S. D. PETERSON

Candidate for Republican Nomination for District Attorney at the Primary Election May 21.

To the People of Umatilla County:

I appeal to you for your endorsement and support at the coming primary election.

The office of district attorney is second to none in importance, especially so at the present time when more or less unrestfulness prevails. The public has a right to know what to expect from the incumbent of that office. If I am elected, I shall exercise a proper regard for the natural and constitutional rights of every citizen, and at the same time take aggressive action for the repression

of anything which threatens the safety of our institutions.

The proper handling of the county's civil legal business is of great importance to the people. In this work the county is entitled to and should have the services of a lawyer of ability and experience. I have practiced law successfully in Umatilla county for the past fifteen years, and if I am elected I shall give every matter wherein the county court or any of the other county officials need legal services, my most careful and undivided attention.

If I am elected I shall justly, fairly and impartially enforce all the criminal laws, and will at all times vigorously and fearlessly conduct the business of the office in an economical manner as can be done, consistent with an efficient and thorough administration of the office. I shall at all times exercise due regard for the interests of the taxpayers. I shall consider the duties of the office an imperative demand upon my time and best energies, ever conscious of the fact that I am the people's servant and that the people demand the best and most efficient service which I am capable of performing. I promise a just, fair, vigorous, fearless and impartial administration of the office.

S. D. PETERSON.
