### ELECTION, MAY 21

# STATE ROADS

## Vote 302 X Yes

### For 4% State Road Bond Limit

#### BALLOT TITLE IS AS FOLLOWS:

302 X Yes  
303 No

CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislature. **LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.**—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debts and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

**NO PROPERTY TAX—NO DIRECT TAX  
NO INCREASE IN AUTO LICENSE FEES  
NO INCREASE OF GASOLINE TAX**

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

#### FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many years, or must be finished by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

#### Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will reduce principal and interest and yield surplus besides.

For Interest Tables, Pamphlets or further information, write to OREGON ROADS AND DEVELOPMENT ASSOCIATION, W. L. THOMPSON, President, 245 1/2 S. Portland. C. C. CHAPMAN, Chairman Executive Committee, R. 1, Astoria. Campaign Headquarters, 311 Worcester Building, Portland, Oregon. **VOTE 302 X YES—For 4% State Road Bond Limit**

While Will M. Peterson commands attention and respect wherever he is known, the bulk of his support for the honor of serving as delegate to the San Francisco convention will have to come from his democratic friends in Umatilla county. He is opposed for the privilege of representing this district at the great national convention of his party, and will need every vote he can get from the democratic men and women who know him best and therefore like him most for the qualities that have endeared him to all who enjoy his acquaintance. "Bill" Peterson is not only an able and successful man, but a kindly man, who makes friends and appreciates them. Moreover, he has earned by his loyal service to his party the recognition he now seeks at the hands of its members.

That Liberty bonds are among the best of good buys is indicated by the views of Roger W. Babson, a New York statistician of national fame, who says: "The general impression is that there is only one solution of our financial problems, and that is a financial crash which will cause prices to tumble. People are not buying what they should buy; are not making what they should make; are not purchasing things that will increase the permanent wealth of the nation. I am bullish on bonds. Bonds are the only thing I am bullish on. If a good many men would liquidate their businesses; put the money in real, good bonds and then spend two, three or five years playing golf, they would have more money at the end of five years."

Those who opposed the war; those who are opposing the League of Nations; the restless, the dissatisfied, the radical, all help to swell the Hiram Johnson vote in the Republican primaries. The showing is a formidable one, and might be disquieting but for the fact that his opponents are dividing between them a vote several times as great. The forces of unrest in this devoted land are due to be finally and effectually discredited in the republican party and in the democratic party. We are not going to have a government of, by and for the Hearst newspapers.

The Oregon Voter is a remarkable publication whose every number is filled with informative articles and statistics prepared and compiled with painstaking care and free from inaccuracy, rancor or prejudice. The current issue contains an exhaustive article on the college millage tax measure. It is significant that the Voter indorses this measure. It says that "Oregon has gotten her money back many times over for the limited funds she has invested in higher education."

One Walter Anderson Watson had a score of wives, and only killed four of them. We can fancy some confirmed misogynist saying that Mr. Watson exercised remarkable self-restraint.

Although Johnson is running strong, we regard it as incredible that the G. O. P. will consent to nominate a man who is condemned by the support of the Hearst newspapers.

A Philadelphia bishop declares that the whole American people are trending toward evil. We assume that it will be a case of letting the devil take the foremost.

Whatever else may happen, it is pretty safe to prophecy that "From Jail to the White House" will not be one of the high lights in the career of Eugene V. Debs.

Two million people are reduced to the verge of starvation in Vienna—another guilt-load to forever overwhelm the fallen houses of Hapsburg and Hohenzollern.

We read without a qualm or quiver that the railroads will have to have a billion dollars more revenue. A mere billion now-a-days looks like "chicken feed."

If it keeps up the rest of us, with pockets emptied, will just have to stand around and watch the profiteers plunder one another.

Even Mexicans do not miss at firing squad range, and there are indications that Carranza doesn't want to qualify as a target.

The far-sighted taxpayer will vote to enable the state to complete its highway program, and let the motor-
