

How We Sell The New Edison

"The Phonograph With a Soul"

As dealers in the New Edison, we have obligated ourselves to a service. Thomas A. Edison perfected the New Edison at a cost of three millions of dollars. He entrusted us with the duty of bringing its Re-Creative art into as many homes as possible. Use this store as an aid to the enjoyment of music—even to the matter of payments. We are not an installment house, but as a part of our service, we arrange payments for the New Edison to suit your convenience. Let us help you to enjoy music.
