were sentenced to 15 years at hard labor.

The court martial acquitted Rifaat Bey, former president of the senate, and Pachim Bey, former minister of posts and telegraphs.

#### R-34 REACHES HOME

Return to England Made Without Mishap in 75 Hours.

Pulham, Norfolk, England.—Great Britain's mammoth trans-Atlantic air pioneer, the dirigible R-34, arrived at the air station here, completing her round trip from the British Isles to the United States and return. The voyage from Long Island was completed in approximately 75 hours. "The voyage home has been without incident," said Major Scott, commander of the dirigible. "We estimated we would make it in from 70 to 80 hours," he said. "We made it in 75. When we left we had a strong wind behind us and we covered the first 800 miles in about eight hours. When we circled over New York we could plainly see the crowds on Broadway waving to us as we passed, but we could not hear them because of the noise of the engines."

#### Loss in Brownsville Fire \$100,000.

Albany, Or.—Loss caused by the Brownsville fire, which destroyed one-third of the business section of the city and wiped out 21 residences, is estimated at approximately \$100,000. Insurance figures are not available but much of the property destroyed was not insured and the total insurance will cover a relatively small proportion of the loss.

#### Life Sentence is Given Robber.

Roseburg, Or.—Mike Zelock, leader of the quartet who entered a bunk house at the government rock crusher below Scottsburg a month ago and robbed Joe Tarrich, an Austrian, of approximately \$2900, was Saturday sentenced to life imprisonment for the crime.

#### Brand Whitlock Goes to Italy.

Paris.—Brand Whitlock has been named as American ambassador to Italy.

#### SEATTLE MEN INDICTED

Seattle, Wash.—Superior Judge Clay Allen, Charles G. Helfner, former democratic state chairman; W. W. Connor, former speaker of the state house of representatives, four deputy sheriffs, one superior court clerk and one superior court bailiff, were indicted by the King county grand jury that had been investigating the disappearance of whiskey from Judge Allen's court room on the night of June 4. In all 12 persons were indicted.

Two indictments were returned against Judge Allen, who was formerly United States prosecuting attorney for Washington, and two against former Speaker Connor, one, in each case, charging unlawful possession of intoxicating liquor and the other keeping intoxicating liquor with the intent unlawfully to dispose of the same. Their bail was fixed at \$500 each.

The other indictments were against Deputy Sheriffs Stewart Campbell, F. A. Brown, Matt Starwich and Roy Murdock, Superior Court Docket Clerk Oscar Springer and Superior Court Bailiff George Gau, F. A. Martin, Dr. J. H. Lyon and Dr. Frederick G. Nichols.

All matters concerning the peace treaties are now in the hands of the new council of five, comprising Lansing, Pichon, Ralfour, Tittoni and Makino. Tittoni let it be known that Italy wished all territory taken from Austria to be definitely disposed of in the Austrian treaty, which meant that that pact could not be formulated for some time and not without a protracted debate over the Fiume question especially.

The Chinese delegates said they expected to sign the treaty with Austria, in which they found nothing objectionable, and thereby gain admission to the League of Nations despite the withholding of their signatures from the German treaty. China probably will make a separate peace with Germany. In refusing to sign the German treaty the Chinese delegates disobeyed their instructions from Peking, being influenced by the south China revolutionaries.

It was predicted in Washington that with the return of President Wilson there would be a radical change in the government's policy toward Mexico. Senator King of Utah, Democrat, said the administration would practically issue an ultimatum to Carranza, demanding guarantees for the protection of American lives and property in Mexico and hinting at intervention by the United States. The public has just learned the facts concerning the brutal murder of John W. Correll, an American citizen, near Tampico on June 18, and the assault on his wife. There is every reason to believe that Carranza soldiers were the perpetrators of those shocking

### BELIEVE FEDERAL AGENT MURDERED

#### Claimed F. A. Dowsey Slain When About to Charge Prom- inent Men With Graft.

Seattle.—That Fred A. Dowsey, government secret service agent, was murdered on the eve of filing papers that would send prominent men to the penitentiary is the opinion of secret service men now in Seattle, who are working on the case, which is one of the most mysterious in the history of the secret service.

Valuable papers which were said to be in Dowsey's possession when he was killed in the washroom of the Securities building on the morning of May 2, were missing from the body when it was found by G. H. Douglas, clerk in the disbursing office of the Emergency Fleet corporation.

With the announcement by Coroner Tiffin that an inquest into the death of F. A. Dowsey, federal agent investigating shipping-board affairs on the coast, would be held, leaders in the shipbuilding industry in Seattle believe that the investigation of the crime will fall into insignificance in comparison with the scandal that will arise in connection with wood shipbuilding during the period of the war.

Many were free in their assertions that it has been known for a long time that all was not right with the government department handling shipbuilding and they have told federal agents in the last few days that they are ready and willing to take the stand to testify as to what they know regarding the alleged crookedness of certain officials, connected with the shipping board.

Federal agents stated that affidavits are on file at Washington, D. C., giving the names of the men who endeavored to involve certain Portland shipbuilders into participation in their fraudulent practices. The probe now in progress has narrowed to a point where arrests may be expected any time.

The law intended to prohibit the movement of cattle across the state line into Oregon before they have been inspected is inoperative in that it applies only to shipment of cattle by common carrier and not to driving them. This was the opinion of Attorney-General Brown in response to a complaint filed by S. O. Correll of Baker, secretary of the Oregon Cattle and Horse Raisers' association, who charged that many district attorneys throughout Oregon were neglecting to enforce the law.

The industrial welfare commission has accepted the recommendations of the special wage conference regarding hours and wages of women workers in Oregon. The new regulations will go into effect early in October. They provide briefly for a 48 hour week, with a minimum wage of \$13.20, with proportionate increases for apprentices, forbidding the employment of sheet music demonstrators or elevator operators in lodging houses, with certain exceptions, after 6 p. m., a minimum wage of \$60 a month of experienced adult office workers.

#### APPROPRIATIONS VETOED

President Wilson Holds Up Agricultural and Sundry Civil Bills

Washington.—The daylight savings law was rescued from repeal by President Wilson's veto of the agricultural appropriation bill.

The president also vetoed the sundry civil appropriation bill because, he said, by restricting funds, it crippled the work of rehabilitating and restoring disabled soldiers and sailors to civil life.

The latter veto apparently was accepted by congress without contest and the sundry civil bill went back to committee to be reformed.

Washington.—The daylight-saving plan under which the clocks of the country are turned forward an hour in March and moved back in October, will be continued indefinitely. This was assured when President Wilson's veto of the \$33,000,000 agricultural appropriation bill because of its rider repealing the daylight-saving act, was sustained by a vote of 247 to 135.

London.—General J. J. Pershing, commander of the American forces in France, arrived here with his staff Tuesday to take part in the peace celebration.
