By winning yesterday from Chicago, the Cincinnati Nationals became baseball champions of the world.

GREAT IMITATOR AT CHAUTAUQUA

Tom Corwine Comes With Remarkable Sound Imitations.

Tom Corwine refutes the old saying, "Nothing new under the sun." He is a humorist and polyphonist or imitator of sounds—unquestionably the

greatest on the American platform. He can crow like a whole flock of roosters, stage a dog fight and imitate so many things that he will keep you in constant wonderment and in a continuous roar of laughter. The sawing of wood, popping of corks, imitating locomotive whistles—all these are child's play to him.

Skirts are to be shorter or tighter, and since they cannot be tighter they must be shorter.

As yet, man's control of the air is not much better developed than man's control of his wife.

BE FAIR

One of our good customers brought to us an invoice from one of the well known mail order grocery houses, asking us to make comparison. We find we can fill the order from our well-selected stock of standard goods---such brands as are familiar to users and not "any brand" or name. The figures below should be sufficient to convince any fair-minded man or woman; and this is no exception but will apply to all our prices. Our constantly increasing business is evidence that we are right, but we conclude that we have been misrepresented by agents of the mail order houses who take the liberty to quote our prices incorrectly; and we ask that before sending your money out of the country you first let us figure with you. We have no quarrel with the mail order houses. If they save you money you have a right to trade where your money goes farthest. But do not be deceived. The figures below show how this man lost. He was misinformed:
